## **ACTION GRANTS 2012**

### **TARGETED CALL FOR PROPOSALS**

**Law enforcement cooperation through  
measures to set up Passenger Information  
Units in Member States for the collection,  
processing, analysis and exchange of  
Passenger Name Record (PNR) data**

**Deadline: 10.4.2013 (14:00 CET)**

## 1. BACKGROUND AND MAIN OBJECTIVES

Under Article 3(2) of the Council Decision 2007/125/JHA of 12 February 2007 (**hereafter the Council Decision**), establishing a specific programme **Prevention of and Fight against Crime** as part of the general programme Security and Safeguarding Liberties<sup>1</sup> (**hereafter the ISEC Programme**), the specific objectives of the programme are the following:

- (a) to stimulate, promote and develop horizontal methods and tools necessary for strategically preventing and fighting crime and guaranteeing security and public order such as the work carried out in the European Union Crime Prevention Network, public-private partnerships, best practices in crime prevention, comparable statistics, applied criminology and an enhanced approach towards young offenders;
- (b) to promote and develop coordination, cooperation and mutual understanding among law enforcement agencies, other national authorities and related Union bodies in respect of the priorities identified by the Council in particular as set out by the Europol's Organised Crime Threat Assessment;
- (c) to promote and develop best practices for the protection of and support to witnesses;
- (d) to promote and develop best practices for the protection of crime victims.

In order to implement the ISEC Programme, the Commission has adopted on 19 September 2011 the Annual Work Programme 2012<sup>2</sup>, specifying eight Targeted Calls for Proposals with specific measures and expected results. The Annual Work Programme has been modified on 9 July 2012<sup>3</sup>.

### 2. SCOPE OF THE CALL AND BUDGET ALLOCATED FOR GRANTS

This targeted Call for Proposals (hereafter the Call) corresponds to the implementation of Part I. Heading A. of this Annual Work Programme.

The projects are expected to commence shortly after the award of a grant, at the latest 1 January 2014.

The total amount for co-financing of grants foreseen under this Call is **€50.000.000**.

## 3. PRIORITIES AND EXPECTED RESULTS

### 3.1 Priorities

The following priorities have been fixed within this Call:

2. The use of the PNR data should be the prevention, detection, investigation and prosecution of terrorist offences and serious crime.
3. Measures to obtain the PNR data only from air carriers and only for international flights, i.e. flights entering or departing the territory of the EU via the relevant Member State.
4. Measures to ensure that the data are transmitted by air carriers using exclusively the "push" method, i.e. the method whereby the air carrier transmits the data to a specified central database of the Passenger Information Unit of the Member State.
5. Measures to ensure that the data are not retained by the Passenger Information Unit in the central database of the Member State for a period longer than 5 years, while the Member State should take measures to gradually reduce the access to the data, for example by depersonalising the data through masking out the personal identifiable information.
6. Measures to ensure that strict data security should be applied to the data, both for the protection of the database itself and through measures to limit and monitor the access to the data.
7. Measures to ensure that all transactions in the databases where the PNR data are retained are logged and documented.
8. Measures to ensure that passengers can make full use of their data protection rights.
9. Measures to ensure that the Passenger Information Unit is able to carry out risk assessment of passengers on the basis of the PNR data prior to their arrival or departure either on the basis of criteria or by comparing the data against relevant databases.
10. Measures to ensure that the Passenger Information Unit is able to cooperate with other authorities responsible for prevention, detection, investigation and prosecution of terrorist offences and serious crime in the Member State.

Proposals should take full account/pay appropriate attention to the effects of the project on individual rights and freedoms, as well as on possible remedies.

### **3.2 Expected results**

To meet the priorities mentioned under section 3.1, projects should achieve one or more of the following results:

1. Establishment of a unit in the Member State which will be responsible for the collection, processing and retention of PNR data.
2. Collection of the PNR data by air carriers on international flights, i.e. flights entering or departing the territory of the EU via the relevant Member State using the "push" method.
3. Establishment of a database capable of retaining the PNR data of passengers on international flights, i.e. flights entering or departing the territory of the EU via the relevant Member State for a period not exceeding 5 years.
4. Establishment of a database capable of gradually reducing the access to the data, for example by depersonalising the data through masking out the personal identifiable information.
5. Establishment of strict data security to safeguard the database and to limit the access to the database to authorised personnel and monitor the access to the database through logging and documentation of all transactions.
6. The Passenger Information Unit should be able to carry out risk assessment of passengers on the basis of the PNR data held in the database mentioned under point 3 prior to their arrival or departure either on the basis of criteria or by comparing the data against relevant databases.
7. Establishment of secure and efficient cooperation mechanisms with other authorities responsible for prevention, detection, investigation and prosecution of terrorist offences and serious crime in the Member State for the use of PNR data.
8. Establishment of a procedure capable of delivering and ensuring that passengers can make full access of their data protection rights.

