Proposal for a

**COUNCIL REGULATION**

**on measures concerning the implementation and financing of the general budget of the  
Union in 2019 in relation to the withdrawal of the United Kingdom from the Union**

## EXPLANATORY MEMORANDUM

### 1. CONTEXT OF THE PROPOSAL

#### • **Reasons for and objectives of the proposal**

Since the notification by the United Kingdom of its withdrawal intention, the European Union has consistently stated that the Union and the United Kingdom should honour their respective obligations resulting from the whole period of the United Kingdom membership in the Union. This principle was recalled in the European Council's conclusions of 29 April 2017, and reflected in the introduction to the draft withdrawal agreement agreed by the 27 Member States and the United Kingdom government on 14 November 2018. The absence of a withdrawal agreement at the withdrawal date would not affect that guiding principle.

The Commission Communication 'Preparing for the withdrawal of the United Kingdom from the European Union on 30 March 2019: a Contingency Action Plan' of 13 November 2018<sup>1</sup> set out the contingency measures it plans to take if no withdrawal agreement enters into force on the withdrawal date. In that Communication, the Commission listed the actions it considered necessary while recalling that additional actions may be necessary at a later stage. The Communication also presented the six general principles which contingency measures at all levels should comply with. These include the principles that measures should not replicate the benefits of membership of the Union, nor the terms of any transition period, as provided for in the Withdrawal Agreement; they must be temporary in nature and should in principle not go beyond the end of 2019; and they must be unilateral actions of the European Union in pursuit of its interests, and therefore in principle the Union can revoke them at any time.

A no-deal scenario will leave the budgetary relations between the Union and the UK without agreed legal arrangements, until an agreement is eventually reached. Such a legal vacuum would create considerable uncertainty and difficulties for the implementation of the Union's budget, for all UK beneficiaries and in some cases also for beneficiaries of the other Member States. In line with the Commission's overall approach, this proposal is a contingency measure in response to this situation.

After withdrawal, the UK will no longer be member of the European Union; the Treaties and the secondary legislation will not be applicable to the United Kingdom. The United Kingdom or entities established in the United Kingdom will cease to be eligible to receive funding under those Union programmes, unless relevant provisions for participation of third countries are included in the legal acts of EU spending programmes.

The purpose of this proposal is to avoid, or at least minimise, any unnecessary disruption for beneficiaries of EU spending programmes and other actions at the time of withdrawal, also with the expectation that this will facilitate a financial settlement between the Union and the United Kingdom.

The proposed contingency framework provides for the possibility to maintain the eligibility to benefit from Union financing for the UK and UK entities under legal commitments entered into before the withdrawal date beyond that date and for a limited time period (until 31 December 2019). This is subject to the condition that the UK makes a written commitment and continues to contribute to the financing of the budget for 2019 under the terms set in this proposal. In addition, the UK should commit in writing to accept the controls and audits

---

<sup>1</sup> COM/2018/880 final.

which cover the entire implementation period of the programmes or the actions. Under these conditions, the financial interests of the Union will be protected.

The UK and UK entities, as well as entities from the other Member States whose eligibility is affected by the UK withdrawal, would continue benefiting from the Union financing under the conditions of this proposal. This would mitigate the disruptive effect of the withdrawal on existing agreements and decisions. It would allow for an orderly budget implementation of legal commitments with the UK and UK entities signed or adopted before the date of withdrawal.

Furthermore, as the UK would finance the whole budget 2019, and in line with the objective of implementing fully the multiannual financial framework 2014-2020 decided while the UK was a member of the Union, the UK and UK entities would be eligible in 2019 for the purposes of conditions set in any calls, tenders, contests or any other procedure which may lead to financing from the Union's budget. This would not apply in case there are restrictions in relation to security and to actions involving the European Investment Bank or the European Investment Fund.

The proposed contingency framework would also allow financing of actions in which Member States and Member States' entities are beneficiaries where the eligibility depends on the United Kingdom being a Member State, provided that these specific actions are implemented under legal commitments signed or adopted before the date of withdrawal.

This eligibility of the UK and UK entities would only start applying after the conditions laid down in this proposal have been fulfilled, including that the UK has made its first payment to the EU budget for the period after its withdrawal. The contingency framework providing for the eligibility of UK and UK entities would cease to apply if the UK discontinues the payments or where significant deficiencies have been observed in the execution of the controls and audits.

