

AGENDA

Europa TOOLS workshop

09.30 – 9.45 Introductions and Objectives (Carlos Torrecilla Salinas, Deputy Head of Unit COMM A5)

09.45 – 10.45 Session 1 – Europa Webtools (Laurent Jacques Corveleyn, Product Owner)

- What's hot and not - a status of corporate Webtools services
- Easy charts - a new and improved charting wizard
- Choropleth map wizard - nice colourful maps, fully refactored
- Improved language coverage service - on-the-fly detection of linguistic availability for any europa.eu url has speeded up.
- 'Drupal won't let me do anything anymore' embedding, storing and maintaining your WT widgets in 2019

10.45 – 11.15 Session 2 – Europa Analytics (Daniel Moital Carrico, Product Owner)

- Europa Analytics and Data Privacy
- Europa Search tracking with Europa Analytics
- Single page application tracking - special EA parameters to ensure consistency eg angular

11.15-11.30 Break

11.30 – 12.30 Session 3 – Europa Search (Orazio D'Anna, Product Owner)

- Recent upgrade explained – crawling & pull model, API ingestion, API query
