DISCLAIMER:

The implementation of this call for proposals is subject to the adoption by the Commission of the review of the 2023 Annual Work Programme.

Therefore, this call for proposals does not legally bind the Commission. In case of a substantial modification, the contracting authority reserves the right to abandon or cancel the present call for proposals and to launch another call with different content and appropriate deadlines for submission.

0. Introduction

This is a call for proposals for EU **operating grants** in the field of civil society cooperation in education and training (topic 1) - and youth (topic 2) under the **Erasmus+ Programme**.

The regulatory framework for this EU Funding Programme is set out in:

- Regulation 2018/1046 ([EU Financial Regulation](#))
- the basic act (Erasmus+ Regulation [2021/817](#)¹).

The implementation of this call for proposals is subject to the adoption by the Commission of the review of the 2023 Annual Work Programme².

Therefore, this call for proposals does not legally bind the Commission. In case of a substantial modification, the contracting authority reserves the right to abandon or cancel the present call for proposals and to launch another call with different content and appropriate deadlines for submission.

The call will be managed by the **European Education and Culture Executive Agency (EACEA)** ('Agency').

Operating grants provide general financial support to organisations whose statutory activities serve the strategic objectives of EU policies (*mainly non-profit organisations, voluntary associations, foundations, NGOs or similar*). They do not support a specific project (like action grants), but the annual operating budget of the organisation (or part of it). Operating grants are always mono-beneficiary grants supporting the work programme of activities of only one organisation³. They follow the same rules for the grant agreements as action grants, but do not differentiate between direct and indirect costs. Receiving an operating grant may however have an impact on the possibility to receive the indirect costs flat-rate in EU action grants (see [AGA – Annotated Grant Agreement, art 6.2.E](#)).

Please note that for the first year, the Framework Partnership Agreement (FPA) and the Specific Grant Agreement (SGA) calls are published in parallel due to time constraints. You must first complete the FPA application, and then use the FPA application number in your SGA application. Grant agreements (SGAs) can only be signed if the FPA has been signed, and before the end date of the FPA.

The call covers the following **topics**:

Topic 1: ERASMUS-EDU-2023-CSC-OG-SGA – Civil Society Cooperation in the field of Education and Training

Topic 2: ERASMUS-YOUTH-2023-CSC-OG-SGA – Civil Society Cooperation in the field of Youth

Each project application under the call must address only one of these topics.

We invite you to read the **call documentation** carefully, and in particular this Call Document, the Model Grant Agreement, the [EU Funding & Tenders Portal Online Manual](#) and the [EU Grants AGA – Annotated Grant Agreement](#).

- the AGA — Annotated Grant Agreement contains:
 - detailed annotations on all the provisions in the Grant Agreement you will have to sign in order to obtain the grant (*including cost eligibility, payment schedule, accessory obligations, etc*).

You are also encouraged to visit the [Erasmus+ Project Results](#) website to consult the list of projects funded previously.

1. Background

Every year, an operating grant (through a Specific Grant Agreement) may be awarded to framework partners⁴ to finance their activities, insofar as these are in line with the programme's objectives in the area concerned and the policy priorities that may be established by the European Commission. The costs of general administrative expenditure necessary for the running of these organisations may also be covered.

Cooperation with high quality civil society organisations is relevant due to their broad contact with end users through their extensive networks at both European and national level. They have a dual role given their top-down multiplier effect and their bottom-up contribution to policy development.

The cooperation will also promote policy transfer, learning and support on EU objectives and priorities among the relevant stakeholders in the participating countries as well as relay their views to the Commission.

⁴ Framework partners selected through the call: ERASMUS-2023-CSC-OG-FPA.

Such cooperation contributes to create a broad sense of ownership in relation to EU actions and policies relevant to people and to take into consideration ideas and concerns of civil society at all levels.

It is vital for securing the active involvement of civil society stakeholders, for promoting their participation in the Erasmus+ Programme, the European Solidarity Corps and other European Union programmes and for disseminating policy, programme results and good practice among stakeholders through their networks and beyond.

Specifically for the two topics:

Topic 1: ERASMUS-EDU-2023-CSC-OG-SGA

Cooperation with civil society organisations in the field of education and training is necessary for raising awareness about and contributing to the achievement of the European Education Area⁵ and other European sector-specific policy agendas among Europe's citizens.

Cooperation with civil society organisations is also instrumental in providing the Commission with analysis and advice on the main education and training priorities, especially those established under the European Education Area and the Digital Education Action Plan⁶.

Topic 2: ERASMUS-YOUTH-2023-CSC-OG-SGA

Cooperation with civil society organisations in the field of youth is necessary for raising awareness about the EU Youth Strategy⁷ and the legacy of the European Year of Youth⁸.

Cooperation with civil society organisations is also instrumental in providing the Commission with analysis and advice on the main youth priorities, especially those established under the EU Youth Strategy.

Cooperation with civil society organisations in the youth field is essential in realising the principles of youth participation in democratic life as laid down in article 165 of the Treaty on the Functioning of the European Union and the EU Youth Strategy⁹.

⁹ Idem footnote 7.

Objectives

The objective of the present topic is to provide structural support, referred to as operating grants, to European non-governmental organisations (ENGOS) and EU-wide networks active in the field of education and training pursuing the following general aims:

- ✓ Raise awareness of European policy agendas in education and training, in particular for the European Education Area.
- ✓ Increase stakeholder commitment and cooperation with public authorities for the implementation of policies and reforms in the fields of education and training, in particular for the implementation of policies in line with the European Education Area objectives, and in areas relevant for the country-specific recommendations issued in the framework of the European Semester.
- ✓ Boost stakeholder participation in the fields of education and training, - including by building upon the potential of digital communication alongside other forms of participation.
- ✓ Boost involvement of stakeholders and civil society in the dissemination of policy and programme actions, including results and good practice among their membership and beyond.

