Welcome to the Best Practice Portal

The identification, dissemination and transfer of good practices is a priority for DG SANTE in order to support the progress towards non-communicable disease prevention excellence in Europe to reach the Sustainable Development Goal 3.4 and the nine UN/WHO global voluntary targets.

This portal represents a "one-stop shop" for consulting good and best practices collected in actions co-funded under the Health Programmes, a best practice that has been selected by DG SANTE or for submitting a practice for assessment. All practices are in the area of health promotion, disease prevention and management of non-communicable diseases.

DG SANTE will also announce any new calls for best practices on this portal.
(publish call document here when a call is open)

The best practice portal

- *3 main features:*
 - **Consult existing good practices**
 - **Submit practices for evaluation**
Evaluation managed by the JRC
 - **Consult projects and tools regarding best practice transfer (under construction)**

Built in follow-up

- *Member States select topic:*
 - **2018: nutrition & physical activity**
 - **2019: mental health**
- *Practices selected as "best" will be presented to the Steering Group on Promotion and Prevention*
- *Member States to choose which best practice they would like to transfer and scale-up*
- *Example: marketplace workshop (video)*

Wider use of the best practice portal

- *Integrate good practices from other sources and fields*
- *Make it available for specific calls e.g. best practice collection for the Austrian Presidency conference on "multi-sectoral actions for healthy food systems"*
