DISCLAIMER

The 2021-2027 programme for education, training, youth and sport proposed by the European Commission on 30 May 2018 (hereafter 'the programme') has not been yet adopted by the European legislative authority. Nonetheless, the Commission has decided to publish this call for proposals in order to allow a smooth implementation of the programme as soon as its basic act has been adopted by the European legislator and to enable potential beneficiaries of European Union grants to prepare their proposals in good time.

Furthermore, the implementation of this call for proposals is subject to the following conditions:

- *the adoption by the European legislative authority of the basic act establishing the programme without any significant modifications,*
- *a positive opinion or lack of objection by the programme committee established in the basic act,*
- *the adoption by the Commission of the 2021 annual work programme, after referral of the committee of the programme, and*
- *the availability of the appropriations provided for in the draft budget for 2021 after the adoption of the budget for 2021 by the budgetary authority or if the budget is not adopted as provided for in the system of provisional twelfths.*

Therefore, this call for proposals does not legally bind the Commission. In case of a substantial modification of the basic act by the European legislators, the contracting authority reserves the right to abandon or cancel the present call for proposals and to launch other calls with different content and appropriate deadlines for submission.

This call for proposals is launched by the Directorate General Education, Youth Sport and Culture (DG EAC). DG EAC may subsequently delegate the management of the call to the European Education and Culture Executive Agency (EACEA) under condition that the delegation has been accepted by EACEA and that the legal basis has entered into force.

0. Introduction

This is a call for **Erasmus Charter for Higher Education (ECHE) quality certifications** under the **Erasmus+ Programme**.

ECHE sets out the fundamental principles and the minimum requirements with which higher education institutions (HEIs) must comply when applying for and implementing activities under the Erasmus + Programme (2021-2027).

The regulatory framework for this EU Funding Programme is set out in:

- Regulation 2018/1046 (EU Financial Regulation)
- the basic act (Erasmus+ Regulation).

The call will remain open for the entire programming period 2021-2027 (with yearly cut-off dates) and will be managed by the **European Education and Culture Executive Agency (EACEA)**.

Specifically in 2021, it covers the following **topics**:

- **ERASMUS-EDU-2021-ECHE-CERT-LP - Erasmus Charter for Higher Education ECHE (Topic 1 light procedure) – Active and compliant HEIs**

- **ERASMUS-EDU-2021-ECHE-CERT-FP - Erasmus Charter for Higher Education ECHE (Topic 2 full procedure) – Inactive and new HEIs**

Topic 1 is open for HEIs that:

- have participated in Erasmus+ activities in calls published from 2017 onwards and
- are in compliance with the Erasmus Charter for Higher Education principles.

Topic 1 light procedure is only open in 2021. As from 2022, only Topic 2 full procedure will be available.

Erasmus+ National Agencies will inform you about the application procedure you need to follow. If in doubt, please contact your National Agency (contact information available on the Europa website).

We invite you to read the **call documentation** on the Funding & Tenders Portal Topic page carefully, and in particular this Call Document, the Charter, the ECHE Guidelines and the EU Funding & Tenders Portal Online Manual.

These documents provide clarifications and answers to questions you may have when preparing your application:

- the Call Document outlines the:
 - background, objectives, scope of the certification (section 1)
 - timetable (section 2)
 - admissibility and eligibility conditions (including mandatory documents; sections 3 and 4)
 - criteria for exclusion (section 5)
 - evaluation and award procedure (section 6)
 - award criteria (section 7)
 - other conditions (section 8)
- the Online Manual outlines the procedures to register and submit applications online via the EU Funding & Tenders Portal ('Portal').
- the ECHE Guidelines describe how the ECHE principles should be implemented.

1. Background, objectives and scope

The Erasmus Charter for Higher Education (ECHE) is an EU quality certificate for higher education institutions (HEIs). It is a prerequisite for all HEIs from Erasmus+ Programme countries to apply for funding under Erasmus+ calls (including calls managed by Erasmus+ National Agencies).

By applying for the ECHE, the HEI confirms that its participation in Erasmus+ is part of its strategy for modernisation and internationalisation. This strategy acknowledges the key contribution of student and staff mobility and of participation in transnational cooperation projects, to the quality of its higher education programmes and student experience. The ECHE aims to reinforce the quality of student and staff mobility, as well as of cooperation projects.

The certification procedure consists in validating the status as a 'higher education institution (HEI)' and certifying compliance with the ECHE quality standards (Erasmus Policy Statement, quality of organisation and management structures and the implementation of ECHE principles).

The ECHE will be valid for the entire duration of the Erasmus+ Programme 2021-2027 (and up until the end of projects funded under that Programme). The award of the ECHE does not automatically imply any direct funding under the Erasmus+ Programme.

ECHE holders will be subject to regular monitoring by the National Agencies.

Applications must be submitted before the **call deadline** (see *timetable section 2*).

