

Circular City Indicators

- Feedback and interest from stakeholders
- Report from the workshop in Brussels
- Possibilities for external financing of the action
- Link to other actions

Feedback from stakeholders

- Overall positive feedback
 - Need of indicators
 - Reference to other initiatives, but still a need from the partnership to go on (partnership criteria on value added)
 - Interest in contribution
- Recommendation of creating a framework of the work:
 - Define circular economy and a circular city(for indicators)
 - Define the issue, purpose of the indicators and the main deliverables
 - Based on this, define the priorities of our action
- Establish a state of the art situation
 - What exist
 - What is possible to develop
 - What is a long term goal to develop
- Establish a vision for action
 - Do 90 % of the work – leave the rest (perfection will kill us)

Workshop in Brussels 12.09

- 25 participants
- Cities, member states, experts, associations, DG Env, DG Regio
- Positive feedback, but there is a need to discuss the framework and vision for the action before jumping into the indicators
- The discussions on different indicators brought a lot of ideas and possibilities
- All participants would like to contribute

Organisation and finance

- Project (smart city indicator led by EUROCITIES was a two year project with a 1 million Euro budget
- Identify how we should set up this project
- Identify possible financing
- Secure that the action is led by cities for cities need.

Links to other actions

- Urban resources
- Collaborative economy
- Bio economy/resources
- Pay as you throw
- Resource centers
- CE - portal

Partners contributing

- Oslo
- Den Haag
- Kaunas
- Finland
- Flanders
- ACR+
- EUROCITIES
- CEMR
- DG ENV
- ?

Next step

- Need of expert help – proposals from Ecorys
- Set up a working document for a project based on input
- Identify possible ways to organise and finance the action
- Telephone meeting among partners in mid October
- Working meeting in Brussels on 20th of November
