## COMMISSION DECISION

### **adopting a Programme on financing the participation of Croatia in the ERDF European Territorial Co-operation transnational programmes "South-East Europe" and "Mediterranean" under the IPA Cross-border Co-operation component, for the year 2008**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1085/2006 of 17 July 2006 establishing an Instrument for Pre-Accession Assistance (IPA)<sup>1</sup>, and in particular Article 14(2)(a) thereof,

Whereas:

- (1) Regulation (EC) No 1085/2006 lays down the objectives and main principles for pre-accession assistance to candidate and potential candidate countries.
- (2) In accordance with Article 7 of Regulation (EC) No 1085/2006, the assistance should be provided through multi-annual or annual programmes, which can be established by country, by group of countries or by component. These programmes should be drawn up in accordance with the general policy framework referred to in Article 4 of Regulation (EC) No 1085/2006 and the relevant multi-annual indicative planning documents referred to in Article 6 of that Regulation.
- (3) The Council has established an Accession Partnership for Croatia<sup>2</sup>. The Commission has adopted on 20 June 2007 the Multi-annual Indicative Planning Document 2007–2009 for Croatia which presents the main priorities for pre-accession assistance to that country<sup>3</sup>.
- (4) In accordance with Article 9 of Regulation (EC) No 1085/2006 and as provided in Article 86 (4) of the Commission Regulation (EC) No 718/2007 of 12 June 2007 implementing Council Regulation (EC) No 1085/2006 establishing an instrument for pre-accession assistance (IPA)<sup>4</sup> (hereinafter referred to as the "IPA Implementing Regulation"), the IPA Cross-border Co-operation component may also support, where appropriate, the participation of the eligible regions of the beneficiary countries in transnational programmes under the European Territorial Co-operation objective of the Structural Funds.
- (5) Having regard to the intention expressed by the responsible national authorities, for the year 2008 the IPA Cross-border Co-operation component should finance the

participation of Croatia in the ERDF European Territorial Co-operation transnational programmes "South-East Europe" and "Mediterranean". These programmes aim at supporting the establishment and development of transnational co-operation through the financing of networks and of actions conducive to integrated territorial development, concentrating primarily on the following priority areas: innovation, environment, accessibility, sustainable urban development.

- (6) This decision meets the requirements of Article 90 of Commission Regulation (EC, Euratom) No 2342/2002 of 23 December 2002 laying down detailed rules for the implementation of Council Regulation No 1605/2002<sup>5</sup> and constitutes thus a financing decision within the meaning of Article 75 (2) of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities<sup>6</sup>.
- (7) The measures provided for by this Decision are in accordance with the opinion of the IPA Committee,

HAS DECIDED AS FOLLOWS:

#### *Article 1*

The Programme on financing the participation of Croatia in the ERDF European Territorial Co-operation transnational programmes South-East Europe and Mediterranean under the IPA Cross-border Co-operation component for the year 2008, as set out in the Annex, is hereby adopted.

This programme shall be implemented by decentralised management.

It shall be implemented by means of a Financing Agreement to be concluded between the Commission and the Government of Croatia in conformity with the Framework Agreement concluded between the same parties on 27 August 2007.

#### *Article 2*

The maximum amount of Community contribution shall be EUR 506 080 to be financed through Item 22.020401 of the general budget of the European Communities for the year 2008.

## **2. THE PROGRAMME**

### **2.1. Introduction**

The purpose of this programme is to financially support – through the 2008 funds of the IPA Cross-border Co-operation component – the participation of Croatia in the ERDF transnational programmes South-East Europe and Mediterranean under the European Territorial Co-operation objective of the Structural Funds 2007–2013.

The establishment and development of transnational co-operation is one of the priorities of the European Territorial Co-operation objective of the Structural Funds 2007–2013. To this aim, the EU territory has been partitioned in several homogeneous spaces and the relevant Member States have been invited to submit a transnational co-operation operational programme – financed by the European Regional Development Fund (ERDF) – for the given space.

