# **Application Form**

Administrative Forms (Part A) Technical Description (Part B)

(AMIF/ISF/BMVI Standard)

Version 2.0 01 June 2022

Disclaimer

This document is aimed at informing applicants for EU funding. It serves only as an example. The actual web forms and templates are provided in the Funding & Tenders Portal Submission System (and may contain certain differences). The applications (including annexes and supporting documents) must be prepared and submitted online via the Portal.

#### **IMPORTANT NOTICE**

#### What is the Application Form?

The Application Form is the template for EU grants applications; it must be submitted via the EU Funding & Tenders Portal before the call deadline.

The Form consists of 2 parts:

- Part A contains structured administrative information
- Part B is a narrative technical description of the project.

Part A is generated by the IT system. It is based on the information which you enter into the Portal Submission System screens.

Part B needs to be uploaded as PDF (+ annexes) in the Submission System. The templates to use are available there.

#### How to prepare and submit it?

The Application Form must be prepared by the consortium and submitted by a representative. Once submitted, you will receive a confirmation.

Character and page limits:

- page limit normally 50 pages (unless otherwise provided in the Call document)
- annexes do not count towards the page limit
- minimum font size Arial 9 points
- page size: A4

it of

margins (top, bottom, left and right): at least 15 mm (not including headers & footers).

Please abide by the formatting rules. They are NOT a target! Keep your text as concise as possible. Do not use hyperlinks to show information that is an essential part of your application.

L If you attempt to upload an application that exceeds the specified limit, you will receive an automatic warning asking you to shorten and re-upload your application. For applications that are not shortened, the excess pages will be made invisible and thus disregarded by the evaluators.

Please do NOT delete any instructions in the document. The overall page limit has been raised to ensure equal treatment of all applicants.

Please do NOT add any CVs or Letters of support.

1 This document is tagged. Be careful not to delete the tags; they are needed for the processing.

#### **ADMINISTRATIVE FORMS (PART A)**

Part A of the Application Form must be filled out directly in the Portal Submission System screens.

## **Declarations**

Field(s) marked \* are mandatory to fill.

1) We declare to have the explicit consent of all applicants on their participation and on the content of this proposal. *	
2) We confirm that the information contained in this proposal is correct and complete and that none of the project activities have started before the proposal was submitted (unless explicitly authorised in the call conditions).	
<ul> <li>3) We declare:</li> <li>to be fully compliant with the eligibility criteria set out in the call</li> <li>not to be subject to any exclusion grounds under the <u>EU Financial Regulation 2018/1046</u></li> <li>to have the financial and operational capacity to carry out the proposed project.</li> </ul>	
4) We acknowledge that all communication will be made through the Funding & Tenders Portal electronic exchange system and that access and use of this system is subject to the <u>Funding &amp; Tenders Portal Terms</u> and <u>Conditions</u> .	
5) We have read, understood and accepted the <u>Funding &amp; Tenders Portal Terms &amp; Conditions</u> and <u>Privacy Statement</u> that set out the conditions of use of the Portal and the scope, purposes, retention periods, etc. for the processing of personal data of all data subjects whose data we communicate for the purpose of the application, evaluation, award and subsequent management of our grant, prizes and contracts (including financial transactions and audits).	

The coordinator is only responsible for the information relating to their own organisation. Each applicant remains responsible for the information declared for their organisation. If the proposal is retained for EU funding, they will all be required to sign a declaration of honour.

False statements or incorrect information may lead to administrative sanctions under the EU Financial Regulation.

#### 1. RELEVANCE

#### 1.1 Background and general objectives

#### Background and general objectives

Describe the context of the action and analyse the European needs which will be addressed by the action. How does it align with the relevant EU strategic documents and/or action plans and/or legislative context?

Who are the target groups? Define the general objective (correlated to the expected impact) of the action. The general objective should correspond to the relevant priority(ies) defined in the call for proposals. The impact is defined as the long-term effect produced by the action.

Insert text

#### 1.2 Needs analysis and specific objectives

#### Needs analysis and specific objectives

Describe how the objectives of the project are based on a sound needs analysis in line with the objectives of the call. What issue/challenge/gap does the project aim to address?

The objectives should be clear, measureable, realistic and achievable within the duration of the project. For each objective, define appropriate indicators for measuring achievement (including a unit of measurement, baseline value and target value).

