1. Basic Information

1.1 CRIS Number: 2006/018-343.09.03
1.2 Title: Unallocated Institution Building Envelope
1.3 Sector: PAR
1.4 Location: Bulgaria
1.5 Duration: 24 months

2. Objectives

2.1 Overall Objective(s):
Strengthening the institutions and administrative capacity for the full application of the acquis communautaire

2.2 Project purpose:
- Assist the adoption and implementation of *acquis* in particular areas where assistance is still necessary
- Strengthen the institutional and operational capacity of public administration bodies in view of the future role in the implementation of the EU *acquis*
- Develop human resources of public administration institutions responsible for the implementation of the EU *acquis*
- Ensure the ability of Bulgaria to take on the obligations of the EU membership, including adherence to the aims of political, economic and monetary union

2.3 Accession Partnership (AP) and NPAA priority (and implementing measures envisaged by the Action Plan for AP priorities related to strengthening administrative and judicial capacity)

The Accession Preparation 2003 states: “Prepare a fully comprehensive; public administration reform strategy, including an action plan, in 2003. The strategy should involve a twin track approach combining; continuing to support institution building directly relevant to the acquis and management of EC funds; and horizontal reform designed to improve the effectiveness of the public administration more generally”.

“Give more attention when the EC acquis is transposed, to how this can be implemented and enforced, including in the court system, at national, regional and local levels, in a way appropriate to the situation in Bulgaria”.

In addition, the Bulgaria AP contains requirements to:
1. “Make progress in implementing the Bulgarian National Strategy for preparation on Structural Funds and the Cohesion Fund. Continue to adopt the framework legislation needed to implement the acquis under “Regional policy and co-ordination of structural instruments”.

2. “Bring administrative capacity for the units within the ministries designated or to be designated as future managing or paying authorities up to the level required for efficient and correct implementation of Structural Funds assistance (in terms of recruitment, career profiles and training)”.

3. “Make progress in ensuring compliance with acquis requirements for monitoring and evaluation of the Structural Funds, in particular for ex-ante evaluation and for the collection of the relevant statistical information and indicators”.

2.4 Contribution to National Development Plan (and/or Structural Funds Development Plan/SDP)
Not applicable

2.5 Cross Border Impact
Not applicable

3. Description

3.1 Background and justification:
Bulgaria has been the beneficiary of accession related PHARE institution building projects since 1998. A number of institution building projects have been or are being completed successfully in the form of full scale twinning with the assistance of Member States experts. However at this stage of Bulgaria’s preparation for EU membership there is a clear demand to establish a more flexible institution building instrument to address specific well-circumscribed self contained subjects of limited scope. The unallocated institution building envelope will provide the possibility to respond to emerging tasks in a more flexible and immediate way. In particular projects will be supported in those areas identified in the Comprehensive Monitoring Report and other strategic documents issued by the European Commission in which urgent and/or unforeseen tasks arise unexpectedly. No investments are eligible under this facility.

3.3 Results

3.3.1 Project 1

3.3.1.1 Purpose
To provide Institution Building through assistance (twinning, twinning light, or other form of technical assistance) to meet the requirements related to specific urgent and unforeseen needs identified in the course of the accession negotiation process.

3.3.1.2 Results:
- Concrete administrative structures and management systems in place that satisfy the requirements of the acquis communautaire in a number of areas.

3.4 Activities (including Means)
The management of the Envelope shall be done following the principles below:
- Projects will be based on priorities identified in the Comprehensive Monitoring Report, other strategic documents, warning letters, etc.
- The projects will target very specific areas where Institution Building support is required in relation to the challenges and requirements of the EU integration process.
- The projects target a concrete, operational guaranteed result.
- Size and budget of projects will be subject of Criteria for project selection.
- Projects can be implemented through the most appropriate instrument, i.e. twinning, twinning light and/or technical assistance

3.5 Linked Activities:
- All institution building projects financed by PHARE since 1998
- The TAIEX Multi-beneficiary Programme, which acts as a complement to the national Phare programmes and is coordinated with them, responding to individual requests not covered in these programmes by tailor-made actions for each country in all fields of the acquis.
- SIGMA Multi-beneficiary Programme, which advises on the modernisation of general management systems of public institutions, oriented to accession priorities and complementing National Programmes for Institution Building and twinning.
- BG 0205.02 – Unallocated Institution Building Envelope.
- BG 2003/004-937.10.05 Unallocated Institution Building Envelope
- BG2004/016-711.10.05 Unallocated Institution Building Envelope
- BG 2005/017-353.11.02 Unallocated Institution Building Envelope
- BG 2005/017-586.05.02 Unallocated Institution Building Envelope
3.6 Lessons learned:
Large number of institution building projects have been completed successfully in the form of Twinning or Twinning light with the assistance of Member States experts. The experience shows that this type of assistance has been particularly useful to respond quickly to urgent needs in preparation towards accession. This IB envelope is expected to provide Bulgaria the possibility to respond to the remaining tasks linked to the further strengthening of the administrative capacity for the full implementation of the aquis.

4. Institutional Framework

For the execution of contracts of the Unallocated Institution Building Envelope (UIBE) under 2006 Financing Memorandum the following rules shall be observed:
The amount of 2.0 MEURO shall be used to finance Twinning, Twinning Light and Technical Assistance projects. According to the EC recommendations Twinning Light shall be preferable. National Aid Coordinator’s (NAC) services shall circulate criteria for project selection and rules for implementation to the Sectoral Coordinators who shall inform the beneficiaries on the base of identified needs. Each application shall meet the requirements of the Project Fiche (PF) for UIBE and the approved Criteria for project selection. A Steering Committee (StC) for UIBE under the Chairmanship of the NAC shall be created. The Steering Committee includes the National Aid Coordinator, the National Authorizing Officer and the Central Finance and Contracts Unit (CFCU) representatives as voting members as well as the European Commission Delegation (ECD) representatives as non-voting members. The Steering Committee shall decide about the allocations for projects as per the Criteria for project selection. From there on the procedures will follow what provided for in the Common Twinning Manual and the Practical Guide.

### 6. Implementation Arrangements

The Implementing Agency will be the Central Finance & Contracting Unit (CFCU) in the Ministry of Finance. CFCU will work closely with both the NAC and each beneficiary institution that receives assistance under the facility. The NAC will be responsible for overseeing implementation of general training provided under the facility. The relevant beneficiary institution will be responsible for overseeing project-specific assistance provided under the facility.

The Programme Authorising Officer will be the Secretary General of the Ministry of Finance.

#### 6.1 Twinning

Beneficiary institutions are not determined, due to the nature of the envelope.

#### 6.2 Non-standard aspects

The Practical Guide and the specific twinning and twinning light rules will strictly be followed.
6.3 Contracts

Due to the nature of the envelope for the time being it is not possible to foresee the number and value of contracts.

7. Implementation Schedule

7.1 Start of tendering/call for proposals

As defined in Annex 3

7.2 Start of project activity

Contracts may be signed only after the signature of the Financing Agreement for the Phare 2006 National Programme, part II.

7.3 Project completion

Projects for each year must be completed before the expiry date of the execution of contracts period in the Financing Memorandum for the Phare National Programme 2006, ie 30 November 2009.

8 Equal Opportunity

Equal opportunity for men and women will be guaranteed.
