COMMISSION IMPLEMENTING DECISION

of 4.12.2015

on the 2015 special measure for the Syrian population to be financed from the general budget of the European Union

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union

Having regard to Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 laying down common rules and procedures for the implementation of the Union's instruments for financing external action\(^1\) and in particular Article 2(1) thereof,

Whereas:

(1) In light of the ongoing repression and restrictive measures taken by the Council of the European Union, the Commission has suspended its cooperation with the Syrian Government since May 2011. Since then, normal programming for Syria has not been possible due to the ongoing conflict but direct support to the affected population in Syria and in the neighbouring countries affected has been maintained under the European Neighbourhood Instrument\(^3\) (ENI) through various special measures in complementarity to humanitarian assistance in sectors such as education and early recovery. This will be revised should the situation evolve towards a post-crisis state-building and reconstruction scenario.

(2) The objective pursued by this measure to be financed under the ENI is to help the Syrian population to cope with the effects of the crisis and prepare for recovery. This special measure is made necessary by the dramatic worsening of the Syrian crisis and its spill-over effects in the region.

(3) The action entitled “Restoration and stabilisation of livelihoods of affected Syrian populations inside Syria” will contribute to help people in Syria cope with effects of the crisis, support their livelihoods inside Syria and avoid inflating the millions of refugees that have fled to the neighbouring countries. It will be implemented through grants to consortia of Non Governmental Organisations.

(4) The action entitled “Joint comprehensive EU framework for cross-border operations in Syria from Turkey” will contribute to provide basic services to the Syrian population and to strengthen local governance through the implementation of flexible and short-term delivery projects in Syria with local civil partners, notably in the health sector. It will be implemented by Gesellschaft für Internationale Zusammenarbeit (GIZ).