The proposal is without prejudice to negotiating an agreement with the UK on a financial settlement covering the entirety of mutual obligations. If no agreement is reached in 2019, the situation at the beginning of 2020 will be equivalent to the one at the withdrawal date for the mutual commitments undertaken by the Union and the United Kingdom. In any event the Union and the United Kingdom would need to honour their respective obligations resulting from the whole period of the United Kingdom membership in the Union.

- **Consistency with existing policy provisions in the policy area**

This proposal aims at minimising the negative impact of the withdrawal of the United Kingdom for the Union budget and for the implementation of the policies of the Union.

- **Consistency with other Union policies**

This proposal is fully consistent with the Council mandate for the negotiations with the United Kingdom on its withdrawal from the Union.

## **2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY**

- **Legal basis**

Article 352 TFEU and Article 203 of the Euratom Treaty allow the Union to adopt appropriate measures if actions by the Union should prove necessary, within the framework of

the policies, to attain one of the objectives set out in the Treaties, and the Treaties have not provided the necessary powers. The proposed Regulation constitutes a measure allowing transition following the withdrawal of a Member State with regard to financing and implementation of actions from the Union budget in a situation in which no agreement has been concluded with that State. Such measure is necessary in order to implement the Union's budget of the current financial year (2019), allow to receive the payments from the withdrawing Member State, as well as provide a solution for the ongoing actions financed from the Union's budget for the United Kingdom and United Kingdom's beneficiaries and for new actions justified by the contribution of the United Kingdom to the budget 2019. The Treaties do not provide for the necessary powers for the Union to adopt such transitory measures and therefore Article 352 TFEU and Article 203 of the Euratom Treaty are the appropriate legal basis.

- **Subsidiarity (for non-exclusive competence)**

The Union budgetary authority has adopted the Union's budget 2019 to finance the actions and spending programmes under the MFF 2014-2020 as they were adopted by the Union legislator. The objectives of the proposed action can thus only be achieved by a measure at Union level.

- **Proportionality**

The proposal does not exceed what is necessary to achieve the objectives of the measure, as it is limited to determining the conditions required for the establishment of eligibility of the United Kingdom and United Kingdom's entities, and is limited in time.

- **Choice of the instrument**

Given the need for a binding act which would be directly applicable proposing a regulation is the only adequate form.

### **3. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS**

- **Ex-post evaluations/fitness checks of existing legislation**

N/A

- **Stakeholder consultations**

It was not possible to carry out a stakeholder consultation due to the urgency for preparing the proposal so that it can be adopted on time by the Council after obtaining the consent of the European Parliament before the European elections.

- **Impact assessment**

Due to the nature of the proposed measure, no impact assessment was carried out, in line with the Better Regulation Guidelines. There are no other materially different policy options available. The envisaged contingency framework would facilitate the smooth implementation of the budget 2019 and a possible future agreement with the United Kingdom on the respective obligations resulting from the whole period of the UK membership in the Union.

### **4. BUDGETARY IMPLICATIONS**

In a no-deal scenario this proposal would restore the eligibility of the United Kingdom and United Kingdom beneficiaries as long as the United Kingdom continues paying its

contribution set in the budget for 2019. Therefore there are no budgetary implications in comparison with the 2019 budget as adopted by the European Parliament in December 2018.

The UK written commitment to accept the necessary controls and audits would be a condition for the application of the contingency framework.

## **COUNCIL REGULATION**

### **on measures concerning the implementation and financing of the general budget of the Union in 2019 in relation to the withdrawal of the United Kingdom from the Union**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 352 thereof,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 203 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the consent of the European Parliament<sup>2</sup>,

Acting in accordance with a special legislative procedure,

Whereas:

