LIST OF OBSOLETE PROCEDURAL GUIDANCE DOCUMENTS

This document has been conceived as a guidance document of the Commission Services. It does not represent the official position of the Commission. It does not intend to produce legally binding effects. Only the European Court of Justice has jurisdiction to give preliminary rulings concerning the validity and interpretation of acts of the institutions of the EU pursuant to Article 267 of the Treaty.

Background

A number of Guidance Documents that currently still appear on the SANTE-website are considered obsolete or without purpose in the sense that either they still refer to procedures related to Directive 91/414/EEC or in the meantime new revised guidance documents have been noted on these specific issues.

Therefore it is agreed that it should no longer be referred to these and it is appropriate to remove these documents from the SANTE-website. For reference purposes these Guidance Documents will be filed in a special folder on CIRCABC.