#@COM-PLE-CP@#

#### 1.3 Complementarity with other actions — European added value

#### Complementarity with other actions

Explain how the project builds on the results of past activities carried out in the field and describe its innovative aspects. Explain how the activities are complementary to other activities carried out by other organisations.

Illustrate the European dimension of the activities: trans-national dimension of the project; impact/interest for a number of EU countries; possibility to use the results in other countries, potential to develop mutual trust/cross-border cooperation among EU countries, etc.

Which countries will benefit from the project (directly and indirectly)? Where will the activities take place?

#### 2. QUALITY

#### 2.1 Concept and methodology

#### Concept and methodology

Outline the approach and methodology behind the project. Explain why they are the most suitable for achieving the project's objectives.

Insert text

#<mark>§CON-MET-CM§# #@CON-SOR-CS@</mark>#

#### 2.2 Consortium set-up

#### Consortium cooperation and division of roles (if applicable)

Describe the participants (Beneficiaries, Affiliated Entities and Associated Partners, if any) and explain how they will work together to implement the project. How will they bring together the necessary expertise? How will they complement each other?

In what way does each of the participants contribute to the project? Show that each has a valid role and adequate resources to fulfil that role.

**Note:** When building your consortium you should think of organisations that can help you reach objectives and solve problems.

Insert text

#### 2.3 Project teams, staff and experts

#### Project teams and staff

Describe the project teams and how they will work together to implement the project.

List the staff included in the project budget (budget category A) by function/profile (e.g. project manager, senior expert/advisor/, junior expert/advisor/, trainers/teachers, technical personnel, administrative personnel etc. and describe briefly their tasks.

Name and function	Organisation	Role/tasks/professional profile and expertise

Outside resources (subcontracting, seconded staff, etc)

If you do not have all skills/resources in-house, describe how you intend to get them (contributions of members, partner organisations, subcontracting, etc). If there is subcontracting, please also complete the table in section 4.

Insert text

#### 2.4 Consortium management and decision-making

Consortium management and decision-making (if applicable)

Explain the management structures and decision-making mechanisms within the consortium. Describe how decisions will be taken and how regular and effective communication will be ensured. Describe methods to ensure planning and control.

**Note:** The concept (including organisational structure and decision-making mechanisms) must be adapted to the complexity and scale of the project.

Insert text

#### 2.5 Project management, quality assurance and monitoring and evaluation strategy

#### Project management, quality assurance and monitoring and evaluation strategy

Describe the measures planned to ensure that the project implementation is of high quality and completed in time.

Describe the methods to ensure good quality, monitoring, planning and control.

Describe the evaluation methods and indicators (quantitative and qualitative) to monitor and verify the outreach and coverage of the activities and results (including unit of measurement, baseline and target values). The indicators proposed to measure progress should be relevant, realistic and measurable.

#### 2.6 Cost effectiveness and financial management

#### Cost effectiveness and financial management

Describe the measures adopted to ensure that the proposed results and objectives will be achieved in the most costeffective way.

Indicate the arrangements adopted for the financial management of the project and, in particular, how the financial resources will be allocated and managed within the consortium.

L Do NOT compare and justify the costs of each work package, but summarize briefly why your budget is cost effective

#### 2.7 Risk management

#### Critical risks and risk management strategy

Describe critical risks, uncertainties or difficulties related to the implementation of your project, and your measures/strategy for addressing them.

Indicate for each risk (in the description) the impact and the likelihood that the risk will materialise (high, medium,

low), even after t	aking into account the mitigating measur	es.

#### 3. IMPACT

#### 3.1 Impact and ambition

#### Impact and ambition

Define the short and long-term effects of the project.

How will the target groups benefit concretely from the project and what would change for them?

Does the project aim to trigger change/innovation? If so, describe them and the degree of ambition (progress beyond the status quo).

Insert text

#§IMP-ACT-IA§# #@COM-DIS-VIS-CDV@#

#### 3.2 Communication, dissemination and visibility

#### Communication, dissemination and visibility of funding

Describe the communication and dissemination activities which are planned in order to promote the activities/results and maximise the impact (to whom, which format, how many, etc.). Clarify how you will reach the target groups, relevant stakeholders, policymakers and the general public and explain the choice of the dissemination channels. Describe how the visibility of EU funding will be ensured.