Applications must be submitted **electronically** via the Funding & Tenders Portal Electronic Submission System (accessible via the Topic page in the Search Funding & Tenders section). Paper submissions are NOT possible.

Applications must be submitted using the forms provided *inside* the Submission System (⚠ NOT the documents available on the Topic page — they are only for information).

Proposals must be **complete** and contain all the requested information:

- Application Form Part A — contains administrative information about the applicant
- Application Form Part B — contains the technical description of the project (EPS, HEI profile and organisation and management structure) (*to be downloaded from the Portal Submission System, completed and re-uploaded*).

Your application must be **readable, accessible, printable**.

Applications are limited to maximum 25 pages (Part B). Evaluators will not consider any additional pages.

 For more information about the submission process (including IT aspects), consult the Online Manual.

4. Eligibility

In order to be eligible, the applicant must:

- be a higher education institution (HEI) (public or private) and
- be established in one of the eligible countries, i.e.:
 - Erasmus+ Programme Countries:
 - EU Member States (including overseas countries and territories (OCTs))
 - non-EU countries:
 - listed EEA countries and countries associated to the Erasmus+ Programme (associated countries) or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature

Higher education institutions (HEIs) — These are institutions which offer recognised degrees or other tertiary level qualifications and other comparable institutions at tertiary level, if recognised by the national authorities. The applicant must be recognised as higher education institution by the national authority of its country. After closure of the call, the national authorities will be asked by EACEA to confirm that they are recognised in their countries.

Countries currently negotiating association agreements — Beneficiaries from countries with ongoing negotiations (*see list above*) may participate in the call and can be awarded the ECHE if the negotiations are concluded.

EU restrictive measures — Special rules apply for entities from certain countries (*e.g. entities subject to EU restrictive measures under Article 215 of the Treaty on the Functioning of the EU (TFEU)*¹ and entities covered by Commission Guidelines No 2013/C 205/05²). Such entities are not eligible to participate in EU projects and can NOT obtain a certificate.

All applicants must register in the Participant Register — before the call deadline.

5. Exclusion

Applicants which are subject to **EU administrative sanctions** (i.e. exclusion or financial penalty decision)³ or in one of the **exclusion situations** that bar them from receiving EU funding (bankruptcy, breach of social security or tax obligations, grave professional misconduct, breach of key obligations in an EU grant, etc) can NOT receive a certificate.⁴

6. Evaluation and award procedure

Applications will be subject to a formal evaluation procedure.

¹ Please note that the EU Official Journal contains the official list and, in case of conflict, its content prevails over that of the [EU Sanctions Map](#).

² Commission guidelines No [2013/C 205/05](#) on the eligibility of Israeli entities and their activities in the territories occupied by Israel since June 1967 for grants, prizes and financial instruments funded by the EU from 2014 onwards (OJEU C 205 of 19.07.2013, pp. 9-11).

³ See Article 136 EU Financial Regulation [2018/1046](#).

⁴ See Articles 136 and 141 EU Financial Regulation [2018/1046](#).

They will be checked for formal requirements (admissibility and eligibility) and then evaluated by an **evaluation committee** (assisted by independent outside experts) against the award criteria (section 7)

For 2021, a lighter procedure (without detailed information on current activities) will be applied for topic 1 (light procedure — active HEIs), given that these institutions have a valid certificate for the previous Erasmus+ Programme and that the award criteria have not changed.

Applications that pass the evaluation will be included in the award list.

All applicants will be informed about the evaluation result (**evaluation result letter**). Successful applications will be awarded the certificate; not successful ones will be rejected.

If you believe that the evaluation procedure was flawed, you can submit a **complaint** (following the deadlines and procedures set out in the evaluation result letter). Please note that notifications which have not been opened within 10 days after sending are considered to have been accessed and that deadlines will be counted from opening/access (*see also Funding & Tenders Portal Terms and Conditions*).

Each award criterion will be scored as fulfilled or not fulfilled (Yes/No). Only institutions that pass all three criteria will be certified. Other applications will be rejected.

8. Other conditions

Communication and visibility

ECHE holders must promote the Erasmus+ Programme activities and must display the Charter prominently on their website (in the official languages of their country and at least another widely spoken Programme Country language).

Monitoring

ECHE holders will be subject to regular monitoring by the Erasmus+ National Agencies, on compliance with the ECHE principles.

If problems are identified, an action plan will be agreed between the holder and the Erasmus+ National Agency to solve the issues. If the action plan is not properly implemented (or late) the National Agency will report this to EACEA and this may lead to the withdrawal of the certificate.

 For more information about the monitoring of the ECHE principles, see the ECHE Monitoring Guide for Erasmus+ National Agencies.

Withdrawal

EACEA may withdraw the certificate if the institution loses its status as 'higher education institution' or no longer complies with the ECHE quality standards.
