5 Decision C(2017)5408 of 4.8.2017
The objectives pursued by this multiannual action programme to be financed under the European Neighbourhood Instrument\(^6\) are to provide assistance to the Eastern Partnership countries to prevent and combat threats to the rule of law, to support justice sector and public administration reform, in line with the European Partnership ‘20 Deliverables for 2020’, to support the implementation of the Eastern Partnership Multilateral Dimension and the implementation of the Northern Dimension and the Black Sea Synergy policy frameworks, as guided by the European Neighbourhood Policy, to contribute to the transformation of the unresolved conflicts in the EaP region (except Ukraine), to strengthen equal rights and opportunities for women and men, through shifting social perceptions and behaviour on gender stereotypes and by increasing men’s participation in caretaking and in prevention of gender based violence.

The action entitled “EU for Integrity” (Annex 1) aims to focus on the ‘supply and demand-side’ of necessary reforms in the Eastern Partnership (EaP), including measures to foster evidence-based anti-corruption policy implementation in the Eastern Partnership countries through regional analysis and pressure tools, as well as in-depth regional analysis and experience-sharing on specific corruption-prone sectors, such as education and business (component 1). Further, the programme will help enable open, inclusive and responsive governments and citizen-centred service delivery through enhanced civil society participation and engagement in the Eastern Partnership region (component 2).

The action entitled “Support to the Implementation of the Eastern Partnership Multilateral Dimension and the Implementation of the Northern Dimension and the Black Sea Synergy” (Annex 2) provides a flexible mechanism giving the European Commission the possibility to finance policy processes and dialogue as well as small-scale actions in line with the objectives of these policy frameworks.

The action entitled “E4Dialogue” (Annex 3) aims to contribute to the transformation of the unresolved conflicts in the EaP region (except Ukraine). It will focus on: (i) establishing an environment that can help defuse tension and foster better understanding across the conflict divides; (ii) improving targeted sectors, including human security, for communities; and (iii) improving exchanges across the divide through education and culture.

The action entitled “EU4Gender Equality: Challenging gender stereotypes and practices in the EaP countries” (Annex 4) aims to focus on the root causes of gender inequality related to norms and gender stereotypes. Furthermore, the programme intends to focus attention on the role of men in caregiving responsibilities and to combat gender based violence through increased use of violence prevention programmes for perpetrators. Finally, the programme will also provide EU expert support on the inclusion of a citizen and gender perspective in planning and implementation of mayor reforms.

The Commission should acknowledge and accept contributions from other donors in accordance with Article 21(2) of Regulation (EU, Euratom) 2018/1046, subject to the conclusion of the relevant agreement. Where such contributions are not denominated in euro, a reasonable estimate of conversion should be made.
