Some questions require attachments. Documents can be attached to the request once it is saved as a Draft. If your authority would like to send requests about the same economic operator with different purposes, please use the 'Copy request functionality'. When creating a request the sender can select only the main questions, which are displayed in bold. The dependent questions are <u>automatically selected and will be asked from the recipient only when relevant.</u>
Personal data in a request only becomes visible once the request is accepted. Before acceptance it is not possible to open the attached documents. If your authority is not able to answer all the questions included in the request, please use the 'Split request' functionality. It will allow you to select the questions you cannot answer and to forward them to another authority in your Member State. When replying to a request the answers can be provided in the 'Answer' and/or the 'Answer comment' fields. For free text answers the language of the text must always be specified.