Considering their geographical inclusion in two of these homogeneous spaces – South-East Europe and Mediterranean – the candidate/potential candidate countries have been invited to participate in the relevant operational programmes. Hungary (South-East Europe) and France (Mediterranean) are home of the Managing Authorities of the ERDF programmes.

The responsible authorities of Croatia have accepted the invitations and decided to take part in the South-East Europe and the Mediterranean programmes with the financial support of the IPA Cross-border Co-operation component for the year 2008.

The entire territory of Croatia is eligible to the South-East Europe and the Mediterranean programmes.

### **2.2. Objective of the programme**

The objective of this programme is twofold:

- to support the participation of partners from candidate/potential candidate countries in joint transnational co-operation activities with partners from EU Member States;
- to familiarise candidate/potential candidate countries with territorial co-operation programmes under the EU Structural Funds in view of their implementation upon accession.

### **2.3. Priority axis**

The ERDF South-East Europe and Mediterranean programmes aim at the establishment and development of transnational co-operation through the financing of networks and of actions conducive to integrated territorial development, concentrating primarily on the following areas:

- (a) innovation: the creation and development of scientific and technological networks, and the enhancement of regional R&TD and innovation capacities, where these make a direct contribution to the balanced economic development of transnational areas. Actions may include: the establishment of networks between appropriate tertiary education and research institutions and SMEs; links to improve access to scientific knowledge and technology transfer between R&TD facilities and international

centres of RTD excellence; twinning of technology transfer institutions; and development of joint financial engineering instruments directed at supporting R&TD in SMEs;

- (b) environment: water management, energy efficiency, risk prevention and environmental protection activities with a clear transnational dimension. Actions may include: protection and management of river basins, coastal zones, marine resources, water services and wetlands; fire, drought and flood prevention; the promotion of maritime security and protection against natural and technological risks; and protection and enhancement of the natural heritage in support of socio-economic development and sustainable tourism;
- (c) accessibility: activities to improve access to and quality of transport and telecommunications services where these have a clear transnational dimension. Actions may include: investments in cross-border sections of trans-European networks; improved local and regional access to national and transnational networks; enhanced interoperability of national and regional systems; and promotion of advanced information and communication technologies;
- (d) sustainable urban development: strengthening polycentric development at transnational, national and regional level, with a clear transnational impact. Actions may include: the creation and improvement of urban networks and urban-rural links; strategies to tackle common urban-rural issues; preservation and promotion of the cultural heritage; the strategic integration of development zones on a transnational basis; and improving the environmental situation through an integrated approach.

As regards Croatia, care will be taken to ensure that there is no operational or financial overlap, including at the participant level, with any of the measures incorporated in the Operational Programmes for Croatia under IPA Components III, IV and V (Regional, Human Resources, and Rural Development).

Each programme shall establish eligibility rules for the selection of operations which ensure the same eligibility conditions as for similar actions under other IPA components, as well as respect of Community standards, where relevant.

The priorities should be essentially implemented through single calls for proposals covering all the eligible territory, including that of the participating candidate/potential candidate countries. The first call for proposals is expected to be published in 2009.

The essential selection and award criteria to be used to select the proposal are laid down in the relevant ERDF transnational programme. The detailed selection and award criteria for the award of grants will be laid down in the call for proposals–application pack (Guidelines for applicants).

#### **2.4. Overview of past and on-going experience in transnational co-operation, including lessons learned**

In 2004–06, CARDS funds financed the participation of Western Balkan countries in the Neighbourhood programme "Central, Adriatic, Danubian and South–Eastern European Space" (CADSES), one of the given 2000–2006 European transnational co-operation areas covered by the INTERREG IIIB initiative. The participation in the CADSES programme, the precursor of the 2007–13 South–East Europe programme, provided the first opportunity to

Western Balkan countries to get involved in transnational co-operation with EU Member States and, by the same occasion, to get familiar with the procedures of INTERREG programmes.

