

**2018 IACS workshop**  
Vilnius

**28-30 May 2018**

Joint Research Centre  
Directorate D Sustainable Resources  
D5 Food Security

## Rationale

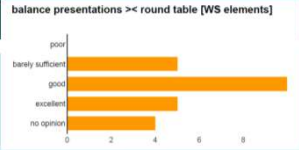

**Format**

- Workshop rather than Conference
- Small but representative discussion groups

**Focus**

Address current technical IACS weaknesses

- either persistent
- or due to upgrades of the regulation
- or due to local legacy

Category	Count
poor	0
barely sufficient	5
good	8
excellent	4
no opinion	4

2017 Ghent WS

by Stan Freberg

## Preparation

### Access

- 130 participants, including 8 JRC and 6 Agri
  - In principle three participants per "system"
  - four at the price of extra presentations
  - Regional implementations under federal coordination: one additional per candidate region

**What Is A System?**

### So

JRC is aware not everybody could participate and thanks the PA's for their collaboration

## Your participation

Despite this "vetting process", in this JRC event You are more **technical expert** rather than MS delegate

→ please state your capacity where appropriate

## Why is this not a workshop on monitoring?

### Because of the timing

- Not all PA's have already Sentinel experience
- Technical guidance is still under development

### Because of OTSC's overall importance

- OTSC will remain the predominant mechanism for 2019-2020
- After 14 years, still room for improvement

## Agenda today

<b>14:00 – 14:45</b>	<b>Opening</b>	
14:05 – 14:25	Welcome and Introduction	Wim Devos
14:25 – 14:45	Host address	Sigitas Puodžiukas
