1. Available national programmes or funds that could provide support to Australia Horizon Europe participants

The EU and Australia have signed two Implementing Arrangements in order to provide more opportunities for Australian researchers to team up with European research teams: one with the National Health and Medical Research Council (NHMRC) in 2018, and one with the Australian Research Council (ARC) in 2019. For more information, contact help@nhmrc.gov.au and info@arc.gov.au.