As the CADSES programme was implemented through single joint calls for proposals, the lessons learned for the participating candidate/potential candidate countries are as follows:

- national authorities have to allocate enough human resources to take active part in the management structures of the programme (joint monitoring committee, joint steering/evaluation committee, joint technical secretariat) and to follow up the implementation of the programme/projects in the country concerned. A small fraction of Community funds allocated to each candidate/potential candidate country shall be available to cover the operational costs linked with the implementation of the programme;
- effective co-ordination between EC Delegations of participating candidate/potential candidate countries (e.g. in performing ex-ante approval of the single calls for proposals prior to their publication) and between them and the Managing Authority, is key to ensure a smooth and timely implementation of the programme.

## 2.5. Benchmarks

	N	N+1 (cumulative)	N+2 (cumulative)
Number of calls for proposals launched	2		
Contracting Rate (%)		100%	

"N" being the date of conclusion of the Financing Agreement

## 2.6. Roadmap for the decentralisation of the management of EU funds without ex ante controls by the Commission

According to Article 8 (4) (c) of the IPA Implementing Regulation, the beneficiary country shall establish a roadmap with indicative benchmarks and time limits to achieve decentralisation without ex ante controls by the Commission

A decentralisation with ex-ante control has been conferred to Croatia by the Commission in February 2006. A follow up audit mission from ELARG E.5 audit unit took place in February 2007 to verify the fulfilment of conditions for the conferral of management as laid down in Commission Decision. Based on the final assessment of the audit report, a roadmap for the gradual lifting of the ex-ante control requirement may be envisaged.

In parallel, Croatia is expected to submit a request to the Commission for the accreditation of the implementation bodies under the IPA programme for decentralised management of EU funds with ex-ante control in the first semester of 2008.

### 3. BUDGET FOR 2008

#### 3.1. Indicative 2008 financial table

(2) Expressed in % of the grand total of column (c). It indicates the relative weight of the each priority with reference to the total funds (IPA + National)

#### 3.2. Principle of co-financing applying to the projects funded under the programme

The Community contribution has been calculated in relation to the **eligible expenditure** which, in the case of this programme, is based on the public expenditure.

### 4. IMPLEMENTATION ARRANGEMENTS

#### 4.1. Introduction

This programme provides Croatia with IPA component II funds to finance the participation of its national partners in joint transnational co-operation projects under the ERDF transnational programmes South–East Europe and Mediterranean.

Main steps of the implementation will be as follows:

- (a) Responsible authorities of Croatia shall establish an Operating Structure to deal with the management and implementation of this programme. The Operating Structure will co-operate with the Managing Authorities of the South–East Europe and Mediterranean programmes and will be represented in the Joint Monitoring Committees of the above transnational programmes as a full member.
- (b) The Joint Monitoring Committees of the above transnational programmes will prepare the Call for proposals–Application pack (Guidelines for applicants) for the implementation of the programmes.

- (c) Before being published, the Call for proposals notice and its Application pack shall be submitted to the EC Delegations of the candidate/potential candidate countries participating in the transnational programme, for ex-ante approval.
- (d) To be eligible for financing by IPA, joint operations shall include beneficiaries from both Member States and IPA countries. Applications for joint operations shall identify a financial lead partner located in a Member State for the part of the joint operation taking place on the EU side with ERDF funds, and a financial lead partner in each of the participating candidate/potential candidate country for the part of the joint operation taking place on the candidate/potential candidate side with IPA funds. Applications must clearly distinguish between activities – and their costs – taking place on the EU side with ERDF funds and those taking place on the candidate/potential candidate side with IPA funds.
- (e) The Joint Monitoring Committees of the above transnational programmes are responsible for selecting joint operations in accordance with Structural Funds rules.
- (f) The evaluation report and the list of joint operations selected for financing shall be submitted to the EC Delegations for approval. This approval will concern only the participation of partners from Croatia in the relevant joint operations.
- (g) The Implementing Agency of Croatia will issue the IPA grants to its national lead partners participating in the selected joint operations (while the Managing Authority of the South-East Europe or the Mediterranean programme will issue the ERDF grants to the lead partners responsible for the part of the joint operations taking place on the EU territory).

#### **4.2. Method of Implementation**

This programme shall be implemented in accordance with Article 53c of the Financial Regulation<sup>1</sup> and the corresponding provisions of the Implementing Rules<sup>2</sup>. The Beneficiary Country will continue to ensure that the conditions laid down in Article 56 of the Financial Regulation are respected at all times.

