Stakeholder Meeting on a Strategic Plan to Reduce Methane Emissions in the Energy Sector

Friday, 20th March 2020, 10:00 – 12:30
(Via Webex & Slido)

AGENDA

10:00 Welcome and introduction
 DG ENER, European Commission

10:10 Presentation: “The Commission’s strategic plan to reduce mineral methane emissions”
 DG ENER, European Commission

10:30 Discussion on the following topics

- Standards and consistency in reporting across the EU and beyond - how can we improve?
- Scope of the strategy and impact of a possible regulatory framework – how broad? What standard of reporting?
- How to pursue methane emission reductions quickly and efficiently beyond EU borders?

12:30 Wrap-up and next steps
 DG ENER, European Commission
