- Fostering energy efficiency & the rational use of energy sources
- Promoting new & renewable energy sources & energy diversification
- Promoting energy efficiency & new energy sources in transport

**~730 M€**

# ICT Policy Support Programme

- Support EU ICT policy objectives
  - Requiring wider uptake and better use of ICT by citizens, businesses, governments
  - ICT for health and inclusion (ageing population), public services, digital library, multilingualism, ICT for energy efficiency and smart mobility, trust and security etc...
- Support innovation policy objectives
  - Facilitating the development of EU-wide markets for innovative ICT-based products and services
- Focus on areas that need financial intervention at EU level
  - Importance of leverage effects
- Readiness of the stakeholders to mobilise financial and human resources to carry out the actions
  - EU players readiness to fill/respond to the intervention

# ICT PSP : actions

- Develop show cases of innovative ICT based services and solutions
  - Stimulating wider deployment of these innovations
  - Addressing legal and organisational barriers
  - Supporting interoperability, reducing fragmentation, sharing risk,...
  - Pilot and best practice actions with European dimensions
    - Building on Member States initiative,
    - Stimulating uptake and best use of innovative solutions
- Analyse current, and preparing for future developments
  - Consensus and partnership building
  - Exploring new solutions and EU-wide deployment and use
- Diffuse widely the results
  - Dissemination, experience sharing in view of scalability or replication

*Projects are selected through Calls for Proposals  
Specific themes and objectives are detailed in the annual work programme*

- **Benchmarking and surveys, high level conferences, raising awareness, studies,...**

*other measures through Calls for Tenders or other Grants*

# Annual work programme: ex WP2009

| Indicative budget     |                           |   |                    |
|-----------------------|---------------------------|---|--------------------|
| Operational<br>Budget | <i>Call for proposals</i> | Theme 1 : ICT for health, ageing and inclusion                    | 15 M€              |
|                       |                           | Theme 2 : Digital Libraries                                       | 25 M€              |
|                       |                           | Theme 3 : ICT for government and governance                       | 18 + 7 M€*         |
|                       |                           | Theme 4 : ICT for energy efficiency and environment               | 8 M€               |
|                       |                           | Theme 5 : Multilingual Web  | 14 M€              |
|                       |                           | Theme 6 : Public Sector information                               | 9.5 M€             |
|                       |                           | Theme 7 : Internet evolution and security (including RFID)        | 6 M€               |
|                       |                           | Theme 8 : Open innovation, user experience and living labs        | 4 M€               |
|                       |                           | <i>Calls for tender and support measure implemented by grants</i> | 8.147 M€           |
|                       |                           | <b>TOTAL</b>  | <b>114.647 M€*</b> |

# Annual Work Programme

| <b>Themes and objectives</b>                   | <b>Budget<br/><i>Instruments</i></b> |
|--|--------------------------------------|
| <b>1. ICT for health, ageing and inclusion</b> | <b>15 M€</b>                         |
| 1.1 ICT for patient-centred health service     | <i>Pilot A</i>                       |
| 1.3 ICT for ageing well                        | <i>Pilot B</i>                       |
| <b>2. Digital Libraries</b>                    | <b>25 M€</b>                         |
| 2.1 European Digital Library, services         | <i>BPN</i>                           |
| <b>3. ICT for government and governance</b>    | <b>18 M€</b>                         |
| 3.1 Enlargement of the eProcurement Pilot      | <i>Pilot A</i>                       |
| 3.4 User Centricity for e-Governance           | <i>TN</i>                            |
| 3.4 eParticipation                             | <i>Pilot B</i>                       |
| ...  | ...                                  |

- Objectives (goal, conditions, expected impact)
- Funding instruments to use, level of funding
- Number of expected actions

described in annual WP

[http://ec.europa.eu/ict\\_psp](http://ec.europa.eu/ict_psp)

# ICT PSP: state of play

- Two Calls for proposals in 2007 and 2008, 93 M€ of funding
  - WP 2007, call1 for 54 M€ + 11 M€ for other measures
    - 22 projects launched, 86 proposals received
    - 3 Large scale pilots : eProcurement, eID management, eHealth record
    - 6 Pilots and 11 TN in eGov, eHealth, eInclusion, ...
  - Call2 / WP 2008, 40 M€ + 4.5 M€ for other measures
    - 20 project being launched, 66 proposals received
    - 1 Large scale pilot, preparing the implementation of the Services Directive
    - 13 Pilots in eGov, eInclusion, ICT for Energy Efficiency and smart mobility
    - 6 TN in eHealth, eGov, ICT for EE, Trust & Security, RFID
- WP 2009-Call3 and 3bis: ~107 M€ funding for call for proposals
  - eContentplus ended in 2008; increase of ICT PSP budget (> 100M€/year)
  - Call3 open from 29 January to 2 June 2009
    - 159 proposals evaluated last week
  - Call3bis, +7 M€ for eParticipation 5 June to 23 Sept. 2009

# ICT PSP – future actions

- WP2010 under preparation
  - More focus (*6 themes, with less objectives per theme-tbc*)
  - No major change for the implementation aspects (instruments...)
- Next Call4 (WP2010) : January to June 2010 for ~107 M€
- Call5 (WP2011) can be open earlier
- Constant increase of the annual budget till 2013
  - EU players 115 M€ in 2010 to more than 140 M€ in 2013