## 4. DEFINITIONS AND CONTRACTUAL RELATIONSHIP

### 4.1. Definitions

The following definitions and relationships are used when an application is submitted and when a grant agreement is signed, following a successful evaluation of the proposal:

- **The "Coordinator" (Applicant organisation):** is the organisation that will sign a grant agreement with the Commission on behalf and with the authorisation of the entire partnership. This is the organisation that takes the lead and submits the proposal for the Commission's appraisal. It will be responsible for the verification of the eligibility and selection criteria for all its Partners. Once a grant agreement is signed, the Coordinator is legally responsible for managing the project, coordinating all tasks, liaising with the Commission, managing the budget and ensuring the payments to its Partners/Co-beneficiaries.
- **"Co-beneficiaries" (or Partners):** are those organisations participating in the implementation of the project activities that are eligible for EU co-financing. Once the grant agreement is signed, they will be considered as Co-beneficiaries of the EU grant as they will receive co-financing for their part in the action. They will sign a mandate to allow the Coordinator to sign on their behalf. The Coordinator will receive funds from the Commission and will distribute them amongst the Co-beneficiaries of the EU grant.
- **"Beneficiaries":** the Coordinator and the Co-beneficiaries are jointly referred to as beneficiaries.
- **"Associate Partners":** are those organisations participating in the project on a non EU-funded basis. They will not sign a mandate and will not be co-beneficiaries of the EU grant. None of their costs incurred for the project activities will receive EU co-financing.

This type of partnership is first and foremost to be used by organisations in third countries (including acceding and candidate countries), international organisations and EU Agencies which may only participate on a non-cost basis in the ISEC Programme.

Each "Co-beneficiary" must complete and sign a Partnership Declaration / Draft Mandate Form (Part F) and each "Associate Partner" a Partnership Declaration Form (Part G) which must be attached to the Application.

The duly completed, dated and signed Partnership Declaration / Draft Mandate Form and Legal Entity Form (and its supporting documents) of EACH "Co-beneficiary" must be attached to the Application (Part F and Annex 11).

### 4.2. Contractual relationship

The Evaluation Committee expects to complete its work indicatively by end of September 2013. Applicants shall be informed of the outcome of their application within 15 calendar days after the award decision is taken, indicatively no later than end of October 2013. The grant agreements shall be signed within 3 months after the notification, in any case by 31 December 2013.

The Commission reserves the right:

- to award a grant lower than the amount applied for by the Applicant organisation,
- to decrease the value of some expenditure listed in the Budget Form, if they are deemed as ineligible or higher than their market value, and
- to remove expenditure from the Budget Form, if they do not explicitly relate to the project.

The award decision does not represent a legal or financial commitment on the part of the Commission. The award of each grant is subject to the conclusion of a grant agreement in writing.

### 4.3. Financial conditions

Applicants should take note that **no further budget review will take place** after the Commission has taken the award decision and that the amount of the **awarded grant may be less** than the amount applied for. Therefore, **the Forecast Budget submitted with each application must be sound and reliable, as well as reflect real, reasonable and justifiable costs.**

For beneficiaries of a grant under this targeted call, a **pre-financing payment of 40%** will be made after the signature of the grant agreement by both parties and in accordance with its terms, upon reception of a payment request, at the earliest mid-January 2014. The Commission may require the Coordinator to lodge a bank guarantee in advance to limit the financial risks connected with the payment of the pre-financing.

The **interim payment** will be made upon the approval by the Commission of the interim technical implementation report and financial statement. The amount of the interim payment shall be determined on the basis of the eligible costs actually incurred. In no circumstances may the interim payment exceed the maximum of **40 %** of the amount of the grant.

The exact calculation of the **final amount** of the grant will be done when the project has ended on the basis of supporting documents provided by the Coordinator and Co-beneficiaries.

With the introduction of the new Financial Regulation, the interest on pre-financing is no longer compulsory nor due to the EU budget and therefore does not have to be declared at the end of the project and will not be taken into account for the calculation of non-profit rule.

VAT paid by public entities<sup>4</sup> is not an eligible cost.

