

INTERNAL SECURITY FUND POLICE (2014-2020)

2015 CALL FOR PROPOSALS – HOME/2015/ISFP/AG/TDFX

TRANSNATIONAL INITIATIVES TO FIGHT TRAFFICKING IN DRUGS AND FIREARMS

1. INTRODUCTION

Article 67(3) of the Treaty on the Functioning of the European Union (TFEU) declares as the European Union's objective ensuring a high level of security within an area of freedom, security and justice.

To achieve this objective, enhanced actions at European Union level should be taken to protect people and goods from increasingly transnational threats and to support the work carried out by Member States' competent authorities. Terrorism, organised crime, itinerant crime, drug trafficking, corruption, cybercrime, trafficking in human beings and arms, inter alia, continue to challenge the internal security of the Union.

The Internal Security Strategy for the European Union (Internal Security Strategy), adopted by the Council in February 2010, constituted a shared agenda for tackling these common security challenges and identified the following relevant strategic objectives for 2010-2014: to disrupt international crime networks, to prevent terrorism and address radicalisation and recruitment, to raise levels of security for citizens and businesses in cyberspace and to increase Europe's resilience in the face of crises and disasters.

To promote the implementation of the Internal Security Strategy and to ensure that it becomes an operational reality, the Internal Security Fund (ISF Police) was set up.

In April 2015 the European Commission adopted the European Agenda on Security (EAS) for the coming five years, which builds on the actions undertaken under the previous Internal Security Strategy, thus ensuring consistent and continued action. The EAS represents an effective and coordinated response at European level to new and complex threats and sets out how the European Union can bring added value to support the Member States in ensuring security. It has identified the following three priorities: tackling terrorism and preventing radicalisation, disrupting organised crime and fighting cybercrime.

On the basis of the EAS, the Council adopted in June 2015 the renewed European Union Internal Security Strategy 2015-2020 confirming tackling and preventing terrorism, radicalisation to terrorism and recruitment as well as financing related to terrorism, preventing and fighting serious and organised crime and preventing and fighting cybercrime as the main priorities for European Union's actions.

Legal basis of ISF Police are the following regulations:

- Regulation (EU) No 513/2014 of the European Parliament and of the Council of 16 April 2014 establishing the Instrument for financial support for police cooperation, preventing and combating crime, and crisis management (OJ L 150 of 20 May 2014);
- Regulation (EU) No 514/2014 of the European Parliament and of the Council of 16 April 2014 laying down general provisions on the Asylum, Migration and Integration

Fund and on the instrument for financial support for police cooperation, preventing and combating crime, and crisis management (OJ L 150 of 20 May 2014).

The ISF Police Regulation sets out two specific objectives, respectively:

- (i) crime prevention, combating cross-border, serious and organised crime including terrorism, and reinforcing coordination and cooperation between law enforcement authorities and other national authorities of Member States, including with Europol or other relevant Union bodies, and with relevant third countries and international organisations;
- (ii) enhancing the capacity of Member States and the Union for managing effectively security-related risks and crises, and preparing for and protecting people and critical infrastructure against terrorist attacks and other security-related incidents.

In conformity with Regulation (EU) No 514/2014 Article 6.2, in order to implement the ISF Police, the Commission has adopted, on **8 June 2015**, the 2015 Annual Work Programme for Union Actions, which includes this Call for Proposals.

Overview of the policy context

Recent terrorist attacks have brought attention on how organised criminals are able to access and trade **firearms** in Europe, even military-grade firearms, in large numbers. The decision on who can hold a firearm and when they can be used is a societal choice for Member States. However, differences in national legislation are an obstacle to controls and police cooperation. As a priority, a common approach is needed on the neutralisation and de-activation of firearms to prevent reactivation and use by criminals. The Commission will review the existing legislation on firearms in 2016 to improve the sharing of information (e.g. by uploading information on seized firearms in Europol's information system), to reinforce traceability, to standardise marking, and to establish common standards for neutralising firearms. In the context of the on-going evaluation, the Commission will consider whether to include weapons designed for self-protection (alarm weapons) in the new provisions, as well as any other relevant aspect.