- (1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union. In the absence of a withdrawal agreement with the United Kingdom and of the extension of the two-year period referred to in Article 50(3) of the Treaty on European Union, the Treaties have ceased to apply to and in the United Kingdom on 30 March 2019. A financial settlement with regard to the financial obligations following from the United Kingdom's membership in the Union therefore needs to be agreed in a future international agreement between the United Kingdom and the Union.
- (2) It is therefore necessary to lay down rules on the relations between the Union on the one hand, and the United Kingdom and its beneficiaries on the other as regards the financing and implementation of the general budget of the Union ('the budget') in 2019.
- (3) The Treaties do not provide powers other than those under Article 352 of the Treaty on the Functioning of the European Union and Article 203 of the Treaty establishing the European Atomic Energy Community for the adoption of the measures concerning the implementation and financing of the budget in 2019 in relation to the withdrawal of the United Kingdom from the Union.
- (4) The United Kingdom and persons and entities established in United Kingdom are participating in a number of Union programmes or actions on the basis of the United Kingdom's membership in the Union. The participation takes place on the basis of agreements with the United Kingdom or persons or entities established in the United Kingdom or decisions in favour of United Kingdom or persons or entities established in the United Kingdom which constitute legal commitments.

---

<sup>2</sup> OJ C [...], [...], p. [...].

- (5) For many of those agreements and decisions, the rules governing the eligibility require the beneficiary to be a Member State or a person or entity established in a Member State. The eligibility of the United Kingdom or persons or entities established in the United Kingdom is in such cases linked to the United Kingdom being a Member State. The withdrawal of the United Kingdom from the Union therefore entails the loss of eligibility of such recipients of Union financing under the agreements and decisions. However, this does not concern cases where persons or entities established in the United Kingdom would participate in an action as and under the conditions applicable under the respective Union rules for persons and entities established in a third country.
- (6) It would be beneficial both for the Union and its Member States and for the United Kingdom and persons and entities established in the United Kingdom to implement the budget for 2019 as it has been adopted for that year. It would also be beneficial if the legal commitments signed and adopted before the date of withdrawal could continue to be executed.
- (7) It is therefore appropriate to lay down conditions under which the United Kingdom and persons and entities established in the United Kingdom could continue to be eligible in 2019 with regard to the agreements signed with them and the decisions adopted with regard to them until the date on which the Treaties cease to apply to and in the United Kingdom ("date of withdrawal"). The conditions would be that the United Kingdom has confirmed the commitment in writing to the Commission to continue to pay a contribution to the budget in 2019 calculated on the basis of the estimated own resources from the United Kingdom in the approved budget for 2019, that a first instalment has been paid by the United Kingdom and that the United Kingdom has confirmed the commitment in writing to the Commission to allow audits and controls in full by the Union in compliance with the applicable rules. In view of the need for certainty it is appropriate to limit the time for the fulfilment of the conditions. The Commission should adopt a decision on the fulfilment of the conditions.
- (8) As long as the conditions for eligibility of the United Kingdom and persons and entities established in the United Kingdom under this Regulation continue to be fulfilled, it is also appropriate to provide for their eligibility for the purposes of conditions set in calls, tenders, contests or any other procedure which may lead to financing from the Union's budget, with the exception of specific cases related to security and to the loss of membership of the United Kingdom in the European Investment Bank, and to provide Union funding to them.
- (9) It is also appropriate to provide that the eligibility of the United Kingdom and persons and entities established in the United Kingdom would continue under the condition that United Kingdom continues the payments to the Union budget 2019 and that controls and audits can be carried out effectively. Where these conditions are no longer fulfilled, the Commission should take a decision establishing such failure. In such a case, the United Kingdom and persons and entities established in the United Kingdom should cease to be eligible for Union financing.
- (10) It is also appropriate to provide for the continuation of eligibility of actions in which Member States or persons or entities established in the Member States receive Union funds and which are related to the United Kingdom in 2019. However, the potential non-acceptance by the United Kingdom of controls and audits should constitute an element to be taken into account for the purposes of sound financial management when assessing the implementation of such actions.

