

# Smart Agriculture

## Recommendations for next Roundtable

- R1: Co-ordinate strategy and finance at regional, national and EU levels
  - Engage MS via support from Structural Funds: EARDF and RIS3
  - Link innovation projects under Rural Development Programmes (EIP-Agri Operational Groups) with other EU projects/initiatives
  - Link with ERDF: Intereg Europe way to engage farmers
  - Upskilling farmers could be done using Social Funds
- R2: Call for large scale demonstrators/pilots showing the benefits of interoperable platforms for farmers and showcasing the usage of data
  - Proposed topics in WP2018-20
  - Complement existing pilots
  - Key elements: the eco-systems and new business models

# Smart Agriculture

## Recommendations for next Roundtable

- R3: To develop new and use existing mechanisms to reinforce the links with the farming communities
  - Engage cooperatives in organising demonstration days
  - Involve with existing farmer community activities
  - Engage advisory services
- R5: Clarify/improve the role of the PPPs in building platforms in agri-food sector.
  - PPP: Big Data, FOF, 5G, euROBOTICS, Cyber Security and AIOTI.
- R6: Explore avenues on standardisation to allow platforms to reach critical mass