The ex-ante control by the Commission shall apply to the tendering of contracts, launch of call for proposals and the award of contracts and grants until the Commission allows for decentralised management without ex-ante controls as referred in Article 18 of the IPA Implementing Regulation.

#### **4.3. General rules for Procurement and grant award procedures**

Procurement shall follow the provisions of Part Two, Title IV of the Financial Regulation and Part Two, Title III, Chapter 3 of its Implementing Rules<sup>3</sup> as well as the rules and procedures for service, supply and works contracts financed from the general budget of the European

Grant award procedures shall follow the provisions of Part One, Title VI of the Financial Regulation and Part One, Title VI of its Implementing Rules.

Where appropriate, the Contracting Authorities shall also use the standard templates and models facilitating the application of the above rules provided for in the "Practical Guide to contract procedures for EC external actions" ("Practical Guide") as published on the EuropeAid website<sup>4</sup> at the date of the initiation of the procurement or grant award procedure.

#### **4.4. Environmental Impact Assessment and Nature Conservation (where appropriate)**

All investments shall be carried out in compliance with the relevant Community environmental legislation.

The procedures for environmental impact assessment as set down in the EIA-directive<sup>5</sup> fully apply to all investment projects under IPA. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-mentioned directive.

If a project is likely to affect sites of nature conservation importance, an appropriate nature conservation assessment shall be made in accordance with Article 6 of the Habitats Directive<sup>6</sup>.

## **5. MONITORING AND EVALUATION**

### **5.1. Monitoring**

In Croatia, the implementation of this programme will be monitored through the IPA monitoring committee in accordance with Article 58 of the IPA Implementing Regulation.

The IPA monitoring committee shall assess the effectiveness, quality and coherence of the implementation of the programme to ensure the achievements of the programme objectives and enhance the efficiency of the assistance provided.

### **5.2. Evaluation**

The ERDF transnational programmes are subject to evaluation according to the Structural Funds Regulation (EC) No 1083/2006, under the responsibility of the Managing Authority located in one of the participating Member States. When such an evaluation is conducted,

every effort should be made to evaluate also the elements concerning the participation of candidate/potential candidate countries in the transnational programme.

This programme shall be subject to evaluations in accordance with Articles 57 and 82 of the IPA Implementing Regulation, with an aim to improve the quality, effectiveness and consistency of the assistance from Community funds and the strategy and implementation of the programme.

The Commission may also carry out strategic evaluations.

## **6. AUDIT, FINANCIAL CONTROL, ANTIFRAUD MEASURES, FINANCIAL ADJUSTMENTS, PREVENTIVE MEASURES AND FINANCIAL CORRECTIONS**

### **6.1. Audit, Financial Control and Anti-Fraud measures**

The accounts and operations of all parties involved in the implementation of this programme, as well as all contracts and agreements implementing this programme, are subject to, on the one hand, the supervision and financial control by the Commission (including the European Anti-Fraud Office), which may carry out checks at its discretion, either by itself or through an outside auditor and, on the other hand, audits by the European Court of Auditors. This includes measures such as ex-ante verification of tendering and contracting carried out by the Delegations in the Beneficiary Countries.

In order to ensure the efficient protection of the financial interests of the Community, the Commission (including the European Anti-Fraud Office) may conduct on-the-spot checks and inspections in accordance with the procedures foreseen in Council Regulation (EC, Euratom) 2185/96<sup>7</sup>.

The controls and audits described above are applicable to all contractors, subcontractors and grant beneficiaries who have received Community funds.

### **6.2. Financial adjustments**

In Croatia the national authorising officer, who bears in the first instance the responsibility for investigating all irregularities, shall make the financial adjustments where irregularities or negligence are detected in connection with the implementation of this programme, by cancelling all or part of the Community assistance. The national authorising officer shall take into account the nature and gravity of the irregularities and the financial loss to the Community assistance.

In case of an irregularity, including negligence and fraud, the national authorising officer shall recover the Community assistance paid to the beneficiary in accordance with national recovery procedures.

