CONNECTING DIGITAL INNOVATION HUBS AND PROJECTS
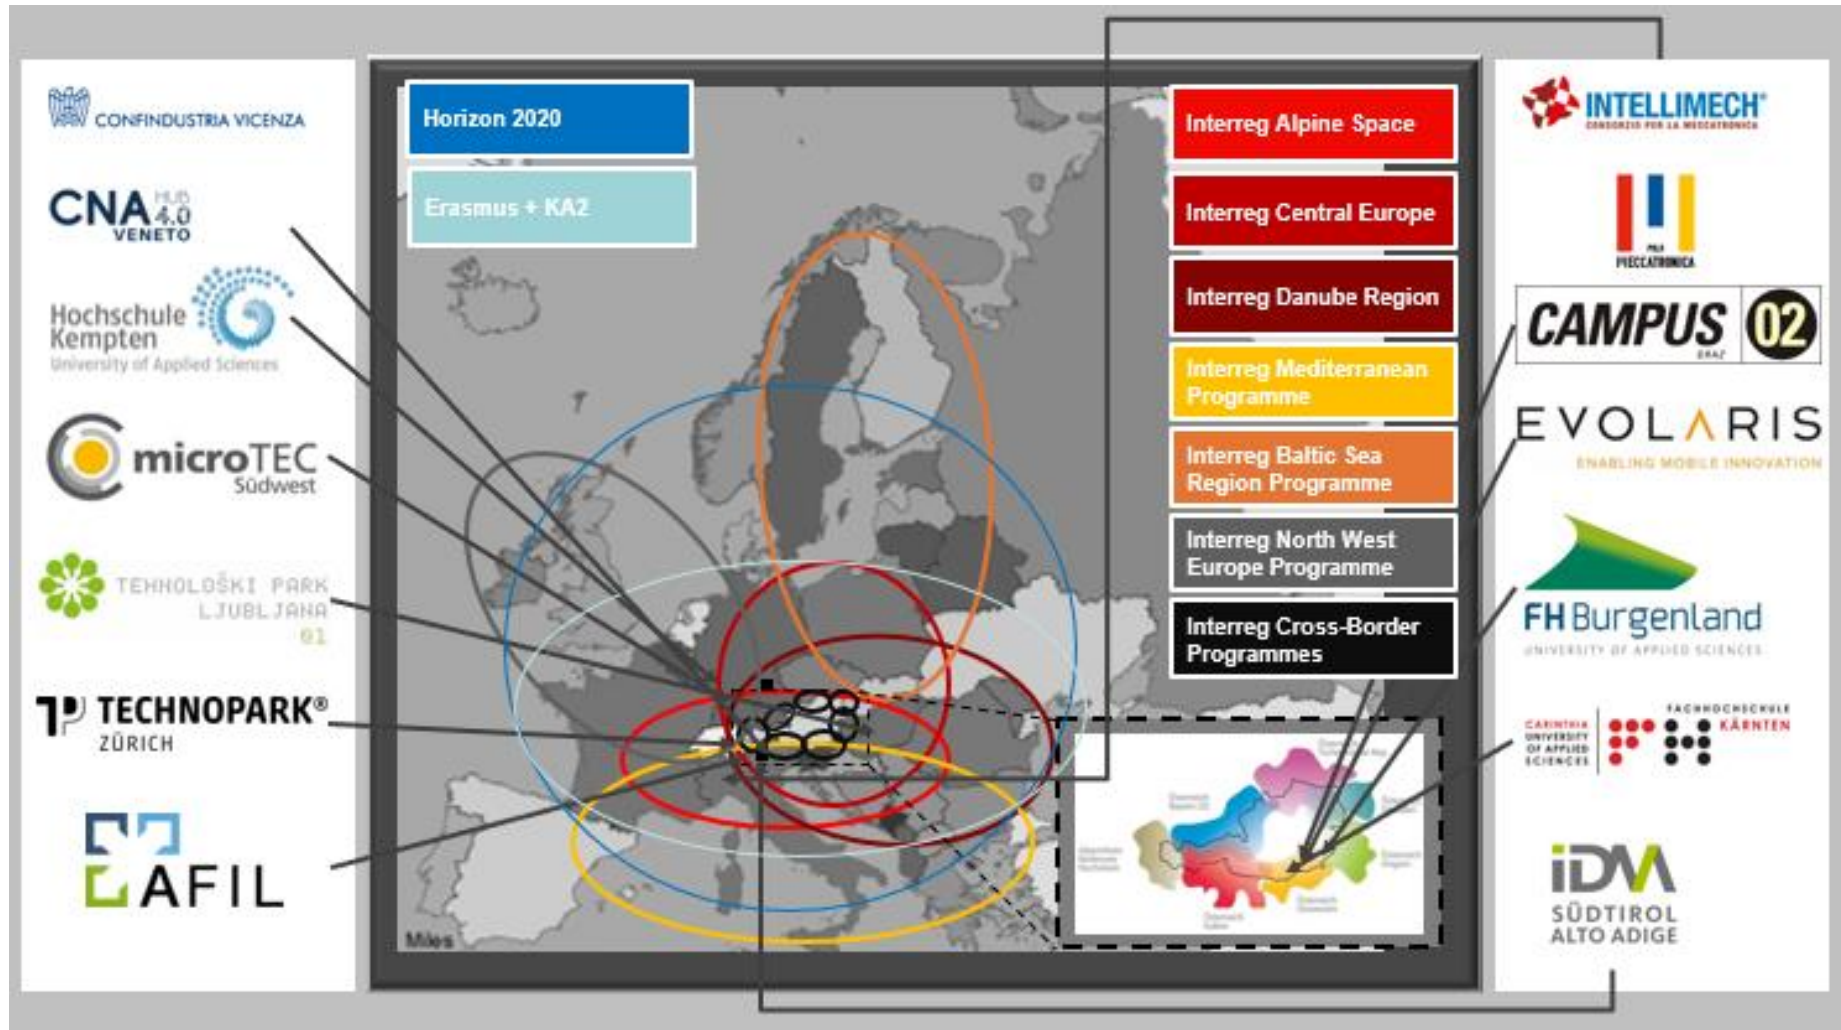

A current cooperation oriented initiative: 2016-2020

NERO su BIANCO

R&D Networking&Consultancy

Rationale

- Facilitate **cooperation** among digital innovation oriented projects, facilities and organizations (incuding DIHs)

- Base cooperation on concrete **enterprise needs**

- Selection of needs (& topics) based on **S3 priorities** (where relevant and possible)

- Leverage on **existing running projects**

- **Initiate** short and mid term actions (12 to max 24 months)

