**#SRE2018**

The **European Commission** and the **Austrian Ministry for Transport, Innovation and Technology** are pleased to announce the 2018 edition of the **Security Research Event (SRE)**, which will take place at the SQUARE in Brussels, **Belgium, on 5 and 6 December 2018.**

Under the theme "**Making Europe a safer place: demonstrating the impact of EU-funded security research**", SRE 2018 will demonstrate the strength and inspiring results of security-related research and innovation activities and how these positively contribute to the work being conducted on a daily basis by thousands of security practitioners.

The Security Research Event (SRE) will consist of two interrelated parts:

- **A Conference** in which the main challenges related to the theme of the event will be addressed;
- **An Exhibition** that will concretely support the conference's theme, featuring around 50 projects showcasing their results.

SRE 2018 will gather 800 participants representing a wide range of security stakeholders: researchers, industry representatives, public security providers and practitioners (i.e. fire departments, police, border guards, Law Enforcement Agencies, etc.), as well as a wide number of policymakers from across Europe.

While the first day of the Conference will be characterised by two high level panels, the second day will address a number of security-related dimensions such as:

- *Border management*
- *Citizens awareness*
- *Cybercrime*
- *Protection of public spaces*
- *Maritime Security*
- *Disaster resilient societies*

- *Terrorism*