The topic also embraces the four general priorities of the Von der Leyen Commission as embedded in the Erasmus+ programme namely – *inclusion and diversity*, - *digital transformation*, - *environment and fight against climate change* as well as *participation in democratic life*.

These general objectives draw on the assets of ENGOS and EU-wide networks and on their capacity to reach out to large numbers of interested parties and to advocate EU policy priorities. They should therefore be clearly embedded in the work plans, activities and deliverables of the applicant organisations.

Themes and priorities (scope)

Civil society organisations active in the field of education and training are expected to develop and implement **innovative, targeted and creative** strategies and activities to support the effective implementation of reforms and actions in the following areas:

- *Improving quality, equity, inclusion and gender equality for all in education and training* through helping mastering basic - including digital - skills and transversal skills; maintaining education and training institutions as safe environments, free of violence, bullying, harmful speech, disinformation and discrimination; bringing a European perspective in education; supporting teachers in managing linguistic and cultural diversity; fostering language learning and multilingualism; supporting Member States to comply with the UN Convention on the Rights of Persons with Disabilities; helping to decouple educational attainment and achievement from socio- economic and cultural status; making vocational education and training systems more agile, resilient and future-proof; strengthening cross-border cooperation in youth work and promote non-formal learning; improving gender sensitivity in education and dissolve gender stereotypes; and promoting gender balance in leadership positions.
- *Supporting the green and digital transitions in education and training* through enabling change in people's behaviour and skills; fostering sustainable education & training infrastructure; increasing the number of professionals working towards a climate-neutral and resource-efficient economy; integrating environmental sustainability perspectives across natural and human sciences;

supporting shifts in skills, methods, processes and cultures; equipping people with competences needed for a labour market transformed by technological change.

- *Enhancing competence and motivation in the education profession for teachers and trainers* through: promoting attractive career structures; improving selection, recruitment and retention; supporting effective induction schemes that combine professional, social and personal support; promoting accessible, affordable and relevant continuing professional development; promoting team teaching, mutual classroom observation and professional learning communities; contributing to developing online communities and resources for school professionals.
- *Reinforcing European higher education* through promoting cooperation between higher education institutions; developing transnational cooperation between institutions; supporting higher education institutions as central actors of the knowledge square; supporting specialised education programmes in advanced digital skills.
- *Making lifelong learning and mobility a reality for all* through promoting the dual freedom for learners and teachers to be mobile and institutions to freely associate within Europe and beyond; making international mobility of students, teachers and teacher trainers part of teacher education; supporting robust and inclusive lifelong learning strategies to enable to re-enter education or update skills; promoting inclusive higher education institutions for lifelong learning (through recognition and portability of short courses/ micro-credentials, automatic recognition, quality assurance of joint transnational activities); promoting collaboration between education institutions to attract the best talent worldwide; promoting peer learning and joint international research and innovation
- *Contributing to the geopolitical dimension of the European Education Area* through strengthening international cooperation; promoting European interests and values in the world; rolling-out ambitious partnerships with partner countries across the globe; supporting ongoing reform processes in Africa, the Western Balkans and the Neighbourhood countries; widening the association of non-EU countries to the EEA, especially those of the Western Balkans.

Activities that can be funded (scope)

Eligible activities must be directly linked to the objectives and priorities of the present Topic and must be coherent, consistent and cost-effective. Activities may be performed at European, cross-border, national, regional or local level. The activities described should cover year 2023.

EU-wide networks are expected to actively contribute to the reflections on the implementation of the European Education Area in 2023, in particular by engaging their members in preparing, participating and implementing activities that can feed into such reflections. This includes implementing events and conferences where EU work towards building the European Education Area will be the focus.

The costs of general administrative expenditure necessary for the running of the organisations may also be covered. The activities must be directly linked to the objectives and priorities of the Call and must be detailed in an annual work programme for 2023.

The following is an indicative, non-exhaustive list:

- Activities facilitating access and participation of stakeholders in the implementation

of EU policy priorities in the field of education and training;

- Exchanges of experience and good practice; networking and partnerships with other stakeholders;
- Capacity-building for the member organisations, including peer learning, training, advisory, guidance and coaching activities to improve the effectiveness of policy actions;
- Initiatives and events for developing the membership of the ENGO/EU-wide networks;
- Awareness-raising, information, dissemination and promotion activities (seminars, workshops, campaigns, meetings, public debates, consultations, etc.) on EU policy priorities in the field of education and training and on EU funding instruments (European programmes, in particular Erasmus+, European Structural and Investment Funds) to support these priorities. Activities establishing synergies between Erasmus+ and other EU or national/regional funding sources are encouraged.
- Cooperation activities to increase policy impact on target groups, sectors and/or systems.

All the above activities should contribute to widening the outreach to ensure a diversity of voices, reach people within and beyond education and training organisations, thereby using a variety of traditional and digital channels.

Expected impact

- The expected quantitative and qualitative impacts of the activities and deliverables on the target group(s), on policy or strategies concerned, in the short and long term and at European, national, regional or local level.
- The impact of involving target groups in the proposed activities and in the production of the proposed deliverables.
- The impact of the work programme on awareness and active commitment, and how it will facilitate exchanges and debates between actors from different sectors, levels and countries on key policy issues.

