A Spanish entity searches partners for a project aimed to develop a complete online platform for social tourism accessible for all involving tourists with special needs, tourism professionals and tourism managers.

PROJECT DESCRIPTION

Proposal Outline:

The proposal is addressed to develop a complete online platform to promote job creation, social inclusion of vulnerable groups and active and healthy ageing for all through by promoting accessible social tourism in all the sector chain. The online platform will include the following services: 1) a market place of accessible tourism sources capable to propose touristic paths accessible for people with different accessibility needs and requirements and where end-users can engage in the evaluation of those resources; 2) a tools for touristic providers to self-asses the accessibility of their resources and services; 3) online training materials for tourism