Cooperation area, Programmes & initiators

The connected projects

The connected topics

Rapid Prototyping

Digital Health

Digital Artisans

Digital Innovation
Strategies

Efficient & Sustainable
Manufacturing

Digital
and
Open Innovation

Smart Industry:
Competences
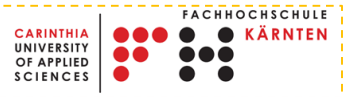

S3 & Innovation
Strategies

Smart Living
Technologies
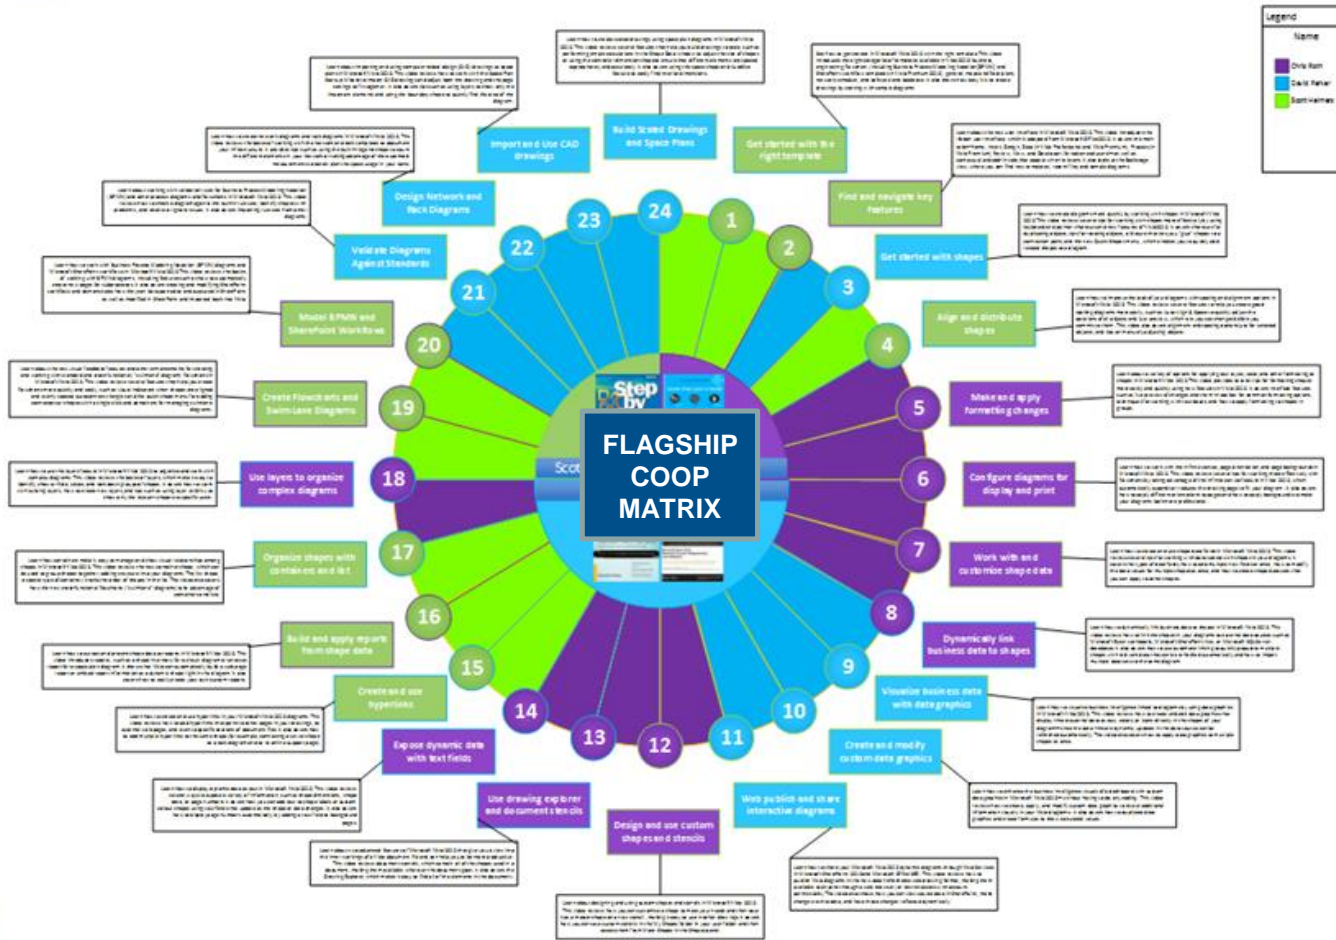

Circular Economy

Smart Industry:
Technology Transfer

The extended network (not exhaustive))

First results: 1 cooperation matrix

First results: 12 cooperation plans

1st wave of trailblazers 2017-2020	2nd wave of fast followers 2018-2021	3rd wave of early adopters 2019-2022
CRITERIA / evidence proven by ↳ joint platform to share knowledge ↳ workshops with further projects and additional hubs ↳ long-term strategy and action plan with developed project concepts connecting islands of innovation for smart engineering & rapid prototyping	**CRITERIA / evidence proven by** ↳ monitoring results of the selected topic and methodological approach including funding & financing solutions ↳ project development workshops with CE relevant stakeholders ↳ submission documents of new projects	**CRITERIA / evidence proven by** ↳ addressing appropriate / significantly experienced PPs by workshops/events ↳ design and develop a future robust project plan including roll-out ↳ future calls clarified with relevant regional/national/CE/EU stakeholders
EXAMPLES ↳ digital innovation hubs ↳ digitalLIFE4CE	**EXAMPLES** ↳ MECHATRONICS:NET ↳ CE BRAIN BASE ↳ VIRTUAL*VALUE:SYS ↳ RTD:LAB:NET	**EXAMPLES** ↳ ARENA2036