Topic 2: ERASMUS-YOUTH-2023-CSC-OG-SGA

Objectives

The objective of the present Topic is to provide structural support, referred to as operating grants, to European non-governmental organisations (ENGOS) and EU-wide networks active in the field of youth pursuing the following general aims/objectives:

- Raise awareness of the EU Youth Strategy including the European Youth Goals, through actions to engage, connect and empower youth;
- Increase commitment and cooperation of youth civil society actors with public authorities for the implementation of policies in areas relevant for young people;
- Boost youth stakeholder participation, including by building upon the potential of digital communication alongside other forms of participation;
- Boost youth civil society involvement in the dissemination of policy and programme actions including results and good practices among their membership and beyond.

The Topic also embraces the four general priorities of the Von der Leyen Commission as embedded in the Erasmus+ programme namely – *inclusion and diversity*, - *digital*

transformation, - environment and fight against climate change as well as participation in democratic life.

These general objectives draw on the assets of youth ENGOs and EU-wide networks and on their capacity to reach out to large numbers of interested parties and to advocate EU policy priorities. They should therefore be clearly embedded in the work plans, activities and deliverables of the applicant organisations.

Themes and priorities (scope)

The EU Youth Strategy 2019-2027 focuses on **three core areas of action**:

- **ENGAGE** which aims towards a meaningful civic, democratic, economic, social, cultural and political participation of young people;
- **CONNECT** which is to foster different and inclusive forms of learning mobility for young people across the European Union and beyond, to make new connections, relations and exchange of experience, as well as engagement in solidarity and volunteering activities;
- **EMPOWER** which aims to encourage young people to take charge of their own lives.

In line with the EU Youth Strategy, the Topic will promote activities aiming at engaging, connecting and empowering young people.

Activities that can be funded (scope)

Eligible activities must be directly linked to the objectives and priorities of the present Topic and must be coherent, consistent and cost-effective. Activities may be performed at European, cross- border, national, regional or local level. The activities should be described covering 2023.

The costs of general administrative expenditure necessary for the running of the organisations may also be covered. The activities must be directly linked to the objectives and priorities of the Call and must be detailed in an annual work programme for 2023.

The organisations active in the field of youth that will be supported under this call are expected to carry out activities such as (the following is an indicative non-exhaustive list):

- Activities facilitating access and participation of stakeholders in the implementation of EU policy priorities in the field of youth, including those activities building on the achievements and contributing to the long-lasting legacy of the European Year of Youth;
- Exchanges of experience and good practice; networking and partnerships with other stakeholders;
- Capacity-building for the member organisations, including peer learning, training, advisory, guidance and coaching activities to improve the effectiveness of policy actions;
- Initiatives and events for developing the membership of the ENGO/EU-wide networks;
- Awareness-raising, information, dissemination and promotion activities (seminars, workshops, campaigns, meetings, public debates, consultations, etc.) on EU policy priorities in the field of youth and on EU funding instruments (EU programmes, in particular Erasmus+, European solidarity Corps) to support these priorities;
- Cooperation activities to increase policy impact on target groups, sectors and/or

systems.

All the above activities should contribute to widening the outreach towards young people to ensure a diversity of voices, reach young people within and beyond youth organisations and youth with fewer opportunities, thereby using a variety of traditional and digital channels.

Expected impact

- The expected quantitative and qualitative impacts of the activities and deliverables on the target group(s), on policy or strategies concerned, in the short and long term and at European, national, regional or local level.
- The impact of involving target groups in the proposed activities and in the production of the proposed deliverables.
- The impact of the work programme on awareness and active commitment, and how it will facilitate exchanges and debates between actors from different sectors, levels and countries on key policy issues.

3. Available budget

The available call budget is EUR 5.000.000 for Topic 1, and EUR 8.000.000 for Topic 2. The budget might be increased in line with the budget flexibility clause established in the Work Programme.

Specific budget information per topic can be found in the table below:

Topic	Topic budget
1 — ERASMUS-EDU-2023-CSC-OG-SGA	EUR 5.000.000
2 — ERASMUS-YOUTH-2023-CSC-OG-SGA	EUR 8.000.000

We reserve the right not to award all available funds or to redistribute them between the call priorities, depending on the proposals received and the results of the evaluation.

5. Admissibility and documents

Proposals must be submitted before the **call deadline** (see *timetable section 4*).

Proposals must be submitted **electronically** via the Funding & Tenders Portal Electronic Submission System (accessible via the Topic page in the [Search Funding & Tenders](#) section). Paper submissions are NOT possible.

Proposals (including annexes and supporting documents) must be submitted using the forms provided *inside* the Submission System (⚠ NOT the documents available on the Topic page — they are only for information).

Proposals must be **complete** and contain all the requested information and all required annexes and supporting documents:

- Application Form Part A — contains administrative information about the participants (future coordinator, beneficiaries and affiliated entities) and the summarised budget for the project (*to be filled in directly online*)
- Application Form Part B — contains the technical description of the project (*to be downloaded from the Portal Submission System, completed and then assembled and re-uploaded*)
- **mandatory annexes and supporting documents** (*to be uploaded*):

- detailed budget table/calculator: applicable
- CVs (standard) of core project team: not applicable
- activity reports of last year: not applicable
- list of previous projects (key projects for the last 4 years): *(template available in Part B)*: not applicable

Your application must be **readable, accessible and printable**.

Proposals are limited to maximum **70 pages** (Part B). Evaluators will not consider any additional pages.

You may be asked at a later stage for further documents *(for legal entity validation, financial capacity check, bank account validation, etc)*.

 For more information about the submission process (including IT aspects), consult the [Online Manual](#).

