

## SCIENTIFIC COMMITTEE ON CONSUMER PRODUCT (SCCP)

**Request for a scientific opinion:**     **Hair dye 2,6-Diaminopyridine (CAS 141-86-6)  
(COLIPA A136) Submission I**

### **1. Background**

Submission I for 2,6-Diaminopyridine was submitted December 2006 by a Japanese company through COLIPA.

### **2. Terms of reference**

1.     *Does SCCP consider 2,6-Diaminopyridine safe for consumers when used as an ingredient in oxidative hair dye products with a maximum concentration of 0.15% on the scalp, taken into account the scientific data provided?*
  
2.     *Does the SCCP recommend any further restrictions with regard to the use of 2,6-Diaminopyridine in oxidative hair dye formulations?*
