Connecting Europe Facility
ENERGY

**Member States involved:**
Non-EU country: Turkey

**Implementation schedule**
*Start date:* May 2015  
*End date:* July 2017

**Budget:**
*Estimated total cost of the action:* €5,118,000  
*Maximum EU contribution:* €2,559,000  
*Percentage of EU support:* 50%

**Beneficiary:**
Tanap Doğalgaz İletim Anonim Sirketi

**Engineering studies for TANAP SCADA System and Crossings under Dardanelle Strait and Evros River**

**7.1.1-0014-TR-S-M-15**  
Part of Project of Common Interest 7.1.1

This Action is part of the PCI 7.1.1 “Gas pipeline from the EU to Turkmenistan via Turkey, Georgia, Azerbaijan and the Caspian, currently known as the combination of the "Trans Anatolia Natural Gas Pipeline" (TANAP), the "Expansion of the South-Caucasus Pipeline" (SCP-(F) X) and the "Trans-Caspian Gas Pipeline" (TCP).”

The Action focuses on the implementation of the TANAP pipeline in Turkey and is composed of 3 activities: detailed Engineering for SCADA (a real-time supervisory, control and data acquisition system), for Evros River Crossing and for Dardanelle Strait Crossing.

The expected result of the Action is the development of sound engineering packages, allowing the minimisation of construction risks and safe transmission operations, as per the defined requirements stipulated in the relevant project documents, such as the basis of design and technical specifications.

The Action is ongoing.