6. Eligibility

Eligible participants (eligible countries)

In order to be eligible, the applicants (beneficiaries and affiliated entities) must:

- be legal entities (public or private bodies)
- be established in one of the eligible countries, i.e.:
 - Erasmus+ Programme Countries:
 - EU Member States (including overseas countries and territories (OCTs))
 - non-EU countries:
 - listed EEA countries and countries associated to the Erasmus+ Programme or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature ([list of participating countries](#))

To be eligible, applicants must be:

- ✓ non-governmental;
- ✓ not-for-profit-making;

Neither Erasmus+ National Agencies nor organisations having overwhelmingly Erasmus+ National Agencies as members (2/3 or more) are eligible organisations under this Call.

For topic 1, this Call is open to two categories of bodies:

- ✓ Category 1: European non-governmental organisations (ENGO) in the field of education and training;
- ✓ Category 2: EU-wide networks in the field of education and training.

Category 1: European non-governmental organisations (ENGO) in education and training

For the purpose of this programme, these are NGOs that operate through a formally recognised structure composed of a European body/secretariat legally established for at least one year in an EU Member State or third country associated to the Programme and of national organisations/branches in at least nine EU Member States

and third countries associated to the Programme. These national organisations/branches must:

- have a proven statutory link¹⁰ with the European body/secretariat;
- be active in the field of education and training.

Category 2: EU-wide network

An EU-wide network is an umbrella organisation of European non-governmental organisations (ENGOS as defined in category 1). The specificity of such a EU-wide network is that its members are themselves NGOs at European level. A European umbrella organisation thus represents a very large number of European stakeholders and covers a wide range of policy domains. It must:

- ✓ Be composed of legally autonomous ENGOS as defined in category 1 and be active in the implementation of the Strategic Framework for European cooperation in education and training towards the European Education Area and beyond (2021-2030);
- ✓ Fulfil the three following requirements :
 - a) represent more than one major stakeholder group – such as: learners (at all levels of education and training), the teaching profession (including teachers, trainers and school leaders), parents, etc;
and
 - b) be active in all the following sectors:
 - early childhood education and care
 - school education
 - higher education
 - vocational education and training
 - adult learningand
 - c) be active in more than one major cross-sector area (such as citizenship education, ICT and digital education, language learning, entrepreneurship education, etc.) involving one or more representative stakeholder groups as described above;
- ✓ Be *formally* established, i.e. have legal personality and have been legally registered for at least two years in an Eligible country on the date of submission of the application;
- ✓ Have a minimum of 20 member organisations (ENGOS as defined in category 1);
- ✓ Be independent of public authorities, of political parties and commercial organisations;
- ✓ Have at least 7 staff members (staff employed).

¹⁰ This notion implies that the cooperation between the organisations concerned is based on a formalised/documentated relation, which is neither limited to the project they apply for, nor established for the sole purpose of its implementation. This link can cover many forms, from a very integrated one (e.g. one "mother organisation" with its national branches/affiliated entities with or without proper legal entity) to a looser one (e.g. a network functioning through a clearly defined membership modality requiring for instance: the payment of a fee, the signature of a membership contract/agreement, the definition of rights and obligations from the two parties, etc.)

For topic 2, this Call is open to two categories of bodies:

Category 1: European non-governmental organisations (ENGO) in youth

For the purpose of this programme, these are NGOs that operate through a formally recognised structure composed of a European body/secretariat legally established for at least one year in an EU Member State or third country associated to the Programme and of national organisations/branches in at least nine EU Member States and third countries associated to the Programme. These national organisations/branches must:

- have a proven statutory link¹¹ with the European body/secretariat;
- be active in the field of youth.

Category 2: EU-wide network in youth

An **EU-wide network (informal network)** must:

- ✓ Be composed of legally autonomous non-profit organisations active in the field of youth and running activities that support the implementation of the fields of action of the EU Youth Strategy;
- ✓ Operate through an informal governance setting, composed of a) an organisation legally established for at least one year on the date of submission of the application in a Eligible Country with functions of coordination of and support to the network at European level (the Applicant); and b) other organisations established in at least nine Eligible Countries;
- ✓ Involve young people in the management and governance of the network.

In order to justify the links between the different organisations involved in the informal network a memorandum of understanding signed between all organisations involved must be sent at grant agreement stage.

Beneficiaries and affiliated entities must register in the [Participant Register](#) — before submitting the proposal — and will have to be validated by the Central Validation Service (REA Validation). For the validation, they will be requested to upload documents showing legal status and origin.

Other entities may participate in other consortium roles, such as associated partners, subcontractors, third parties giving in-kind contributions, etc (*see section 13*).

Specific cases

Natural persons — Natural persons are NOT eligible (with the exception of self-employed persons, i.e. sole traders, where the company does not have legal personality separate from that of the natural person).

International organisations — International organisations are not eligible. The rules on eligible countries do not apply to them.

Entities without legal personality — Entities which do not have legal personality under their national law may exceptionally participate, provided that their representatives have the capacity to undertake legal obligations on their behalf, and offer guarantees

¹¹ This notion implies that the cooperation between the organisations concerned is based on a formalised/documentated relation, which is neither limited to the project they apply for, nor established for the sole purpose of its implementation. This link can cover many forms, from a very integrated one (e.g. one "mother organisation" with its national branches/affiliated entities with or without proper legal entity) to a looser one (e.g. a network functioning through a clearly defined membership modality requiring for instance: the payment of a fee, the signature of a membership contract/agreement, the definition of rights and obligations from the two parties, etc.)

for the protection of the EU financial interests equivalent to that offered by legal persons¹².

EU bodies — EU bodies (with the exception of the European Commission Joint Research Centre) can NOT be part of the consortium.

Associations and interest groupings — Entities composed of members may participate as 'sole beneficiaries' or 'beneficiaries without legal personality'¹³. ⚠ Please note that if the action will be implemented by the members, they should also participate (either as beneficiaries or as affiliated entities, otherwise their costs will NOT be eligible).

