Dear Mr / Ms

I am writing this letter to apply for the course on Professional Image Editing which will start in September 2018 in the ESG Professional Photography School in Hasselt.

As a professional photographer specialised in portrait and product photography, but also passionate about nature photography, I would like to further improve my knowledge and expertise in image editing.

Currently, I'm using Adobe Photoshop on a regular basis and have occasionally worked with Alien Skin software. I experience my lack of knowledge on a wider range of image editing software to limit my growth as a professional photographer. My former professor,

My former professor, Ms Lela Organa, recommended your course to further build my knowledge base in the field of image editing software. Relying on her professional opinion, I strongly believe that this course is exactly what I need to drive my continued professional growth.