Trafficking of firearms has a critical **external dimension**, given that many illegal firearms in the EU have been imported from neighbouring countries where large stockpiles of military weapons remain. The recent operational action plan with the Western Balkans should be implemented to the full and, if effective, be replicated with other neighbours, in particular countries in the Middle East and North Africa¹.

The market for **illicit drugs** remains the most dynamic of criminal markets, with a recent trend being the proliferation of new psychoactive substances (NPS). The Commission will assess the progress made in implementing the EU Drugs Action Plan 2013-2016, which also frames the EU external policy in the field of drugs, with its focus on drug demand and drug supply reduction. On this basis, the Commission will decide whether to propose a new EU Action Plan for the period 2017-2020².

2. PRIORITIES OF THIS CALL FOR PROPOSALS

The present Call for Proposals aims at funding projects on the topic of the fight against trafficking in drugs and firearms.

Project applications submitted under the present Call for Proposals shall aim to enhance cooperation between EU Member States or EU Member States and third countries located along firearms and drug trafficking routes to and from the EU (see section 6.1 for the list of eligible third countries), notably supporting joint initiatives on knowledge, detection, investigation and prosecution of both drugs and firearms trafficking.

Within this context project applications must address at least one of the following priorities:

¹ http://ec.europa.eu/dgs/home-affairs/e-library/documents/basic-documents/docs/eu_agenda_on_security_en.pdf

² Idem.

1. **interlinks between trafficking of firearms and drugs;**
2. **firearms trafficking;**
3. **drugs trafficking.**

Projects must be aiming to achieve one or more of the following outcomes:

- improving expertise in the area of drugs and firearms trafficking, in particular by enhancing knowledge, detection, investigation and prosecution at EU level and with key third countries;
- promoting best practices *inter alia* concerning the defragmentation of the relevant information and intelligence along the firearms and drug trafficking routes to and from the EU;
- safeguarding the EU licit market in the field of firearms trafficking;
- reducing diversion of firearms into criminal hands in the EU;
- improving the operational knowledge of drug trafficking to and from the EU;
- promoting best practices concerning *inter alia* the detection of cocaine 'secondary extraction' laboratories, indoor and outdoor cannabis cultivation, synthetic drugs labs, and *modus operandi* notably via container (rip-off technique).

Complementarity with activities undertaken by the EU and the individual Member States, while taking account of the polycriminal tendency of organised crime, is to be ensured. In this regard, applicants shall demonstrate a sound knowledge of EU actions and policies, in particular the Communication *Firearms and the internal security of the EU: protecting citizens and disrupting illegal trafficking*³ and chapters II and VI of the *EU Drugs Strategy 2013-2020*⁴.

Awareness raising, general prevention and drug demand related projects will not be considered for funding under this Call for Proposals.

Any actions under this Call for Proposals shall respect and shall be implemented in line with the rights and principles enshrined in the Charter of Fundamental Rights of the European Union. Applications should pay appropriate attention to the effects of the project on individual rights and freedoms, as well as to possible remedies. In addition, any action under this Call for Proposals should comply with all relevant ethical principles and all applicable international, EU and national law on ethical issues while carrying out the project.

Annex 1 and Annex 2 must be printed out, signed by the relevant authorised signatory and included (as a scanned document) in the Application Package.

8. SELECTION CRITERIA

8.1. Financial capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out and to participate in its funding.

Financial capacity will be assessed on the basis of the following values and ratios:

1. The ratio between the grant requested and the operating income, and the ratio between the grant requested and the total assets should not be excessive, both for the Applicant and Co-applicants.
2. The Applicant and Co-applicants will be assessed against the following ratios¹²:
 - general liquidity: current assets/current liabilities
 - financial independency: own funds/(total liabilities + own funds)
 - indebtedness: own funds/(own funds + long-term liabilities)
 - profitability: gross operating profit¹³/operating income
 - self-financing capacity: net result + amortisation + depreciation.

