

EU FUNDING IN SUPPORT OF THE EUROPEAN **CYBERSECURITY STRATEGY**

OBJECTIVE 1

SUPPORT FOR OPERATORS OF ESSENTIAL SERVICES (OESs), NATIONAL COMPETENT AUTHORITIES AND INFORMATION SHARING AND ANALYSIS CENTRES (ISACs)

Creation of a coherent ecosystem for risk management, information sharing and reporting

- Operators of Essential Services (OESs)
- National or European Information Sharing and Analysis Centres (ISACs)
- National Competent Authorities (NCAs) or Single Points of Contact (SPOCs)

OBJECTIVE 2

SUPPORT TO JOINT PREPAREDNESS, SHARED SITUATIONAL AWARENESS AND COORDINATED RESPONSE TO CYBERSECURITY INCIDENTS

Cooperation for joint preparedness and shared situational awareness about cyber threats at the Member State and EU level

+
coordinated response and mutual assistance in times of crisis

- National public authorities and national public bodies
- Legal entities entrusted with national level cybersecurity

OBJECTIVE 3

SUPPORT TO THE IMPLEMENTATION OF COOPERATION ACTIVITIES OF THE SECOND BIENNIAL WORK PROGRAMME OF THE NIS COOPERATION GROUP (2020-2022)

Cross-border cooperation to strengthen the know-how and capabilities of the national public authorities and bodies participating in the NIS Cooperation group

- National public authorities and/or national public bodies from at least two different Member States

OBJECTIVE 4

SUPPORT TO COOPERATION AND CAPACITY BUILDING FOR CYBERSECURITY CERTIFICATION IN LINE WITH THE CYBERSECURITY ACT

Improving the capabilities and cooperation of European cybersecurity certification stakeholders in line with the "Cybersecurity Act"

- National Cybersecurity Certification Authorities
- National Accreditation Bodies
- Conformity Assessment Bodies
