## *AGRI FOOD*

- Industrial design
- Innovative product storage systems
- Smart packaging
- Chemical analysis

## *STRATEGIC PRODUCTION CHAINS*

### **METALWORKING**

- Technologies for the numerical modelling of processes and products.
- Methods and technologies for integrated design
- Intelligent machines

### **HOME SYSTEM CHAIN**

- Technology related materials
- Methods and technologies for rapid design
- Technologies for energy efficiency of buildings
- Cloud computing technologies

## *MARITIME TECHNOLOGIES*

- Methodologies for the design and development of new products, processes and services
- "Green" technologies and energy efficiency
- Technology for safety

## *SMART HEALTH*

- Biomedical, in vivo and in vitro diagnostics
- Medical informatics and bioinformatics
- Innovative therapy
- Ambient assisted living

## AGRI FOOD
