TIME'S UP FOR FOOD WASTE!

SETTING THE EU ACTION AGENDA TOWARDS 2030
CONERENCE BRUSSELS | 12-12-2019
TAKING THE INITIATIVE
MOVING FORWARD

The food and drink sector has committed to halving food waste by 2030. FoodDrinkEurope is taking actions to assist its members with achieving this objective.
10 RECOMMENDATIONS FOR ACTION

1. Encourage integration of food waste prevention throughout the business/supply chain
2. Better planning/forecasting for raw material buying
3. Monitor, measure and report on food loss and waste quantities in order to identify and take action on hotspots
4. Take full account of critical role of packaging in ensuring food quality, safety and preventing food waste
5. Offer consumers right portion sizes
6. Improve date marking practices and consumer understanding of date marking and other relevant food information jointly with other stakeholders
7. Where food surpluses cannot be avoided, prioritise food redistribution to humans before facilitating safe food to feed transition
8. Increase sales of co-products and create more innovative products that utilise such co-products
9. Increasing the diversity of market opportunities through processing
10. Provide on label and on-line information to consumers about better food management.
CLOSE-UP ON THREE RECOMMENDATIONS

3. Monitor, measure and report on food loss and waste quantities in order to identify and take action on hotspots

7. Where food surpluses cannot be avoided, prioritise food redistribution to humans before facilitating safe food to feed transition

8. Increase sales of co-products and create more innovative products that utilise such co-products
NO 3: MONITOR MEASURE & REPORT
