United Kingdom
THE ASYLUM, MIGRATION AND INTEGRATION FUND (AMIF) was set up for the period 2014-20, with a total of EUR 7.06 billion for the seven years. It promotes the efficient management of migration flows and the implementation, strengthening and development of a common Union approach to asylum and immigration.

THIS FUND HAS FOUR SPECIFIC OBJECTIVES:

- **Legal migration and integration:** supporting legal migration to EU States in line with the labour market needs and promoting the effective integration of non-EU nationals;

- **Asylum:** strengthening and developing the Common European Asylum System by ensuring that EU legislation in this field is efficiently and uniformly applied;

- **Return:** enhancing fair and effective return strategies, which contribute to combating irregular migration, with an emphasis on sustainability and effectiveness of the return process;

- **Solidarity:** making sure that EU States which are most affected by migration and asylum flows can count on solidarity from other EU States.

ACHIEVING THE KEY OBJECTIVES

The largest share of the total amount of the AMIF (approximately 78%) is channeled through shared management. EU States implement their multiannual National Programmes, covering the whole period 2014-20. These programmes are prepared, implemented, monitored and evaluated by the responsible authorities in EU States, in partnership with the relevant stakeholders in the field, including the civil society.

THE FUND’S BENEFICIARIES

All EU States except Denmark participate in the implementation of this Fund. Examples of beneficiaries of the programmes are state and federal authorities, local public bodies, non-governmental organisations, humanitarian organisations, private and public law companies and education and research organisations.
