

European  
Commission

# Digitising European Industry: reaping the full benefits of a Digital Single Market

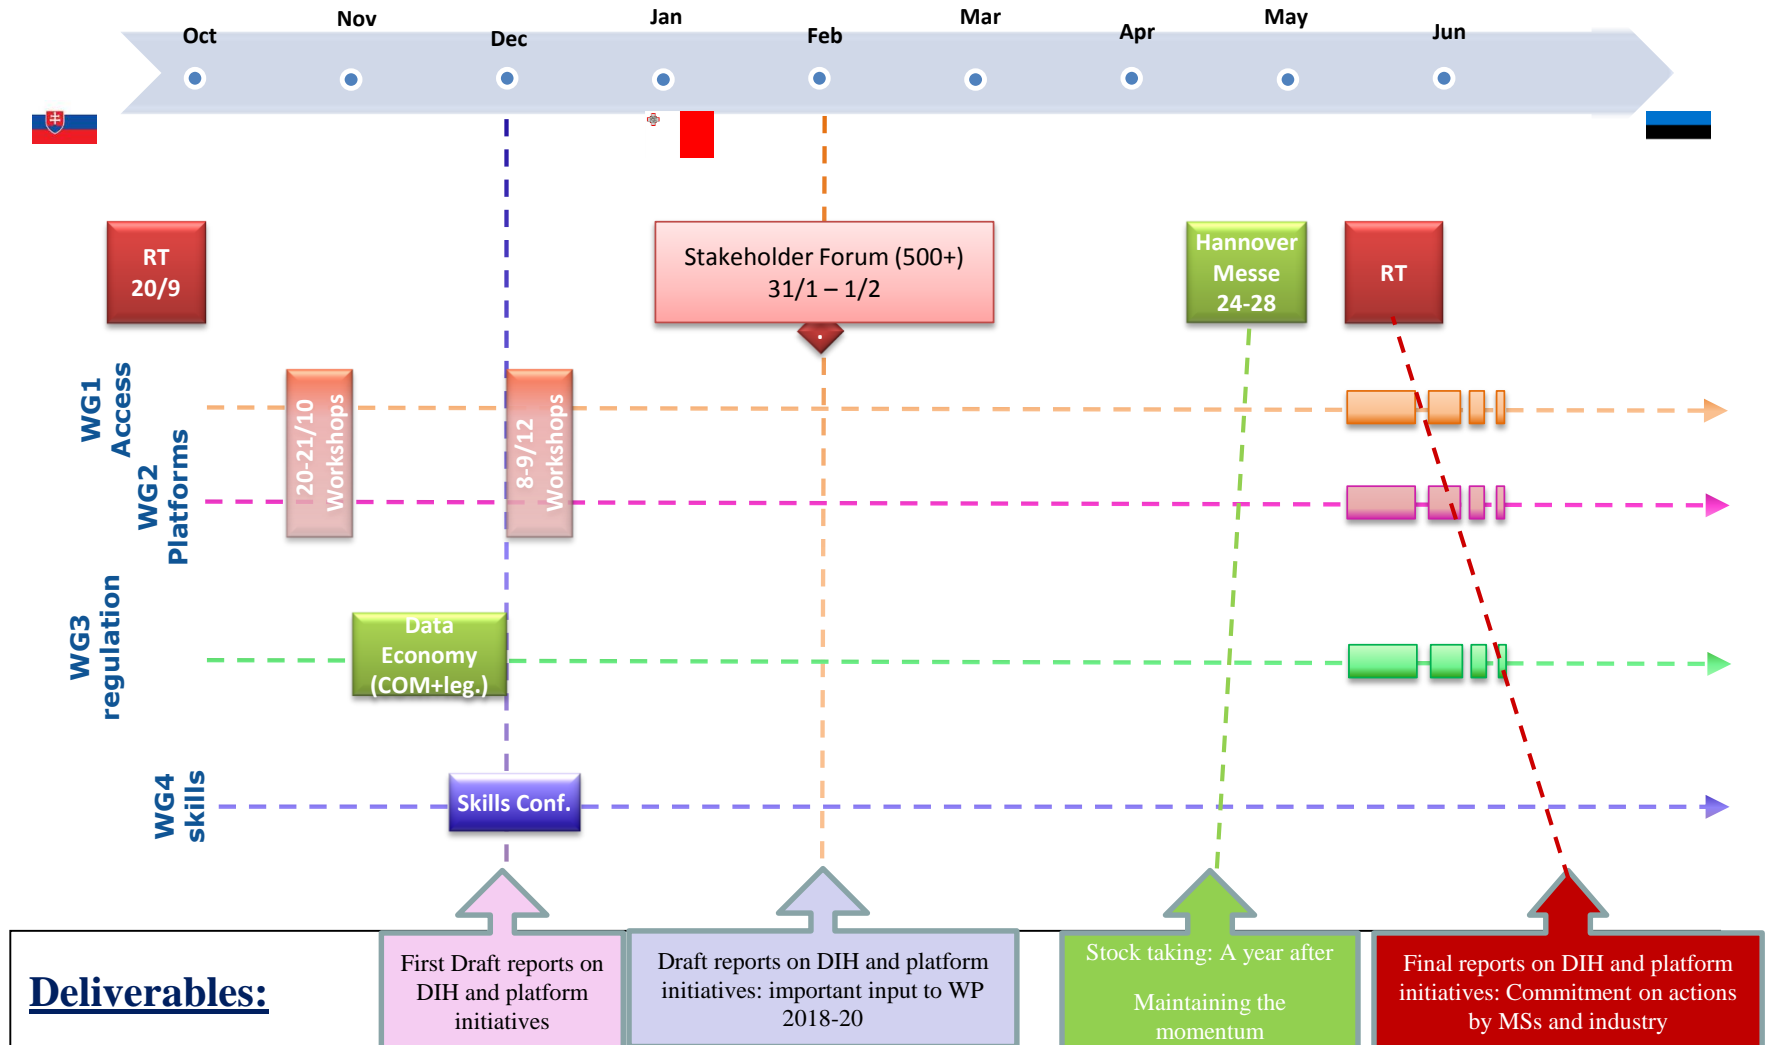

20 October 2016

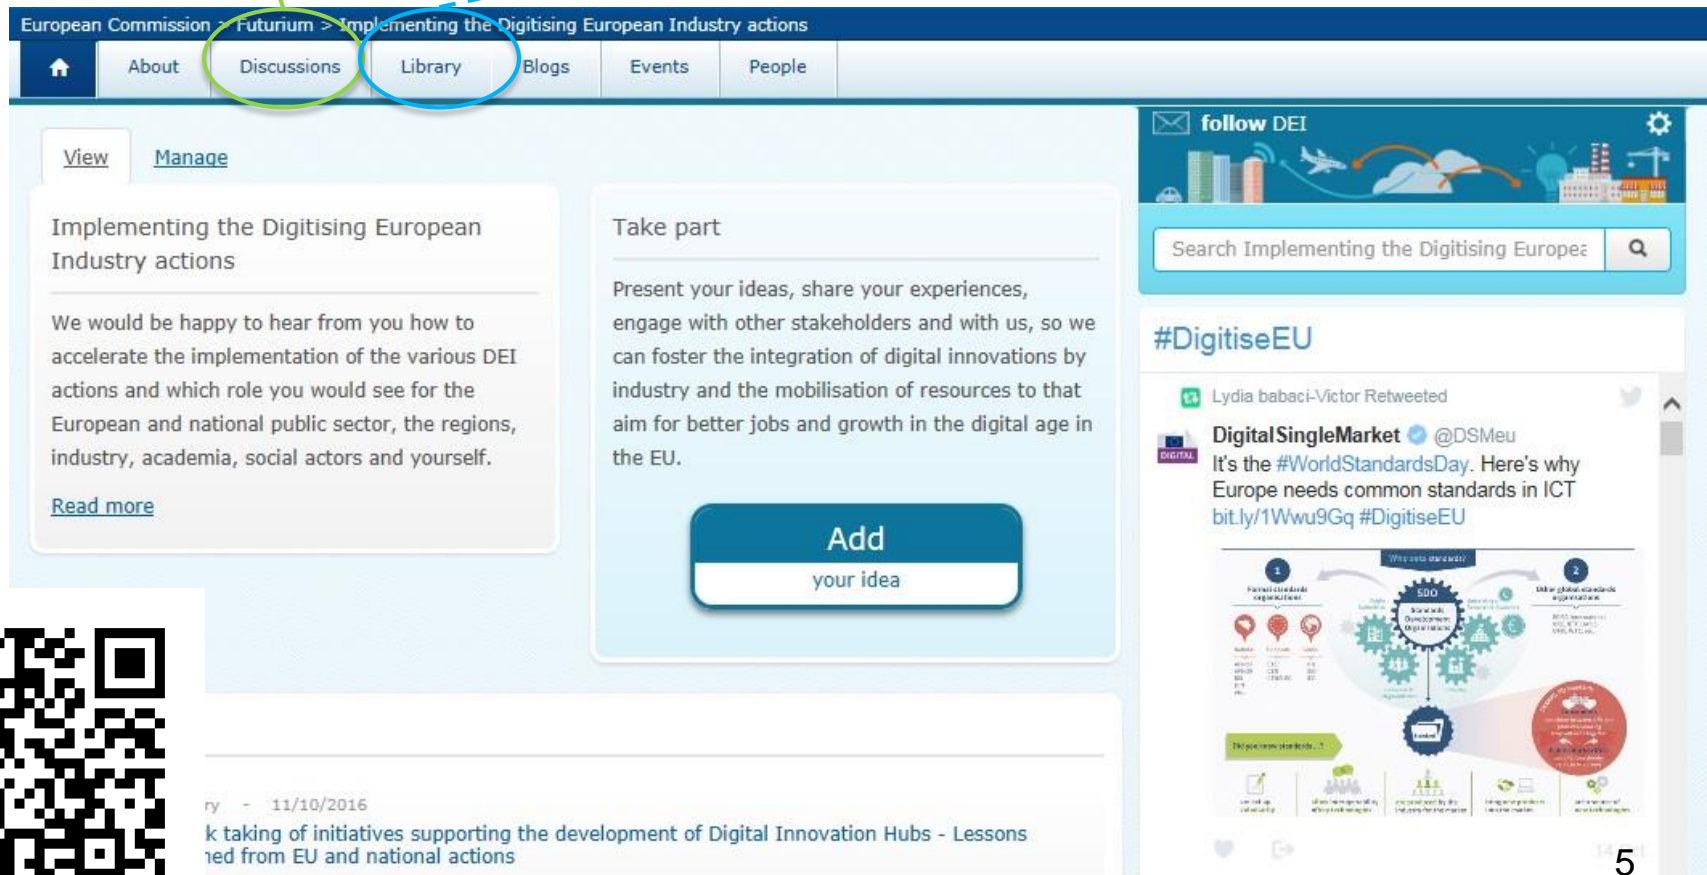

*DG CONNECT/A, European Commission*

- To develop a Report on approaches, best practices and plans for the roll-out of Digital Innovation Hubs.
  - A first draft of this report should be ready before the end of December 2016.
  - Revised draft for stakeholder forum (end of January 2017)
  - Final version for Hannover Fair 2017.

- 1. Leaders provide a short report about the discussions to rapporteur Mike Sharpe [mike@msconsulting.co.uk](mailto:mike@msconsulting.co.uk)
- 2. Mike Sharpe will make overall report, first draft 28 October
- 3. Teleconference per discussion theme, every two weeks, to further develop report
  - Let us know in which topics you are interested
  - First one in the week 7 – 11 November
  - Second one in the week 21 – 25 November
  - One or two leaders to structure the discussion and the document
- 4. Next meeting in Brussels on **9 December**

A Collaborative website has been set up to  
discuss and exchange reference documents

Implementing the Digitising European Industry actions

We would be happy to hear from you how to accelerate the implementation of the various DEI actions and which role you would see for the European and national public sector, the regions, industry, academia, social actors and yourself.

[Read more](#)

Take part

Present your ideas, share your experiences, engage with other stakeholders and with us, so we can foster the integration of digital innovations by industry and the mobilisation of resources to that aim for better jobs and growth in the digital age in the EU.
