

ICT Policy Support Programme in CIP INFO DAY 28th February 2011

Khalil Rouhana
Head of Unit: Strategy for ICT Research and
Innovation

THE COMPETITIVENESS & INNOVATION framework PROGRAMME - CIP

Entrepreneurship and Innovation Programme (EIP)

- Better access to finance for SMEs through venture capital investment & loan guarantee instruments
- Europe Enterprise Network
- Support for eco-innovation

•...

~2,170 M€

Information Communication Technologies Policy support Programme (ICT PSP)

~730 M€

Intelligent Energy Europe (IEE)

- Fostering energy efficiency & the rational use of energy sources
- Promoting new & renewable energy sources & energy diversification
- Promoting EE & new energy sources in transport

~730 M€

http://ec.europa.eu/cip/index_en.htm

Why ICT in CIP?

- A key enabler for productivity growth & competitiveness
 - Contributes to half of Europe's productivity gains
- An important sector in its own right
 - 8% of GDP today
- Underpinning innovation in all products and services
 - 25-40% of VA in automotive, aerospace, retail, finance etc
- Instrumental for addressing key societal challenges
 - Ageing population, healthcare, climate change etc...
 - A facilitator for more efficient public services

ICT PSP: Objectives

- Key instrument supporting the DAE policy initiative
 - ICT PSP: To drive forward innovation through the wider uptake and best use of ICTs
 - Complements ICT in FP7 that aims at strengthening Europe's leadership role in mastering and shaping the development of ICTs
- ICT PSP: Three inter-linked goals (legal base)
 - Develop the single information space
 - Support innovation / wide adoption and investments in ICT
 - Enable an inclusive Information Society

ICT PSP budget profile

ICT PSP (~730 M€ for 2007-13), indicative profile

ICTPSP	2007	2008	2009	2010	2011	2012	2013	Total
	57.4	~52	~105	~112	~120	~135	~149	~730

- not including contributions from EFTA or from other potential associated countries
- Support to the development and use of digital content in ICT PSP from 2009 on (next Work programme)

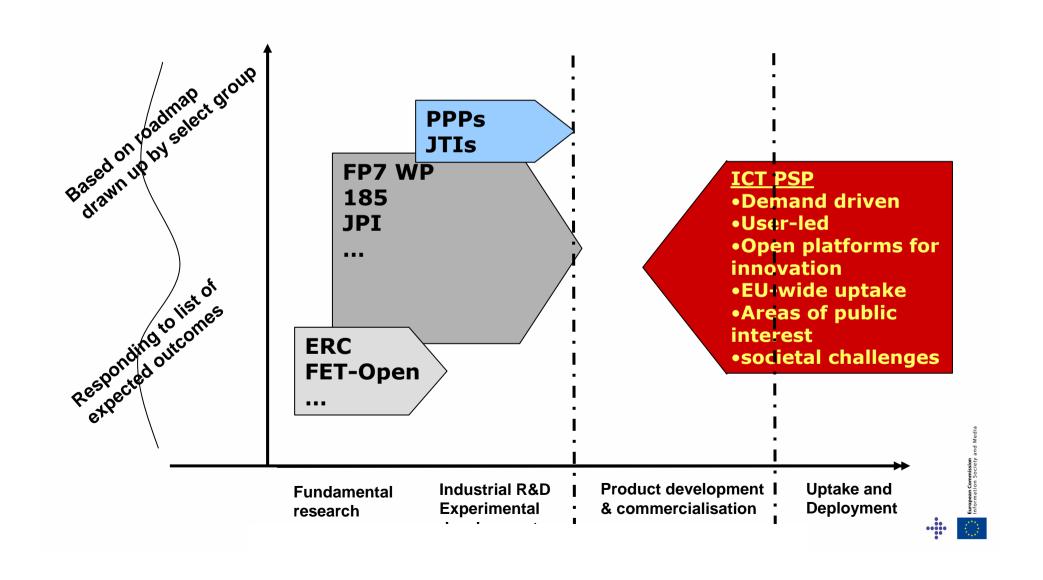

What is the problem addressed?

- Europe is the largest ICT market world wide "but"
- EU is unable to capitalise on market's size to support business growth and competitiveness
 - Market fragmentation, lack of rapid uptake across the EU
- Unexploited opportunities to lead in using ICT for
 - addressing the key societal challenges
 - offering citizens and businesses the best services world wide
 - Opening up of EU-wide markets for high growth businesses

How to address it? The demand drive for innovation

What do we support?

- Pilot and testing in real settings
 - Putting users in the lead, demand driven innovation
 - Significant coverage and size
 - Supporting policy priorities
- Diffuse widely the results
 - Ensure "replicability" and scalability
- Build on Member States initiatives
 - Share experience
 - Help develop common approaches
 - Ensure interoperability
- Prepare for wider actions
 - Consensus and partnership building is essential for interoperability and EU-wide deployment

Implementation through annual WPs

WP defines

- Objectives to be reached and areas to be covered per year
- Budget allocations per year
- Funding instruments to be used
- Rules for participation
- Evaluation criteria
- Planning for Calls for proposals (90% of budget)
- Calls for tenders and other measures

Input for annual WPs

- CIP Legislative text
- Policy priorities in DAE
 - DAE pillars
- Ad hoc groups and groups of experts (MS)
 - DAE groups
- Experience from previous programmes
 - Evaluation/monitoring of projects achievements
- Innovation policy priorities
 - Innovation Union flagship

ICT PSP annual work programmes: Approach and structure

- WP focused on a <u>set of themes</u> with ultimate socioeconomic goals, to maximise impact
 - In areas where public support is needed
 - In areas where Community support is needed
 - Activities building on, & strengthening Member States actions
 - Activities stimulating new actions in public and private sector
- Themes are addressed through a <u>set of objectives</u>
 - Each objective is supported through Pilots and/or Networking actions
 - Pilots (A, B), Best Practice Network and Thematic Network
- + Awareness, benchmarking, conf., Studies,...(Call for tender...)

WP2011

Call5: 1 March - 1 June 2011

Indicative budget						
Operationa I Budget	Call for proposal s	Theme 1 : ICT for energy efficiency and smart mobility	24 M€			
		Theme 2 : Digital content	38 M€			
		Theme 3: ICT for health, ageing well and inclusion	18 M€			
		Theme 4: Innovative government and public services	21.5 M€			
		Theme 5 : Open innovation for Internet- enabled services in smart cities	14 M€			
	Calls for to	9.5 M€				
		TOTAL	125 M€
