## Priority Topics

# 4

-  Governance and planning
-  Active mobility and the use of public space
-  Public transport and accessibility
-  New mobility offers and innovation

## Vision

# 1

Urban mobility of the future must be geared to people's needs and lifestyles: individual and flexible, innovative and multimodal, climate-conscious and affordable, as urban mobility creates quality of life.

## Actions

# 9

1. Strengthening multi-level governance
2. Advancing Sustainable Urban Mobility Planning (SUMP)
3. Evaluating best-practice examples in public transport accessibility
4. Scaling up of innovative and clean buses
5. Developing guidelines for active mobility infrastructure (cycling, walking)
6. Promoting sustainable and active mobility behaviour
7. Reducing the variety of access regulations for vehicles to cities
8. Exploring the introduction of new mobility services
9. Creating a European support framework for innovation in the field of urban mobility
