Dear Fisheries Managers,

A Sustainable Sea Bass Fishery

I have written a number of emails in the past urging you to protect the sea bass fishery and would like to thank you for the positive measures introduced. I would also like to state that I feel your position of excluding recreational anglers from the fishery is a very bad policy.

I have read the Save Our Sea Bass response to the 2019 Fishing Opportunities Consultation. I agree with the measures it asks for and would like you to include them in your proposal for 2019.

Yours faithfully,

Diarmuid Drew