In case of low financial capacity, the Commission may decide the following:

- request further documents;
- request budget modifications / reallocations of costs;
- introduce interim payments based on interim reports;
- modify pre-financing percentage.

In case of insufficient financial capacity, the Commission may decide the following:

- request a change of Co-applicant;
- reject the application.

Supporting documents: The Applicants' financial capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2) which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- completed Financial Capacity Form (MS Excel file - Annex 4);

¹² In the following ratios, '/' stands for 'divided by'.

¹³ Gross operating profit is calculated by adding back amortisation and depreciation to the operating profit.

- the profit and loss account and the balance sheet for the last financial year for which the accounts were closed (Annex 5).

For newly created entities, the business plan including the starting financial statement may replace the above documents.

In addition, for Applicants and Co-applicants applying for grants \geq EUR 750.000, an audit report produced by an approved external auditor certifying the accounts for the last financial year available must be provided.

The financial capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for financial capacity.

8.2. Operational capacity

Applicants must have the professional competencies as well as appropriate qualifications necessary to complete the proposed action. This capacity shall be assessed based on the experience of the Applicants and each Co-applicant or, as an alternative, on the relevant experience of their directly involved employees.

Supporting documents: The Applicants' operational capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2), which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- a list of previous EU funded projects and activities implemented by the Applicant and Co-applicants in the last 4 years (to be indicated in the Application Form, section 2.2)
- or, where the Applicant or Co-applicant have not carried out any EU funded projects, a list of projects (similar in size and resources managed to the one described in the application) carried out by the Applicant and Co-applicants (Annex 6)
- or, where the Applicant or Co-applicant have not carried out any relevant project, the curriculum vitae and/or description of the profile of the people primarily responsible for managing and implementing the project activities (Annex 6).

The operational capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for operational capacity.

9. AWARD CRITERIA

Eligible applications and their proposed action will be assessed on the basis of the following award criteria:

- **Relevance:** applications will be assessed on the extent to which they match the priorities and expected outcomes as identified in this Call for Proposals (section 2 above) and in the relevant EU strategic documents and/or action plans (section 1 above), and on whether the expected impact will be significant on the selected priority(ies) (30 points)

Applications receiving less than 21 points for the "relevance" criterion will not be evaluated further.

- **Quality:** applications will be assessed with regards to the appropriateness of their design and planned implementation, taking into account the envisaged activities, methodology, organisation of work and strategy for project management, evaluation and dissemination (20 points)

- Cost-effectiveness: applications will be assessed with regards to whether the costs of the proposed action are adequate to the activities and proportionate to the expected results (30 points)
- European added value: the project activities, outcomes and impact should have a broad EU relevance; applications will be assessed on whether a suitable number of countries is involved in the project activities and on whether the expected impact will concern a significant number of countries (20 points).

Applications that pass the threshold of minimum 65 points will be considered for funding within the limits of the available budget. The European Commission will then prepare an award decision listing the projects proposed for award, projects on reserve list and rejected projects.

10. LEGAL COMMITMENTS

A Commission award decision does not represent a legal or financial commitment. The award of each grant is subject to the conclusion of a Grant Agreement in writing.

In the event a grant is awarded by the Commission, a Grant Agreement, drawn up in euro and detailing the conditions and level of funding, will be sent to the Coordinator, as well as instructions on how to formalise the obligations of the parties. Please note, that if international organisations are involved in the application, no other specific clauses applicable to international organisations than the ones already included in the Grant Agreement template will be added.

Please note that the award of a grant does not establish any entitlement for subsequent years.

11. FINANCIAL PROVISIONS

11.1. General Principles

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action (Application Form, section 2.1 and 2.2).

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed. A grant may be awarded for an action which has already begun only where the Applicant can demonstrate the need to start the action before the Grant Agreement is signed. In any case, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

c) Co-financing

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the Beneficiary's own resources,
- income generated by the action,
- financial contributions from third parties.

d) Balanced budget

The Budget Estimate of the action is to be attached to the Application Form. It must have revenue and expenditure in balance and must be drawn up in euro.