The beneficiaries – i.e. the coordinator and co-beneficiaries – are jointly and severally liable for any amount due to the Commission by any one of them up to the value of the contribution that the beneficiary held liable is entitled to receive.

Provisions of this call and the draft model Grant Agreement take precedence over the provisions of the CIPS/ISEC 2012 Guide for Applicants.

## 5. EVALUATION CRITERIA

### 5.1. Exclusion criteria

<sup>4</sup> Public entities refer to Ministries, law enforcement and judicial authorities, other Member States' public authorities and public universities.

<sup>5</sup> Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities as amended by the Council Regulations (EC, Euratom) No 1995/2006 of 13 December 2006 and No 1525/2007 of 17 December 2007.

The Authorised signatory of the Applicant organisation/coordinator must sign the declaration in Section 4 of the Application Form. The Commission may request a copy of the decision authorising the Authorised signatory to enter into legally binding and financial commitments on behalf of the Applicant organisation/coordinator. Applicants who have been found guilty of making false declarations or have been found to have seriously failed to meet their contractual obligations in an EU procurement or grant award procedure may be subject to administrative or financial penalties or exclusion from EU contracts and grants in accordance with Article 96 of the Financial Regulation and Articles 133(a) and 133(b) of the Implementing Rules<sup>6</sup>.

Only applications which meet the above exclusion criteria will be further processed.

## 5.2. Eligibility criteria

To be eligible, grant applications must meet **ALL** the following criteria:

- a. Applications must be submitted by bodies and organisations **with legal personality established in one of the EU Member States**. Applications from natural persons are not eligible. In case no proof of the legal status of the Applicant organisation/coordinator is attached to the Application Form, the application will be automatically rejected;

**Bodies and organisations which are profit oriented<sup>7</sup>** may have access to grants and may be Applicant organisation/coordinator **only** in conjunction with non-profit oriented or state organisations/public entities. In a project submitted by a profit-oriented Applicant organisation/coordinator, the partnership must include **at least one "non-profit oriented or state organisation/public entity" as a Co-beneficiary**. Projects presented by a profit-oriented Applicant organisation/coordinator and including only Associate Partners will not be eligible. **The Partnership Declaration / Draft Mandate Form and Legal Entity Form (and its supporting documents) duly completed, dated and signed by the Authorised signatory for EACH "non-profit oriented or state organisation/public entity" which is a Co-beneficiary must be attached to the Application.**

**Entities established in third countries, international organisations and EU Agencies** may participate as Associate Partners **but solely on a non-cost basis**, and are not permitted to submit applications. None of their costs incurred in the project can be eligible for EU co-financing.

- b. Projects must match one or more of the **priorities of this Call** as specified under section 3 and at least one of the **specific objectives** of the ISEC Programme<sup>8</sup>. Both national and transnational projects can be submitted.

- c. **Transnational projects** must involve partners in at least two Member States, or at least one Member State and one candidate country. In a transnational project, the Applicant organisation/coordinator must have **at least one Co-beneficiary (declaring costs to be EU co-financed) from another EU Member State**.

**N.B.** Associate Partners are not Co-beneficiaries, therefore the participation of an Associate Partner from another Member State does not make the project "transnational". Projects including the Applicant organisation/coordinator and only Associate Partners from other Member States or candidate countries will not be eligible.

**The Partnership Declaration / Draft Mandate Form and Legal Entity Form (and its supporting documents) duly completed, dated and signed by the Authorised signatory for EACH Co-beneficiary from another Member State must be attached to the Application.**

For each Associate Partner, the signed Partnership Declaration Form must be attached to the Application.

- d. **National projects** (projects/actions to be carried out within a single Member State without the active involvement of Co-beneficiaries from a different Member State or candidate country) must:

---

<sup>6</sup> Commission Regulation (EC, Euratom) No 2342/2002 of 23 December 2002 laying down detailed rules for the implementation of the above-mentioned Regulation (Official Journal L 357, 31/12/2002), as amended by Commission Regulation (EC, Euratom) No 1261/2005 of 20 July 2005, by Commission Regulation (EC, Euratom) No 1248/2006 of 7 August 2006 and by Commission Regulation (EC, Euratom) No 478/2007 of 23 April 2007.

