

GOALS OF CAPITAL MARKETS UNION

1. Create a single market for capital by removing barriers to cross-border investments

2. Improve access to financing for all businesses around Europe

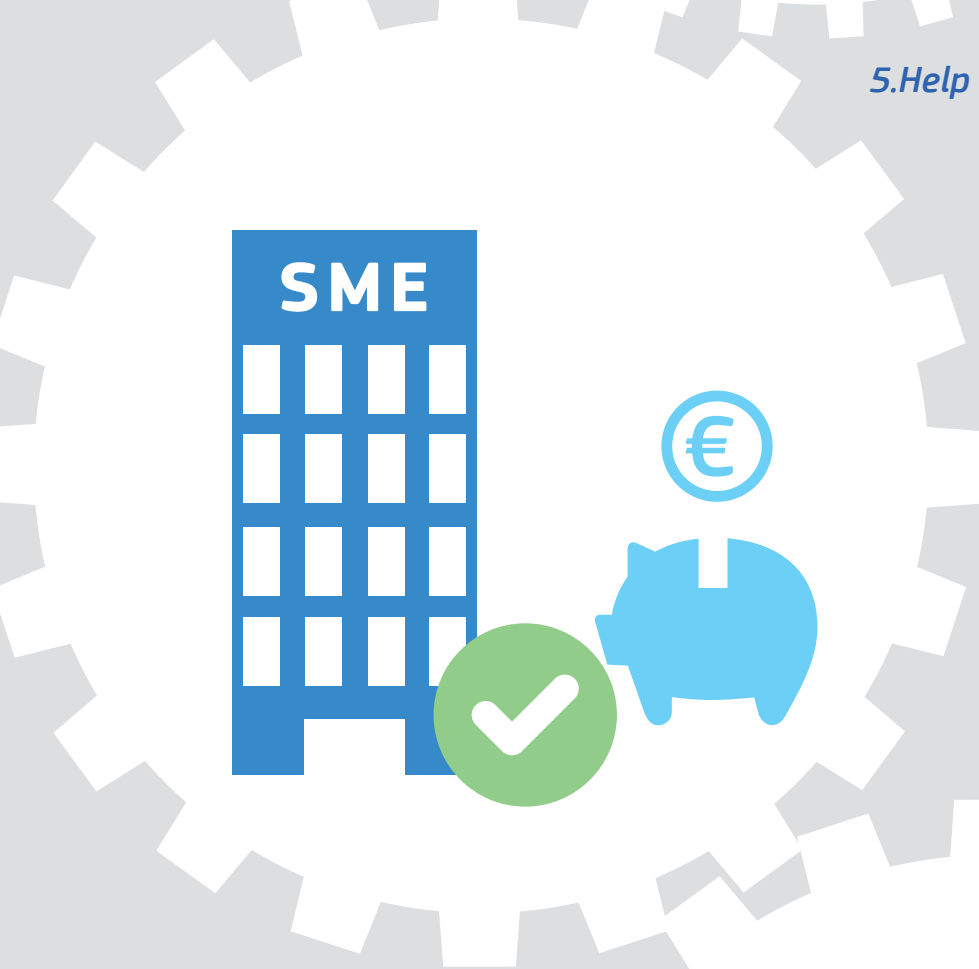

3. Diversify the funding of the economy and reduce the cost of raising capital

4. Maximise the benefits of capital markets so they can support economic growth and job creation

5. Help SMEs raise finance more easily

6. Help the EU to attract investments from all over the world and become more competitive