Countries currently negotiating association agreements — Beneficiaries from countries with ongoing negotiations (*see list above*) may participate in the call and can sign grants if the negotiations are concluded before grant signature (with retroactive effect, if provided in the agreement).

EU restrictive measures — Special rules apply for certain entities (*e.g. entities subject to [EU restrictive measures](#) under Article 29 of the Treaty on the European Union (TEU) and Article 215 of the Treaty on the Functioning of the EU (TFEU)*¹⁴ and entities covered by Commission Guidelines No [2013/C 205/05](#)¹⁵). Such entities are not eligible to participate in any capacity, including as beneficiaries, affiliated entities, associated partners, subcontractors or recipients of financial support to third parties (if any).

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

The identity of the applicant (and compliance with general eligibility conditions) will be verified through the documents provided in the [Participant Register](#) during legal entity validation (copy of the resolution, decision or other official document establishing the entity, etc).

[Consortium composition](#)

Only applications by single applicants are allowed (single beneficiaries).

[Eligible activities](#)

Eligible activities are the ones set out in section 2 above.

Projects should take into account the results of projects supported by other EU funding programmes. The complementarities must be described in the project proposals (Part B of the Application Form).

Projects must comply with EU policy interests and priorities (*such as environment, social, security, industrial and trade policy, etc*).

Financial support to third parties is not allowed.

Projects should be consistent with the action plan submitted for the framework partnership. Only applications that have first been awarded a framework partnership will be considered eligible.

[Geographic location \(target countries\)](#)

¹² See Article 197(2)(c) EU Financial Regulation [2018/1046](#).

¹³ For the definitions, see Articles 187(2) and 197(2)(c) EU Financial Regulation [2018/1046](#).

¹⁴ Please note that the EU Official Journal contains the official list and, in case of conflict, its content prevails over that of the [EU Sanctions Map](#).

¹⁵ Commission guidelines No [2013/C 205/05](#) on the eligibility of Israeli entities and their activities in the territories occupied by Israel since June 1967 for grants, prizes and financial instruments funded by the EU from 2014 onwards (OJEU C 205 of 19.07.2013, pp. 9-11).

Proposals must relate to activities taking place in the eligible countries (*see above*).

Duration

The foreseen duration of activities under specific grant agreements is 12 months. The eligibility period is one year and corresponds to the financial year of the beneficiary (extensions are possible, if duly justified and through an amendment).

7. Financial and operational capacity and exclusion

Financial capacity

Applicants must have **stable and sufficient resources** to successfully implement the projects and contribute their share. Organisations participating in several projects must have sufficient capacity to implement all these projects.

The financial capacity check will be carried out on the basis of the documents you will be requested to upload in the [Participant Register](#) during grant preparation (*e.g. profit and loss account and balance sheet, business plan, audit report produced by an approved external auditor, certifying the accounts for the last closed financial year, etc*). The analysis will be based on neutral financial indicators, but will also take into account other aspects, such as dependency on EU funding and deficit and revenue in previous years.

The check will normally be done for all coordinators, except:

- public bodies (entities established as public body under national law, including local, regional or national authorities) or international organisations
- public legal entities, and institutions and organisations in the fields of education and training, youth and sport that have received over 50% of their annual revenue from public sources over the last two years
- if the project requested grant amount is not more than EUR 60 000.

If needed, it may also be done for affiliated entities.

If we consider that your financial capacity is not satisfactory, we may require:

- further information
 - an enhanced financial responsibility regime, i.e. joint and several responsibility for all beneficiaries or joint and several liability of affiliated entities (*see below, section 10*)
 - prefinancing paid in instalments
 - (one or more) prefinancing guarantees (*see below, section 10*)
- or
- propose no prefinancing
 - request that you are replaced or, if needed, reject the entire proposal.

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

Operational capacity

Applicants must have the **know-how, qualifications** and **resources** to successfully implement the projects and contribute their share (including sufficient experience in projects of comparable size and nature).

This capacity will be assessed together with the 'Quality' award criterion, on the basis of the competence and experience of the applicants and their project teams, including operational resources (human, technical and other) or, exceptionally, the measures proposed to obtain it by the time the task implementation starts.

If the evaluation of the award criterion is positive, the applicants are considered to have sufficient operational capacity.

Applicants will have to show their operational capacity via the following information:

- profiles (qualifications and experience) of the staff responsible for managing and implementing the project
- description of the consortium participants

Additional supporting documents may be requested, if needed to confirm the operational capacity of any applicant.

Public bodies, Member State organisations and international organisations are exempted from the operational capacity check.

Exclusion

Applicants which are subject to an **EU exclusion decision** or in one of the following **exclusion situations** that bar them from receiving EU funding can NOT participate¹⁶:

- bankruptcy, winding up, affairs administered by the courts, arrangement with creditors, suspended business activities or other similar procedures (including procedures for persons with unlimited liability for the applicant's debts)
- in breach of social security or tax obligations (including if done by persons with unlimited liability for the applicant's debts)
- guilty of grave professional misconduct¹⁷ (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- committed fraud, corruption, links to a criminal organisation, money laundering, terrorism-related crimes (including terrorism financing), child labour or human trafficking (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- shown significant deficiencies in complying with main obligations under an EU procurement contract, grant agreement, prize, expert contract, or similar (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- guilty of irregularities within the meaning of Article 1(2) of Regulation No [2988/95](#) (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- created under a different jurisdiction with the intent to circumvent fiscal, social or other legal obligations in the country of origin or created another entity with this purpose (including if done by persons having powers of representation,

¹⁶ See Articles 136 and 141 of EU Financial Regulation [2018/1046](#).