<sup>7</sup> Article 5 of the Council Decision establishing the Programme (OJ L 58, 24.02.2007, p.9)

<sup>8</sup> Article 3 of the Council Decision establishing the Programme (OJ L 58, 24.02.2007, p.9)

- prepare transnational projects and/or Union actions ("starter measures"), or
- complement transnational projects and/or Union actions ("complementary measures"), or
- contribute to the development of innovative methods and/or technologies with a potential for transferability to actions at Union level, or develop such methods and technologies with the view to transferring them to other Member States.

Applicants must clearly explain how their project proposal complies with one of the above mentioned conditions.

- Project proposals seeking EU co-funding of less than **€ 100.000** will not be eligible. There is no maximum limit but the amount of EU co-financing requested will be assessed with regard to the expected results and the quality of budgeting and project management.
- The amount of EU funding requested cannot exceed 90%** of the total eligible costs of the action, i.e. complementary funding from other sources must be secured and demonstrated in the Application and Budget Forms (Parts A and B). **A minimum of 10%** of the total eligible costs of the action must be provided as **a contribution in cash** and borne either by the Applicant organisation/coordinator, and/or Co-beneficiaries, and/or Associate Partners, and/or from another donor organisation/third party. This financial contribution shall consist of **a direct monetary contribution from the partnership's own resources and/or the contribution from any other fund providers**. It must be clearly indicated in the ISEC 2012 Budget Form (Sheet 3 "Forecast Budget Calculation" of Part B); **contributions in kind (such as non-eligible staff costs)<sup>9</sup> are not allowed in the budget.**
- Subcontracting** must be duly justified in the Application Form in case it **exceeds 30%** of the total eligible costs of the project.
- Projects cannot be already completed and **should be scheduled to start once the grant agreement is signed by all parties**. An earlier start of the project may take place only where the applicant can demonstrate the need to start the action before the grant agreement is signed. In such cases, expenditure eligible for financing may not have been incurred prior to the date of submission of the grant application. In any case, whenever the project begins before the grant agreement is signed, it is always at the risk of the participants and there is no obligation for the Commission to accept the expenses of such action. The **indicative starting date is mandatory information** and must be indicated in Part C - Timetable.
- Projects cannot last more than **two years (24 months)**.
- Applicants must **respect the deadline** for submission of applications set for this Call for Proposals and **upload their application with all mandatory annexes and documents into the PRIAMOS** system.
- Applications must be submitted **using the Application and Budget Forms for ISEC 2012 Action Grants (Part A and B)**. No other forms will be accepted; **all sections of both Forms must be completed**; the budget must be in **euro** and **balanced** in income and expenditure.
- Applications must include **ALL the required documents and annexes listed in Section 6.2 of this Call for Proposals**. If **ANY** of these requested documents are missing, the application will **NOT** be eligible.

Only applications which meet the above eligibility criteria will be further processed.

### 5.3. Selection criteria

In accordance with the Articles 115 and 116(1) of the Financial Regulation and Article 176 of the Implementing Rules, project proposals shall be evaluated on the basis of the following selection criteria:

- the Applicant organisation/coordinator's and partner organisations' **operational and professional** competencies and qualifications in the specified area required to complete the proposed action including relevant professional training and/or experience for the personnel concerned. In the case of government or law enforcement organisations, evidence that the project falls within their

<sup>9</sup> Rules regarding staff costs can be found in the ISEC/CIPS Guide for applicants 2012, section 4.2.2.1.

statutory area of responsibility may be submitted to establish their operational and technical competence. Proposals should also show evidence of ability to access information or participants in the way proposed. Applicant organisation/coordinator must also demonstrate that they have the operational means and resources to complete the project and show, if applicable, references relating to participation in other actions financed by the European Commission.

The assessment will be based on the submitted documents as requested under Section 6.2 of this Call:

- the Applicant organisation/coordinator's chart (Part I),
- the project chart and the CV of the persons involved in the project (Part J),
- the Applicant organisation/coordinator's annual activity reports (Annex 6) – Not requested from Ministries, law enforcement and judicial authorities, public universities and other MS public authorities),
- the duly completed Section 1.5.6 of the Application Form (other EU funded projects),
- other relevant documents submitted by the Applicant organisation /coordinator.

This assessment is applicable to ALL Applicant organisations/coordinators (profit/non-profit oriented, public/private). In case the capacity, the experience, the expertise and the resources to successfully carry out the proposed project are not adequately demonstrated, the Applicant organisation/coordinator will not be selected.

**b.** the Applicant organisation/coordinator's **financial capability**, i.e. stable and sufficient sources of funding to maintain its activity throughout the period during which the project is being carried out and to participate in its funding.