Insert text

#### 3.3 Sustainability and continuation

#### Sustainability, long-term impact and continuation

Describe the follow-up of the project after the EU funding ends. How will the project impact be ensured and sustained?

What will need to be done? Which parts of the project should be continued or maintained? How will this be achieved? Which resources will be necessary to continue the project? How will the results be used?

Are the results of the project replicable and usable and is there potential to amplify them within the EU countries targeted by the action and/or in other EU countries beyond those directly targeted by the action?

Are there any possible synergies/complementarities with other (EU funded) activities that can build on the project results?

WORK PACKAGES

#### Work packages

This section concerns a detailed description of the project activities.

Group your activities into work packages. A work package means a major sub-division of the project. For each work package, enter an objective (expected outcome) and list the activities, milestones and deliverables that belong to it. The grouping should be logical and guided by identifiable outputs.

Projects should normally have a minimum of 2 work packages. WP1 should cover the management and coordination activities (meetings, coordination, project monitoring and evaluation, financial management, progress reports, etc) and all the activities which are cross-cutting and therefore difficult to assign to another specific work package (do not try splitting these activities across different work packages). WP2 and further WPs should be used for the other project activities. You can create as many work packages as needed by copying WP1.

Work packages covering financial support to third parties ( only allowed if authorised in the Call document) must describe the conditions for implementing the support (for grants: max amounts per third party; criteria for calculating the exact amounts, types of activity that qualify (closed list), persons/categories of persons to be supported and criteria and procedures for giving support; for prizes: eligibility and award criteria, amount of the prize and payment arrangements).

L Enter each activity/milestone/output/outcome/deliverable only once (under one work package).

#### **Objectives**

List the specific objectives to which the work package is linked.

#### Activities and division of work (WP description)

Provide a concise overview of the work (planned tasks). Be specific and give a short name and number for each task.

Show who is participating in each task: Coordinator (COO), Beneficiaries (BEN), Affiliated Entities (AE), Associated Partners (AP), indicating in bold the task leader.

Add information on other participants' involvement in the project e.g. subcontractors, in-kind contributions.

#### Note:

In-kind contributions: In-kind contributions for free are cost-neutral, i.e. cannot be declared as cost. Please indicate the in-kind contributions that are provided in the context of the work package. The Coordinator remains fully responsible for the coordination tasks, even if they are delegated to someone else. Coordinator tasks cannot be subcontracted.

If there is subcontracting, please also complete the table below.

#### Milestones and deliverables (outputs/outcomes)

Milestones are control points in the project that help to chart progress (e.g. completion of a key deliverable allowing the next phase of the work to begin). Use them only for major outputs in complex projects, otherwise leave the section empty. Please limit the number of milestones by work package.

Means of verification are how you intend to prove that a milestone has been reached. If appropriate, you can also refer to indicators.

**Deliverables** are project outputs which are submitted to show project progress (any format). Refer only to major outputs. Do not include minor sub-items, internal working papers, meeting minutes, etc. Limit the number of deliverables to max 10-15 for the entire project. You may be asked to further reduce the number during grant preparation.

For deliverables such as meetings, events, seminars, trainings, workshops, webinars, conferences, etc., enter each deliverable separately and provide the following in the 'Description' field: invitation, agenda, signed presence list, target group, number of estimated participants, duration of the event, report of the event, training material package, presentations, evaluation report, feedback questionnaire.

For deliverables such as manuals, toolkits, guides, reports, leaflets, brochures, training materials etc., add in the 'Description' field: format (electronic or printed), language(s), approximate number of pages and estimated number of copies of publications (if any).

For each deliverable you will have to indicate a due month by when you commit to upload it in the Portal. The due month of the deliverable cannot be outside the duration of the work package and must be in line with the timeline provided below. Month 1 marks the start of the project and all deadlines should be related to this starting date.

The labels used mean:

Public — fully open ( determinationally posted online on the Project Results platforms)

Sensitive — limited under the conditions of the Grant Agreement

EU classified — RESTREINT-UE/EU-RESTRICTED, CONFIDENTIEL-UE/EU-CONFIDENTIAL, SECRET-UE/EU-SECRET under Decision 2015/444. For items classified under other rules (e.g. national or international organisation), please select the equivalent EU classification level.