¹⁷ Professional misconduct includes: violation of ethical standards of the profession, wrongful conduct with impact on professional credibility, false declarations/misrepresentation of information, participation in a cartel or other agreement distorting competition, violation of IPR, attempting to influence decision-making processes or obtain confidential information from public authorities to gain advantage.

decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant.

Applicants will also be refused if it turns out that¹⁸:

- during the award procedure they misrepresented information required as a condition for participating or failed to supply that information
- they were previously involved in the preparation of the call and this entails a distortion of competition that cannot be remedied otherwise (conflict of interest).

8. Evaluation and award procedure

Proposals will have to follow the **standard submission and evaluation procedure** (one-stage submission + one-step evaluation).

An **evaluation committee** (assisted by independent outside experts) will assess all applications. Proposals will first be checked for formal requirements (admissibility, and eligibility, *see sections 5 and 6*). Proposals found admissible and eligible will be evaluated (for each topic) against the operational capacity and award criteria (*see sections 7 and 9*) and then ranked according to their scores.

For proposals with the same score (within a topic) a **priority order** will be determined according to the following approach:

Successively for every group of *ex aequo* proposals, starting with the highest scored group, and continuing in descending order:

- 1) The *ex aequo* proposals within the same topic will be prioritised according to the scores they have been awarded for the award criterion 'Relevance'. When these scores are equal, priority will be based on their scores for the criterion 'Quality'. When these scores are equal, priority will be based on their scores for the criterion 'Impact'.
- 2) If this does not allow to determine the priority, a further prioritisation can be done by considering the overall project portfolio and the creation of positive synergies between projects, or other factors related to the objectives of the call. These factors will be documented in the panel report.
- 3) After that, the remainder of the available call budget will be used to fund projects across the different topics in order to ensure a balanced spread of the geographical and thematic coverage and while respecting to the maximum possible extent the order of merit based on the evaluation of the award criteria.

All proposals will be informed about the evaluation result (**evaluation result letter**). Successful proposals will be invited for grant preparation; the other ones will be put on the reserve list or rejected.

 No commitment for funding — Invitation to grant preparation does NOT constitute a formal commitment for funding. We will still need to make various legal checks before grant award: *legal entity validation, financial capacity, exclusion check, etc.*

Grant preparation will involve a dialogue in order to fine-tune technical or financial aspects of the project and may require extra information from your side. It may also

¹⁸ See Article 141 EU Financial Regulation [2018/1046](#).

include adjustments to the proposal to address recommendations of the evaluation committee or other concerns. Compliance will be a pre-condition for signing the grant.

If you believe that the evaluation procedure was flawed, you can submit a **complaint** (following the deadlines and procedures set out in the evaluation result letter). Please note that notifications which have not been opened within 10 days after sending are considered to have been accessed and that deadlines will be counted from opening/access (see also [Funding & Tenders Portal Terms and Conditions](#)). Please also be aware that for complaints submitted electronically, there may be character limitations.

9. Award criteria

The **award criteria** for this call are as follows:

Maximum points: 100 points.

Individual thresholds per criterion: 15/30, 25/50 and 10/20 points.

Overall threshold: 60 points.

Proposals that pass the individual thresholds AND the overall threshold will be considered for funding – within the limits of the available call budget. Other proposals will be rejected.

10. Legal and financial set-up of the Grant Agreements

If you pass evaluation, your project will be invited for grant preparation, where you will be asked to prepare the Grant Agreement together with the EU Project Officer.

This Grant Agreement will set the framework for your grant and its terms and conditions, in particular concerning deliverables, reporting and payments.

The Model Grant Agreement that will be used (and all other relevant templates and guidance documents) can be found on [Portal Reference Documents](#).

Starting date and project duration

The project starting date and duration will be fixed in the Grant Agreement (*Data Sheet, point 1*). Normally the starting date will be after grant signature. Retroactive application can be granted exceptionally for duly justified reasons.

The foreseen duration of activities under specific grant agreements is 12 months. The eligibility period is one year and corresponds to the financial year of the beneficiary (extensions are possible, if duly justified and through an amendment).

Milestones and deliverables

The milestones and deliverables for each project will be managed through the Portal Grant Management System and will be reflected in Annex 1 of the Grant Agreement.

Form of grant, funding rate and maximum grant amount

The grant parameters (*maximum grant amount, funding rate, total eligible costs, etc*) will be fixed in the Grant Agreement (*Data Sheet, point 3 and art 5*).

Grants may NOT produce a profit (i.e. surplus of revenues + EU grant over costs). For-profit organisations must declare their revenues and, if there is a profit, we will deduct it from the final grant amount (*see art 22.3*).

Moreover, please be aware that the final grant amount may be reduced in case of non-compliance with the Grant Agreement (*e.g. improper implementation, breach of obligations, etc*).

The grant will be a lump sum grant. This means that it will reimburse a fixed amount, based on a lump sum or financing not linked to costs. The amount is prefixed by the granting authority (see below).

Budget categories for this call:

Lump sum contributions

		N° of staff per organisation	Lump sum proposed
TOPIC 1: CSC Education and Training	For European ENGOs	From 1 to 2 staff members	EUR 105.000
		From 3 to 4 staff members	EUR 140.000
		5 or more staff members	EUR 175.000
	For EU-wide formal Networks	From 7 to 8 members 9 or more staff members	EUR 280.000 EUR 330.000
Topic 2: CSC Youth	For European ENGOs and EU-wide informal Networks	From 1 to 2 staff members	EUR 75.000
		From 3 to 4 staff members	EUR 100.000
		5 or more staff members	EUR 125.000

Specific cost eligibility rules for this call:

- the lump sum amount must be calculated in accordance with the methodology set out in the lump sum decision and using the detailed budget table/calculator provided (if any)¹⁹

Reporting and payment arrangements

The reporting and payment arrangements are fixed in the Grant Agreement (*Data Sheet, point 4 and art 21 and 22*).

