How to register to REM application
using ECAS login

Link to REM application: http://web.jrc.ec.europa.eu/rem/

1. Access to REM: Register for Events Module.
   If it is your first visit to this site, you have to create a personal account in ECAS, the European Commission Authentication Service.
   If you already have an ECAS account, go to point -8-.

2. Authentication service: select where you are from. Choose "external" if you do not work for the European Commission.
3. If you do not have an ECAS account, click on "Create an account".

4. Complete the required fields and click on "Create an account".
5. You will receive an e-mail with a link to complete the registration.

6. Open the e-mail and click on the link to complete the registration.

7. Choose a password (following the requirements) and click on "Submit".
8. Login in the REM application http://web.jrc.ec.europa.eu/rem/ and select the option "You already have an account":