### **6.3. Audit trail**

In Croatia, the national authorising officer shall ensure that all the relevant information is available to ensure at all times a sufficiently detailed audit trail. This information shall include

---

<sup>7</sup> Council Regulation (EC, Euratom) 2185/96 of 11. November 1996, OJ L 292; 15.11.1996; p. 2.

documentary evidence of the authorisation of payment applications, of the accounting and payment of such applications, and of the treatment of advances, guarantees and debts.

#### **6.4. Preventive Measures**

Croatia shall ensure investigation and effective treatment of suspected cases of fraud and irregularities and shall ensure the functioning of a control and reporting mechanism equivalent to that provided for in Commission Regulation 1828/2006<sup>8</sup>. All suspected or actual cases of fraud and irregularity as well as all measures related thereto taken must be reported to the Commission services without delay. Should there be no suspected or actual cases of fraud or irregularity to report, the Beneficiary Country shall inform the Commission of this fact within two months following the end of each quarter.

Irregularity shall mean any infringement of a provision of applicable rules and contracts, resulting from an act or omission by an economic operator, which has, or would have, the effect of prejudicing the general budget of the European Union by charging an unjustified item of expenditure to the general budget.

Fraud shall mean any intentional act or omission relating to: the use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of funds from the general budget of the European Union or budgets managed by, or on behalf of, the European Union; non disclosure of information in violation of a specific obligation with the same effect; the misapplication of such funds for purposes other than those for which they are originally granted.

The Beneficiary Country shall take any appropriate measure to prevent and counter active and passive corruption practises at any stage of the procurement procedure or grant award procedure, as well as during the implementation of corresponding contracts.

Active corruption is defined as the deliberate action of whosoever promises or gives, directly or through an intermediary, an advantage of any kind whatsoever to an official for himself or for a third party for him to act or to refrain from acting in accordance with his duty or in the exercise of his functions in breach of his official duties in a way which damages or is likely to damage the European Communities' financial interests.

Passive corruption is defined as the deliberate action of an official, who, directly or through an intermediary, requests or receives advantages of any kind whatsoever, for himself or a third party, or accepts a promise of such advantage, to act or to refrain from acting in accordance with his duty or in the exercise of his functions in breach of his official duties in a way which damages or is likely to damage the European Communities' financial interests.

The authorities of the beneficiary country, including the personnel responsible for the implementation of the programme, shall also undertake to take whatever precautions are necessary to avoid any risk of conflict of interest, and shall inform the Commission immediately of any such conflict of interest or any situation likely to give rise to any such conflict.

<sup>8</sup> OJ L 371, 27.12.2006, p.1.

## **6.5. Financial corrections**

In order to ensure that the funds are used in accordance with the applicable rules, in Croatia the Commission shall apply clearance-of-accounts procedures or financial correction mechanisms in accordance with Article 53c (2) of the Financial Regulation and as detailed in the Framework Agreement concluded between the Commission and Croatia or, where the latter does not exist, in the Financing Agreement implementing this programme concluded with Croatia.

A financial correction may arise following:

- (i) identification of a specific irregularity, including fraud; or
- (ii) identification of a weakness or deficiency in the management and control systems of the beneficiary country.

If the Commission finds that expenditure under this programme has been incurred in a way that has infringed applicable rules, it shall decide what amounts are to be excluded from Community financing.

The calculation and establishment of any such corrections, as well as the related recoveries, shall be made by the Commission following the criteria and procedures provided for in the IPA Implementing Regulation

## **7. LIMITED CHANGES**

Limited changes in the implementation of this programme affecting essential elements listed under Article 90 of the Implementing Rules to the Financial Regulation, which are of an indicative nature<sup>9</sup>, may be undertaken by the Commission's authorising officer by delegation (AOD), or by the Commission's authorising officer by sub-delegation (AOSD), in line with the delegation of powers conferred upon him by the AOD, in accordance with the principles of sound financial management without an amending financing decision being necessary.

---

<sup>9</sup> These essential elements of an indicative nature are, for grants, the indicative amount of the call for proposals and, for procurement, the indicative number and type of contracts envisaged and the indicative time frame for launching the procurement procedures.