After grant signature, you will normally receive a **prefinancing** to start working on the project (float of normally **80%** of the maximum grant amount; exceptionally less or no prefinancing). The prefinancing will be paid 30 days from entry into force/financial guarantee (if required) — whichever is the latest.

There will be no **interim payments**.

Payment of the balance: At the end of the project, we will calculate your final grant amount. If the total of earlier payments is higher than the final grant amount, we will ask you (your coordinator) to pay back the difference (recovery).

All payments will be made to the coordinator.

 Please be aware that payments will be automatically lowered if one of your consortium members has outstanding debts towards the EU (granting authority or other EU bodies). Such debts will be offset by us — in line with the conditions set out in the Grant Agreement (*see art 22*).

Please also note that you are responsible for keeping records on all the work done.

Prefinancing guarantees

If a prefinancing guarantee is required, it will be fixed in the Grant Agreement (*Data Sheet, point 4*). The amount will be set during grant preparation and it will normally be equal or lower than the prefinancing for your grant.

The guarantee should be in euro and issued by an approved bank/financial institution established in an EU Member State. If you are established in a non-EU country and would like to provide a guarantee from a bank/financial institution in your country, please contact us (this may be exceptionally accepted, if it offers equivalent security).

Amounts blocked in bank accounts will NOT be accepted as financial guarantees.

Prefinancing guarantees are formally NOT linked to individual consortium members, which means that you are free to organise how to provide the guarantee amount (*by one or several beneficiaries, for the overall amount or several guarantees for partial amounts, by the beneficiary concerned or by another beneficiary, etc*). It is however important that the requested amount is covered and that the guarantee(s) are sent to us in time to make the prefinancing (scanned copy via Portal AND original by post).

If agreed with us, the bank guarantee may be replaced by a guarantee from a third party.

The guarantee will be released at the end of the grant, in accordance with the conditions laid down in the Grant Agreement.

¹⁹ [ls-and-unit-cost-decision_erasmus_en.pdf \(europa.eu\)](#)

Certificates

Depending on the type of action, size of grant amount and type of beneficiaries, you may be requested to submit different certificates. The types, schedules and thresholds for each certificate are fixed in the Grant Agreement (*Data Sheet, point 4 and art 24*).

Liability regime for recoveries

The liability regime for recoveries will be fixed in the Grant Agreement (*Data Sheet point 4.4 and art 22*).

For beneficiaries, it is one of the following:

- limited joint and several liability with individual ceilings — *each beneficiary up to their maximum grant amount*
 - unconditional joint and several liability — *each beneficiary up to the maximum grant amount for the action*
- or
- individual financial responsibility — *each beneficiary only for their own debts.*

In addition, the granting authority may require joint and several liability of affiliated entities (with their beneficiary).

Provisions concerning the project implementation

IPR rules: *see Model Grant Agreement (art 16 and Annex 5)*:

- rights of use on results: Yes
- access to results for policy purposes: Yes
- access rights to ensure continuity and interoperability obligations: Yes

Communication, dissemination and visibility of funding: *see Model Grant Agreement (art 17 and Annex 5)*:

- additional communication and dissemination activities: Yes

Specific rules for carrying out the action: *see Model Grant Agreement (art 18 and Annex 5)*:

EU restrictive measures: Other specificities

n/a

Non-compliance and breach of contract

The Grant Agreement (chapter 5) provides for the measures we may take in case of breach of contract (and other non-compliance issues).

For more information, see [AGA – Annotated Grant Agreement](#).

11. How to submit an application

All proposals must be submitted directly online via the Funding & Tenders Portal Electronic Submission System. Paper applications are NOT accepted.

Submission is a **2-step process**:

a) **create a user account and register your organisation**

To use the Submission System (the only way to apply), all participants need to [create an EU Login user account](#).

Once you have an EU Login account, you can [register your organisation](#) in the Participant Register. When your registration is finalised, you will receive a 9-digit participant identification code (PIC).

b) **submit the proposal**

Access the Electronic Submission System via the Topic page in the [Search Funding & Tenders](#) section (or, for calls sent by invitation to submit a proposal, through the link provided in the invitation letter).

Submit your proposal in 4 parts, as follows:

- Part A includes administrative information about the applicant organisations (future coordinator, beneficiaries, affiliated entities and associated partners) and the summarised budget for the proposal. Fill it in directly online
- Part B (description of the action) covers the technical content of the proposal. Download the mandatory word template from the Submission System, fill it in and upload it as a PDF file

The proposal must keep to the **page limits** (*see section 5*); excess pages will be disregarded.

Documents must be uploaded to the **right category** in the Submission System otherwise the proposal might be considered incomplete and thus inadmissible.

The proposal must be submitted **before the call deadline** (*see section 4*). After this deadline, the system is closed and proposals can no longer be submitted.

Once the proposal is submitted, you will receive a **confirmation e-mail** (with date and time of your application). If you do not receive this confirmation e-mail, it means your proposal has NOT been submitted. If you believe this is due to a fault in the Submission System, you should immediately file a complaint via the [IT Helpdesk webform](#), explaining the circumstances and attaching a copy of the proposal (and, if possible, screenshots to show what happened).

Details on processes and procedures are described in the [Online Manual](#). The Online Manual also contains the links to FAQs and detailed instructions regarding the Portal Electronic Exchange System.

