

Scenario 2

Thank you for testing the new Europass platform.

Complete as many of the tasks below as you can in 50 minutes.

You can take notes on your ideas and feedback for each task and please fill in the [short survey at the end](#) (10 minutes).

Get started!

You have been working for the same company for over 10 years and are considering a career change. Use the Europass tools to reflect on your experiences to help you decide on your next career move.

	<h3>Task 1</h3> <p>Create your Europass profile.</p> <p>Note that <u>you need to create an EU Login or use your existing EU Login to create a Europass profile.</u></p> <p>Describe two of your learning experiences and two of your job experiences.</p> <p>Then add a linked document (e.g. a diploma, a certificate) to your profile and your library.</p>
<p>Don't forget to give us your feedback in the short survey here.</p>	
<h3>Task 2</h3> <p>You would like to get a better picture of the skills you already have.</p> <p>Go to My Skills.</p> <p>Take a look at the list of skills you acquired through your learning and work experiences. Make any updates to the list that you think are necessary.</p>	
<p>Don't forget to give us your feedback in the short survey here.</p>	

Task 3

You think about what areas you are interested in working in, what skills you think could be relevant to develop and which countries you would consider moving to.

Go to **My Interests** and identify 5 alternative professions, 5 skills and 5 locations. Now go to your dashboard ('ME') to view courses and work opportunities suggested for you.

Don't forget to give us your feedback in the [short survey here](#).
