Section 1. General questions 5
Section 2. Hygiene 5
Panel 2.3. Nutrition 5
  2.3.1. Good food 5
  2.3.2. Food raw materials, foods and food additives 8
  2.3.3. The packaging, utensils, packaging, equipment and other products in contact with food 9
  2.3.4. Companies Food Processing Industry (hygiene issues in the technological processes, raw materials) 9
  2.3.5. Companies trading 12
  2.3.6. Companies catering 13
  2.3.7. The state of health in relation to the nutritional status 13
  2.5.1. Hygiene and Epidemiology in the transport sector. Nutrition in transport 14
Section 4. Methods of 15
Panel 4.1. Chemical factors 15
Panel 4.2. The biological and microbiological factors 17
Panel 1.2. Health, toxicology, sanitation 18
Federal Service for Supervision of Consumer Rights Protection and Human Welfare has sent you for the information and use in the «list of the main regulatory and guidance documents on food hygiene» as at 01 April 2007 (attached).

In accordance with the laws of the Russian Federation on the territory of the Russian Federation sanitary rules, norms and hygienic standards, as approved by the Federal Service for Supervision of Consumer Rights Protection and Human Welfare, the former Goskomsanepidnadzorom Russia, the Ministry of Health of Russia and the USSR Ministry of Health, in part, does not contradict health legislation the Russian Federation.

These documents remain valid until further notice, or the adoption of new regulations to replace the existing ones.

The head of GG Onishchenko
Section 1. Common questions

1. Organization and conduct productive for monitoring compliance with health regulations and the implementation of sanitary and antiepidemic (preventive) measures SP 1.1.1058-01 Ministry of Health, Russia

2. Sanitary Regulations «The organization and conduct of monitoring compliance with occupational health regulations and the implementation of sanitary and antiepidemic (preventive) measures» (changes and additions to the number 1 SP 1.1.1058-01). SP 1.1.2193-07 Rospotrebnadzor

4. Hygienic «The list of substances, products of industrial processes, municipal and environmental factors, carcinogenic to humans» SSA Russia MT 1.1.725-98

5. Hygienic «The list of substances, products of industrial processes, municipal and environmental factors, carcinogenic to humans» (Additions and changes to the number 1 GN 1.1.725-98) Ministry of Health, Russia MT 1.2.1841-04

6. Sanitary rules and regulations «Hygienic requirements for natural, artificial and combined coverage of public and residential buildings» SanPiN 2.2.1/2.1.1.1278-03 Ministry of Health, Russia

7. Sanitary rules and regulations «hygienic requirements for insolation and solntsezaschite premises of residential and public buildings and areas» SanPiN 2.2.1/2.1.1.1076-01 Ministry of Health, Russia

8. Sanitary rules and norms of «noise in the workplace, in the premises of residential and public buildings and residential buildings in the territory» SanPiN 2.2.4/2.1.8.562-96 Goskomsanepidnadzor Russia

Section 2. Hygiene

Panel 2.3. Health food

2.3.1. Good food

9. Standards of physiological needs nutrients and energy for the various population groups MH USSR № 5786-91 from 28.05.91

10. Sanitation rules «Recommended (regulated) levels of vitamins in fortified foods» MH USSR 42-123-4717-88 from 01.11.88

11. Order «On further improvement in the Soviet Union conducted a mandatory C-vitaminizatsii nutritional treatment and preventive care and other institutions» MZ USSR number 695 from 24.08.72

12. Installation of the sanitary epidemiologiches ¬ such stations to monitor the P-vitaminizatsiey finished foods, vitamin-quality diets, vitamin content of vitamin products of mass consumption and the issuance of vitamin products in industrial enterprises MH USSR № 997-72 from 22.11.72

13. Recommended composition, criteria and indicators as a substitute for milk MH USSR 05.08.88

14. Guidelines for the promotion of the principles of nutrition MH USSR № 4081-86 from 20.03.86

15. Guidelines for the hygienic control of nutrition in the USSR Ministry of Health organized groups № 4237-86 from 29.11.86

16. Recommended rational dimensions of food consumption of patients with diabetes, at risk of MH USSR № 4432-87 from 23.10.87
17 Guidelines for the management of food industry workers anilinokrasnochnoy MH USSR
№ 4720-88
from 04.11.88
18 Guidelines for the feeding of students schools river fleet MH USSR
№ 2636-82
from 13.12.82
