

2013-EU-40007-P

Airport-Collaborative Decision Making (A-CDM) deployment and integration into the network

Programme:

- **TEN-T Projects**

The project brings together 13 co-beneficiaries covering a total of seven countries: Belgium, Denmark, France, Germany, Ireland, Portugal and United Kingdom to take part in the implementation of Airport Collaborative Decision Making in airports identified in the applicability area of the Interim Deployment Plan.

Specifically, the project aims to deploy Airport Collaborative Decision Making in eight airports (Berlin Schönefeld, Copenhagen, Dublin, Hamburg, Lisbon, Lyon, Manchester and Stuttgart) and to integrate most of these local A-CDM processes to the Network Manager System by the end of 2015 as targeted by the Interim Deployment Plan.

This project has been completed.

EU contribution: €2,158,309
