

Outcomes of the workshop on digital tools for small-scale fisheries, Brussels, 4-5 December 2018

[1]

07/12/2018

Representatives of the European Commission (DG MARE), EU Member States, European Parliament, Council of the European Union, Advisory Councils and other EU stakeholders participated in the Workshop of Digital Tools for Small-Scale Fisheries (Brussels, 4-5 December), organised in the context of the Expert Group on Fisheries Control.

Attendees shared knowledge, solutions, current trends and best practices on digital monitoring and catch reporting tools for small-scale vessels. These discussions will feed into the revision of the European Commission's proposal for a new Control Regulation system.

The conclusions and presentations of this workshop are available below.
