1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy.

The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to the processing operation “FPI contribution agreements with entities implementing EU funds under indirect management in the area of Common Foreign and Security Policy (CFSP) / Common Security and Defence Policy (CSDP)”, undertaken by the Service for Foreign Policy Instruments (FPI), Unit FPI.3, is presented below.

Please note that a separate privacy statement concerns FPI contribution agreements with entities implementing EU funds under indirect management, excluding CFSP.

2. **Why and how do we process your personal data?**

**Purpose of the processing operation:**

Data processing operations concern the following purposes in the area of CFSP operations:

- the management, coordination and organisation of ex-ante assessment procedures in the context of the pillar assessment exercise and in the context of ex-ante verifications. Ex-ante verifications concern only non-pillar assessed entities. Once an entity is pillar-assessed, FPI no longer makes ex ante verifications;

- the management, coordination and organisation of the procedure leading to the preparations and conclusions of the corresponding contribution agreements, their possible amendment/s and their closure;

- the management, coordination and organisation of the implementation of the contribution agreements;

- generally, the implementation of EU funded external actions stipulated in these contribution agreements by the partner entities (Cf. CSDP Missions, EU Special Representatives, Article 28 TEU Actions implementing entities, Warehouse operator and implementing entities of Non-Proliferation and Disarmament projects).
Your personal data will not be used for an automated decision-making including profiling.

3. **On what legal ground(s) do we process your personal data**

We process your personal data, because processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the Union institution [Article 5(1)(a) of Regulation (EU) 2018/1725].

Within the European Commission, the mission of the Service for Foreign Policy Instruments (FPI) is to support the attainment of the objectives of the EU foreign and security policy as defined in Article 21 of the Treaty on European Union, in particular as regards peace and conflict prevention.

For that purpose FPI is responsible, under the authority of the High Representative of the Union for Foreign Affairs and Security Policy in his/her capacity as Vice-President of the Commission, for the operational and financial management of the EU budget for Common Foreign and Security Policy (CFSP).

According to Article 62(1)(c)(viii) of the Financial Regulation\(^1\), budget implementation tasks in the indirect management mode may be entrusted to bodies or persons entrusted with the implementation of specific actions in the CFSP pursuant to Title V of the TEU. These bodies or persons are identified in the relevant basic acts under CFSP (Cf. all the relevant Council Decisions).

Based on this, the Commission adopts a financing decision (a Commission Decision implementing the Council Decision), which is then operationalised through the conclusion of an agreement (namely, a contribution agreement) with a partner entity that is thereby entrusted with the management of funds.

The contribution agreement details the action (i.e. its objectives, expected outputs and indicative activities), the tasks to be implemented by the entity, as well as the respective rights and obligations of the Commission, as contracting authority. The contribution agreement also stipulates the tasks and responsibilities of the partner entity, as the Commission partner entrusted with the implementation of funds, pursuant to Articles 154 to 158 of the Financial Regulation.

6. **How do we protect and safeguard your personal data?**

All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored on the servers of the European Commission. All processing operations are carried out pursuant to the [Commission Decision (EU, Euratom) 2017/46](https://eurLex.europa.eu/legal-content/EN/TXT/?uri=CELEX%3A52017DC0046) of 10 January 2017 on the security of communication and information systems in the European Commission.

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures in place.

Technical measures include appropriate actions to address online security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. All the relevant files are stored in a locked archive room, specifically used only for CFSP activities.

Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

7. **Who has access to your personal data and to whom is it disclosed?**

Access to your personal data is provided to the Commission staff responsible for carrying out this processing operation and to authorised staff according strictly to the “need-to-know” principle. Such staff members abide by statutory, and when required, additional confidentiality agreements.

*Recipients within the EU organisation:*

- Staff of operational and financial units of FPI in the HQs participating in management of ex-ante verifications, in negotiation, conclusion and implementation of agreements with partner entities and in monitoring of implementation of specific actions by the partner entity – contracting authority under indirect management.

- Staff of OLAF, IDOC, IAS (Internal Audit Services), European Court of Auditors and the Legal Service of the Commission as well as staff of other DGs (SG, DG BUDG) upon request necessary in the context of official investigations or for audit purposes.

*Recipients outside the EU organisation:*

*Transfer of personal data to third countries:*

Transfers of personal data outside of the EU or the EEA are likely to occur in the context of conclusion and implementation of agreements between the EU and the partner entities, for the Commission to carry out its tasks and to comply with its obligations under the applicable legislation and the agreements with the partner entities.