12. Help

As far as possible, ***please try to find the answers you need yourself***, in this and the other documentation (we have limited resources for handling direct enquiries):

- [Online Manual](#);
- FAQs on the Topic page (for call-specific questions in open calls);
- [Portal FAQ](#) (for general questions).

Please also consult the Topic page regularly, since we will use it to publish call updates. (For invitations, we will contact you directly in case of a call update).

Contact

For individual questions on the Portal Submission System, please contact the [IT Helpdesk](#).

Non-IT related questions should be sent to the following email address:

For topic 1: EACEA-CIVIL-EDU@ec.europa.eu

For topic 2: EACEA-YOUTH@ec.europa.eu

Please indicate clearly the reference of the call and topic to which your question relates (*see cover page*).

13. Important

IMPORTANT

- **Don't wait until the end** — Complete your application sufficiently in advance of the deadline to avoid any last minute **technical problems**. Problems due to last minute submissions (*e.g. congestion, etc.*) will be entirely at your risk. Call deadlines can NOT be extended.
- **Consult** the Portal Topic page regularly. We will use it to publish updates and additional information on the call (call and topic updates).
- **Funding & Tenders Portal Electronic Exchange System** — By submitting the application, all participants **accept** to use the electronic exchange system in accordance with the [Portal Terms & Conditions](#).
- **Registration** — Before submitting the application, all beneficiaries, affiliated entities and associated partners must be registered in the [Participant Register](#). The participant identification code (PIC) (one per participant) is mandatory for the Application Form.
- **Coordinator** — In multi-beneficiary grants, the beneficiaries participate as consortium (group of beneficiaries). They will have to choose a coordinator, who will take care of the project management and coordination and will represent the consortium towards the granting authority. In mono-beneficiary grants, the single beneficiary will automatically be coordinator.
- **Affiliated entities** — Applicants may participate with affiliated entities (i.e. entities linked to a beneficiary which participate in the action with similar rights and obligations as the beneficiaries, but do not sign the grant and therefore do not become beneficiaries themselves). They will get a part of the grant money and must therefore comply with all the call conditions and be validated (just like beneficiaries); but they do not count towards the minimum eligibility criteria for consortium composition (if any).
- **Associated partners** — Applicants may participate with associated partners (i.e. partner organisations which participate in the action but without the right to get grant money). They participate without funding and therefore do not need to be validated.
- **Consortium agreement** — For practical and legal reasons it is recommended to set up internal arrangements that allow you to deal with exceptional or unforeseen circumstances (in all cases, even if not mandatory under the Grant Agreement). The consortium agreement also gives you the possibility to redistribute the grant money according to your own consortium-internal principles and parameters (for instance, one beneficiary can reattribute its grant money to another beneficiary). The consortium agreement thus allows you to customise the EU grant to the needs inside your consortium and can also help to protect you in case of disputes.
- **Balanced project budget** — Grant applications must ensure a balanced project budget and sufficient other resources to implement the project successfully (*e.g. own contributions, income generated by the action, financial contributions from third parties, etc*). You may be requested to lower your estimated costs, if they are ineligible (including excessive).
- **No-profit rule**— Grants may NOT give a profit (i.e. surplus of revenues + EU grant over costs). This will be checked by us at the end of the project.
- **No double funding**— There is a strict prohibition of double funding from the EU budget (except under EU Synergies calls). Outside such Synergies calls, any given action may receive only ONE grant from the EU budget and cost items may under NO circumstances declared to two different EU actions.

- **Completed/ongoing projects** — Proposals for projects that have already been completed will be rejected; proposals for projects that have already started will be assessed on a case-by-case basis (in this case, no costs can be reimbursed for activities that took place before the project starting date/proposal submission).
- **Multiple proposals** — Applicants may submit more than one proposal for *different* projects under the same call (and be awarded a funding for them).
Organisations may participate in several proposals.
BUT: if there are several proposals for *very similar* projects, only one proposal will be accepted and evaluated; the applicants will be asked to withdraw one of them (or it will be rejected).
- **Resubmission** — Proposals may be changed and re-submitted until the deadline for submission.
- **Rejection** — By submitting the application, all applicants accept the call conditions set out in this this Call Document (and the documents it refers to). Proposals that do not comply with all the call conditions will be **rejected**. This applies also to applicants: All applicants need to fulfil the criteria; if any one of them doesn't, they must be replaced or the entire proposal will be rejected.
- **Cancellation** — There may be circumstances which may require the cancellation of the call. In this case, you will be informed via a call or topic update. Please note that cancellations are without entitlement to compensation.
- **Language** — You can submit your proposal in any official EU language (project abstract/summary should however always be in English). For reasons of efficiency, we strongly advise you to use English for the entire application. If you need the call documentation in another official EU language, please submit a request within 10 days after call publication (for the contact information, *see section 12*).

- **Transparency** — In accordance with Article 38 of the [EU Financial Regulation](#), information about EU grants awarded is published each year on the [Europa website](#).

This includes:

- beneficiary names
- beneficiary addresses
- the purpose for which the grant was awarded
- the maximum amount awarded.

The publication can exceptionally be waived (on reasoned and duly substantiated request), if there is a risk that the disclosure could jeopardise your rights and freedoms under the EU Charter of Fundamental Rights or harm your commercial interests.

- **Data protection** — The submission of a proposal under this call involves the collection, use and processing of personal data. This data will be processed in accordance with Regulation [2018/1725](#). It will be processed solely for the purpose of evaluating your proposal, subsequent management of your grant and, if needed, programme monitoring, evaluation and communication. Details are explained in the [Funding & Tenders Portal Privacy Statement](#).
