	% of infants vaccinated against tetanus															
	% of infants vaccinated against pertussis															
	% of infants vaccinated against poliomyelitis															
	% of infants vaccinated against measles (hfa)		*		1998	yearly						1998				

Country name
Region name

		This data is available ...	If the data is available at national level, please indicate here the name of the institution where it can be found and report the complete address on the "Repertory of data sources"	Is this data used to analyse the local ("regional") situation ?	Is the quality of this data good enough to allow comparisons between "regions" in your country ?	Is the quality of this data good enough to allow time comparisons in you "region" ?	Commentary concerning the quality of the data (bias related with the definition used and definition evolutions, the collection, the codification...).	Commentary concerning the accessibility to the data.
		... at national level for all the regions of your country		Yes	Yes	Yes		
		...at national level for some of the regions of your country		No	No	No		
		... only at local (regional) level		I don't know	I don't know	I don't know		
					The data is not available in other "regions"			
						No time series are available		
Health care professionals	Number of general practitioners