In particular, the Commission might transfer personal data to partner entities, namely CSDP Missions, EU Special Representatives, entities entrusted with the implementation of Non Proliferation and Disarmament projects, entities entrusted with the implementation of Article 28 Treaty of European Union Actions and International Organisations with which the Commission has signed a contribution agreement pursuant to Article 155(6) of the Financial Regulation. Such transfers are very limited and strictly necessary to enable communication between the parties to the agreements and to allow the Commission to comply with its obligations under the applicable legislative framework and to the agreements with partner entities. Transfers of personal data to
the partner entities take place on the basis of derogations set out in Article 50(1) (d) of
Regulation (EU) 2018/1725 as they are necessary for reasons of important public interest.

On the other hand, in indirect management, the partner entity contracting authority makes
available personal data it collected to the Commission to allow the Commission to exercise its
supervisory powers.

At the level of agreements with partner entities, the Commission does not make available
personal data, other than:

A. Personal data of members of the staff of FPI and/or any service provider of FPI involved in
procedures of ex-ante assessments, negotiation/conclusion/implementation of agreements with
partner entities. The types of personal data may include in particular: Name; Function; Title;
Business contact details (e-mail address, business telephone number, mobile telephone number,
fax number, postal address, department and office number, country of residence); Signature;

B. Personal data of persons and/or entities found to be in an exclusion situation, made available
by the Commission to the partner entity, may include in particular: Name; Function; Title;
Business contact details (e-mail address, business telephone number, mobile telephone number,
fax number, postal address, department and office number, country of residence); Final
judgments/decisions declaring the person to be in one of the exclusion situations set out in Article
136 of the Financial Regulation. These transfers are processed through the Commission’s EDES
system – see notification DPO-3853 DG BUDG Entry of a Data Subject in the Early Detection
and Exclusion System (EDES-DB).

The recipients of personal data in the partner entity and the instances in which personal data
might be transferred include in particular representatives and/or staff of the partner entity acting
as the interlocutors of the Commission staff. Personal data of Commission staff made available to
the representatives/staff of the partner entity are very limited and strictly necessary for enabling
communication. Information on persons and/or entities found to be in exclusion situations are
made available to comply with the Commission’s obligation under Article 142(5) of the Financial
Regulation.

Partner entities are bound by contractual clauses on the protection of personal data and by an
obligation of confidentiality contained in the respective agreements signed between them and the
EU.

Please note that pursuant to Article 3(13) of the Regulation, public authorities (e.g. Court of
Auditors, EU Court of Justice) which may receive personal data in the framework of a particular
inquiry in accordance with Union or Member State law shall not be regarded as recipients. The
processing of those data by those public authorities shall be in compliance with the applicable
data protection rules according to the purposes of the processing.

The information we collect will not be given to any third party, except to the extent and for the
purpose we may be required to do so by law.

8. What are your rights and how can you exercise them?

You have specific rights as a ‘data subject’ under Chapter III (Articles 14-25) of Regulation (EU)
2018/1725, in particular the right to access your personal data and to rectify them in case your
personal data are inaccurate or incomplete. Where applicable, you have the right to erase your
personal data, to restrict the processing of your personal data, to object to the processing, and the
right to data portability.

You have the right to object to the processing of your personal data, which is lawfully carried out
pursuant to Article 5(1)(a) on grounds relating to your particular situation.
You can exercise your rights by contacting the Data Controller, or in case of conflict the Data Protection Officer. If necessary, you can also address the European Data Protection Supervisor. Their contact information is given under Heading 9 below.

Where you wish to exercise your rights in the context of one or several specific processing operations, please provide their description (i.e. their Record reference(s) as specified under Heading 10 below) in your request.

In certain circumstances, data subjects’ rights may be restricted pursuant to Commission Decision (EU) 2018/1962 of 11 December 2018 laying down internal rules concerning the processing of personal data by the European Anti-Fraud Office (OLAF) in relation to the provision of information to data subjects and the restriction of certain of their rights in accordance with Article 25 of Regulation (EU) 2018/1725. Where Commission services process personal data in instances referred to in Article 1(3) of the Commission Decision (EU) 2018/1962, they may, where necessary, apply restrictions in accordance with this decision. To that end, they shall consult OLAF, unless it is clear to the Commission service or executive agency concerned that the application of a restriction is justified under this decision.