- (11) Since the objectives of this Regulation cannot be sufficiently achieved by the Member States but can rather be better achieved at Union level as they concern the Union budget and programmes and actions implemented by the Union, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.
- (12) In order to allow for a limited flexibility, the power to adopt acts in accordance with Article 290 TFEU should be delegated to the Commission in respect of a possible extension of the deadlines set in Article 2(1) (a), (b) and (c), and amendments to the payment schedule for the months after August 2019. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level, and that those consultations be conducted in accordance with the principles laid down in the Interinstitutional Agreement on Better Law-Making of 13 April 2016. In particular, to ensure equal participation in the preparation of delegated acts, the European Parliament and the Council receive all documents at the same time as Member States' experts, and their experts systematically have access to meetings of Commission expert groups dealing with the preparation of delegated acts. Where, in the case of a risk of a serious disruption of the implementation and financing of the Union budget in 2019, imperative grounds of urgency so require, the delegated act should enter into force without delay and should apply as long as no objection is expressed by the European Parliament or the Council.
- (13) This Regulation should enter into force as a matter of urgency and should apply from the day following that on which the Treaties ceased to apply to and in the United Kingdom. Given that at the date of withdrawal an adopted budget of the Union, which provides for the participation of the United Kingdom in its financing, covers only 2019, it should only apply to the eligibility for the year 2019.

HAS ADOPTED THIS REGULATION:

  - (a) the United Kingdom has confirmed at the latest on 18 April 2019 in writing to the Commission that it will continue to contribute to the budget in 2019 the amount displayed in the line "United Kingdom" and column "Total Own Resource" of table 7 of part "A. Introduction and financing of the general budget of the Union" of the revenue part of the budget for 2019 set out in Definitive adoption (EU, Euratom) 2019/... of the European Union's general budget for the financial year 2019<sup>5</sup>, reduced by the amount of own resources made available by the United Kingdom in respect of the financial year 2019 before the date of withdrawal, in accordance with the payment schedule laid down in this Regulation;

#### ***Continuation of eligibility of United Kingdom and of persons and entities established in the United Kingdom***

1. The eligibility of United Kingdom and persons and entities established in the United Kingdom established in accordance with Article 2 shall continue in the year 2019 as long as the following conditions are fulfilled:
- (a) the United Kingdom has, following the first payment made in accordance with Article 2(1)(b), paid on the account determined by the Commission the monthly instalment referred to in the second subparagraph of paragraph 1 of Article 2 on the first working day of each month until August 2019;
  - (b) the United Kingdom has paid on the account determined by the Commission on the first working day of September 2019 the remaining monthly instalments referred to in the second subparagraph of paragraph 1 of Article 2, unless the Commission communicates to the United Kingdom a different payment schedule for this payment by 31 August 2019;

#### *Article 4*

#### ***Participation in calls***

As of the date of the entry into force of the decision referred to in Article 2(1)(d), and unless a decision as referred to in Article 3(2) has entered into force, the United Kingdom or persons and entities established in the United Kingdom shall be eligible in 2019 for the purposes of conditions set in any calls, tenders, contests or any other procedure which may lead to financing from the Union's budget to the same extent as Member States and persons or entities established in the Member States, and be eligible for Union funding.

The first paragraph shall not apply where the participation is limited to the Member States and persons or entities established in the Member States for security reasons, and to any actions that involve the participation of the European Investment Bank or the European Investment Fund.

#### *Article 5*

##### ***Other necessary adaptations***

If the conditions laid down in Article 2(1) are fulfilled, and unless a decision as referred to in Article 3(2) has entered into force, for the purpose of application of any rules governing the actions carried out under the legal commitments referred to in Article 2(1), the calls referred to in Article 4 and the actions carried out under the legal commitments signed or adopted following the calls referred to in Article 4, which are necessary to give effect to Articles 2(1) and 4(1), the United Kingdom shall be treated as a Member State, subject to the provisions of this Regulation.

Actions for which the eligibility condition of a minimum number of participants from different Member States in a consortium is fulfilled at the date of withdrawal through a member of the consortium which is a person or entity established in the United Kingdom, shall be eligible in 2019 where the conditions of Article 2(1) are fulfilled.

2. The non-fulfilment of the condition referred to in Article 2(1)(c) or a Commission decision as referred to in Article 3(2) concerning the non-fulfilment of conditions referred to in Article 3(1)(c), shall be taken into account by the responsible authorising officer for the purposes of assessment of a possible serious deficiency in complying with the main obligations in the implementation of the legal commitment referred to in paragraph 1.

It shall not affect the validity of any delegated acts already in force.
4. Before adopting a delegated act, the Commission shall consult experts designated by each Member State in accordance with the principles laid down in the Interinstitutional Agreement on Better Law-Making of 13 April 2016.
5. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.

That period shall be extended by one month at the initiative of the European Parliament or of the Council.