Beneficiaries with general accounts in a currency other than the euro shall convert costs incurred in another currency into euro at the average of the daily exchange rates published in the C series of Official Journal of the European Union, determined over the corresponding reporting period.¹⁴ Where no daily euro exchange rate is published in the Official Journal of the European Union for the currency in question, conversion shall be made at the average of the monthly accounting rates established by the Commission and published on its website (http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm), determined over the corresponding reporting period.

Beneficiaries with general accounts in euro shall convert costs incurred in another currency into euro according to their usual accounting practices.

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the Beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit. Detailed information on subcontracting is provided in the Guide for Applicants.

e) Financial support to third parties

The applications may not envisage provision of financial support to third parties.

f) Non-profit rule

EU grants may not have the purpose or effect of producing a profit within the framework of the action. Profit shall be defined as a surplus of the receipts over the eligible costs incurred by the Beneficiary, when the request is made for payment of the balance. In this respect, where a profit is made, the Commission shall be entitled to recover the percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the Beneficiary to carry out the action.

11.2. Maximum amount requested

The EU grant is limited to a maximum co-funding rate of 90% of the total eligible costs of the action.

Consequently, part of the total eligible expenses entered in the Budget Estimate must be financed from sources other than the EU grant (see section 11.1.c).

The Commission reserves the right to reduce the estimated costs in the Budget Estimate, if they are deemed as ineligible.

11.3. Payment arrangements

A pre-financing payment corresponding to maximum 80% of the EU grant amount will be transferred to the Coordinator after the signature of the Grant Agreement by both parties and in accordance with its terms.

The Commission will establish the amount of the final payment to be made to the Coordinator on the basis of the calculation of the final grant amount. If the total of earlier payments is higher than the final grant amount, the Beneficiaries will be required to reimburse the amount paid in excess by the Commission through a recovery order.

¹⁴ For further guidance on exchange rate please consult the Guide for Applicants.

12. PROCEDURE FOR THE SUBMISSION OF APPLICATIONS

Applications must be submitted electronically via the PRIAMOS system in accordance with the formal requirements set out under section 5 and by the deadline set out under section 3, after which the system will not accept any application.

No modification to the application is allowed once the deadline for submission has elapsed. However, if there is a need to clarify certain aspects or for the correction of clerical mistakes, the Commission may contact the Applicant during the evaluation process. Failure to respond by the deadline set may lead to rejection of the application. Applicants must take the necessary steps to ensure that they can respond rapidly until the end of the selection process.

Applicants are requested to log in at the PRIAMOS system at http://ec.europa.eu/dgs/home-affairs/financing/fundings/priamos-section/index_en.htm and follow the procedure for submitting an application.

Please note that although the PRIAMOS system is able to deal with many applications at the same time, it is advisable NOT to wait until the last moment to register in the system and submit an application.

Applications submitted via the PRIAMOS system shall not be sent by regular mail or by e-mail. Applications that are not submitted via PRIAMOS shall not be considered for evaluation.

Applications must be submitted using the forms and templates provided. If the forms or templates are altered, the application may be rejected.

Applications for several projects

The Applicant may submit more than one application under this Call for Proposals. Note that if an Applicant wants to submit more than one application under the same Call for Proposals, a different Application Form must be downloaded from Priamos for each application, so that each application has its unique application number.

The Applicant may be awarded more than one grant under this Call for Proposals.

An organisation may participate as an Applicant or Co-applicant in several applications.

Several applications for the same project

Only one application will be accepted and evaluated for any given project.

If the Applicant submits more than one version of the Application Package or of documents contained therein under the same application number, only the latest version submitted will be taken into consideration for the evaluation.

In case there are several applications for the same project with different application numbers, the Applicant (contact person mentioned in the application) will be asked to clarify which application shall be evaluated.