The assessment will be based on the submitted documents as requested under Section 6.2 of this Call:

- completed simplified balance, profit and loss account sheets (Part E),
- a detailed forward budget for 2012 (Annex 8),
- complete, signed and audited <sup>10</sup> financial statements or reports for the past three closed years (Annex 9),
- an external audit report if the amount of grant sought exceeds 500.000 EUR (Annex 10).

This assessment is not applicable to public entities<sup>11</sup> as Applicant organisations/coordinators. In case the financial capacity to cover its share of the cost/co-financing is not adequately demonstrated, the Applicant organisation/coordinator will not be selected.

Only applications which meet the above mentioned selection criteria will be selected and further processed.

#### 5.4. Award criteria

Only proposals which have passed the exclusion, eligibility and selection stages will be assessed against the award criteria. The evaluation for award will cover **both the content/policy part and the budgeting and project management part of the project proposal**. Applicants should take note that, since no further budget review will take place after the award decision, **proposals with low quality budgeting and project management will be scored lower**.

Proposals will be scored and ranked on the basis of the following award criteria:

(a)	<p><b>Conformity.</b> Projects will be assessed on the extent to which they match priority areas identified in section 3 above and in the relevant EU strategic documents and/or action plans. Projects should demonstrate that their objectives reflect a clearly identified need for action according to the EU's policy priorities in the field of Prevention of and Fight against Crime.</p>	<b>10</b>
-----	--	-----------

<sup>10</sup> If audits is required under national law

<sup>11</sup> Public entities refer to Ministries, law enforcement and judicial authorities, other Member States' public authorities and public universities

(b)	<b>Quality</b> of the proposed action regarding its conception, organisation, presentation, methodology, expertise, expected results and strategy for their dissemination. In particular, the ability of the project to attain the desired objective(s) will be assessed.	<b>20</b>
(c)	<b>Value for money.</b> Amount requested for financial support and its appropriateness as to expected results will be assessed in terms of: consistency between the work programme and the budget; adequacy of budgetary resources (personnel, equipment, travel, etc.) for carrying out the action; demonstration of overall cost effectiveness and value for money. Larger projects, in terms of scope of the planned activities, number of participants, economies of scale and cost effectiveness will be favoured.	<b>25</b>
(d)	<b>Impact</b> of the expected results on the general objectives of the Programme and on measures taken in the different domains as specified in Articles 7 (4) (d) of the basic act.	<b>25</b>
(e)	<b>European added value</b> includes geographical coverage of a project but, most of all, analysis and experimentation that lead to recommendations for common models, protocols, guidelines, structures, mechanisms, policies and processes. In practice, it implies that - in addition to running the project in a number of Member States and building multinational partnerships - applicants must look beyond the framework of the project to find the broader European relevance of the issues, the actions and the output of the project. Every project should end, if possible, with a clear indication of how the project can be further developed at EU level, and with a statement of its potential for European debate and action.	<b>20</b>
	<b>TOTAL</b>	<b>100 points</b>

Proposal scoring **below 65 points** will be rejected. Proposals that pass the 65 points threshold will be considered for funding, taking into account policy priorities and within the limits of the available budget.

No self-made word documents without authorised signature can be accepted.

**ANNEXES to be submitted by EACH Co-beneficiary** which will receive a part of the EU grant

- **Annex 11:** the **Legal Entities Form (LEF)**, duly completed, dated and signed **by the Authorised signatory of each Co-beneficiary**. All the required annexes mentioned on the Form must be attached (see Annex 12). Form available at [http://ec.europa.eu/home-affairs/funding/isec/funding\\_isec\\_en.htm](http://ec.europa.eu/home-affairs/funding/isec/funding_isec_en.htm) (scanned version).

- **Annex 12:** the scanned version of supporting documents to **evidence the legal status of each Co-beneficiary** – depending on the legal status of the entity, this should include:

- the articles of association + a copy of any official document (e.g. Official Journal, Register of companies, etc.) showing the organisation's name and address and the registration number given to it by the national authorities;
- a copy of the resolution, law, decree or decision establishing the entity in question, or any other official document attesting the establishment of the entity;
- in addition, the statute of the organisation – if applicable.

These documents will also be used to establish the profit/non-profit oriented and public/private status of each Co-beneficiary. No self-made word documents without authorised signature can be accepted. Regarding the non-profit character of an entity the absence of a lucrative aim does not necessarily imply the absence of profits and the commitment from an organisation to not redistribute profits to its shareholders is not a sufficient condition for the entity to be considered as "non-profit".
