Waste legislation – state of play

• Proposal to revise Waste Framework Directive (COM(2015)595 final) requires MS to:

  • **reduce food waste generation at each stage in the food supply chain** (primary production, processing/manufacturing, retail/other food distribution, restaurants and food services, households)

  • **Monitor** food waste levels, based on **common EU methodology**, and **report** (on a biennial basis).
Key provisions related to food waste proposed by European Parliament

• Definition of “food waste” – (AM 98)
• Food waste hierarchy – (AM 107)
• Aspirational EU food waste target – (AM 145)
• Binding EU food waste target to be set by end 2020 for 2025/2030 – (AM 236)

Text of all amendments is available online at the website of European Parliament.
Waste legislation – negotiations

- Proposal is subject to ordinary legislative procedure (former "co-decision") – i.e. has to be accepted both by Council and Parliament

- Negotiations in the form of "trilogue", involving Council, Parliament and Commission are currently ongoing

- Final outcome may have a significant impact on future food waste policy in EU
