FINANCING MEMORANDUM

The European Commission, hereinafter referred to as "THE COMMISSION", acting for and on behalf of the European Community, hereinafter referred to as "THE COMMUNITY"

on the one part, and

The Government of Bulgaria, hereinafter referred to as "THE RECIPIENT"

on the other part,

HAVE AGREED AS FOLLOWS:

The measure referred to in Article 1 below shall be executed and financed out of the budget resources of THE COMMUNITY in accordance with the provisions set out in this Memorandum. The technical, legal, and administrative framework within which the measure referred to in Article 1 below shall be implemented is set out in the General Conditions annexed to the Framework Agreement between THE COMMISSION and THE RECIPIENT, and supplemented by the terms of this Memorandum and the Special Provisions annexed hereto.

ARTICLE 1 - NATURE AND SUBJECT

As part of its aid programme, THE COMMUNITY shall contribute, by way of grant, towards the financing of the following MEASURE:

Programme number: 2003/005-632

Title: 2003 Phare External Border Initiative Programme in Bulgaria

Duration: Until 30 November 2005

ARTICLE 2 - COMMITMENT OF THE COMMUNITY

The financial contribution of THE COMMUNITY is fixed at a maximum of 4,12 million € hereinafter referred to as "THE EC GRANT".

[Signature]
ARTICLE 3 - DURATION AND EXPIRY

For the present MEASURE, THE EC GRANT is hereby available for contracting until 30 November 2005 subject to the provisions of this Memorandum. All contracts must be signed by this date. Any balance of funds of the EC GRANT, which have not been contracted by this date shall be cancelled.

The deadline for execution of contracts of THE EC GRANT is 30 November 2006, with the exception of the project BG-2003/005-632.01 “Construction of the Access Road to Strumiani - Berovo Border Crossing between Bulgaria and FYROM”, for which the execution of contracts expiry date is 30 November 2007.

THE COMMISSION may however, in exceptional circumstances, agree to an appropriate extension of the contracting period or of the contract execution period, should this be requested in due time and properly justified by THE RECIPIENT. This Memorandum shall expire at the expiry date for execution of contracts of the EC GRANT. All the funds which have not been disbursed shall be returned to the Commission.

ARTICLE 4 - ADDRESSES

Correspondence relating to the execution of THE MEASURE, stating THE MEASURE’S number and title, shall be addressed to the following:

for the COMMUNITY:

Delegation of the European Commission
9 Moscovska Str
PO Box 668
BG-1000 Sofia
Bulgaria

Tel: (+359 2) 933 5252
Fax: (+359 2) 933 5233

for THE RECIPIENT:

Mr Milen Veltchev
Minister of Finance
NAC
102 Rakovski St
BG-1040 Sofia
Bulgaria
ARTICLE 5 - NUMBER OF ORIGINALS

This Memorandum is drawn up in duplicate in the English language.

ARTICLE 6 - ENTRY INTO FORCE

This Memorandum shall enter into force on the date on which it has been signed by both parties. No expenditure incurred before this date is eligible for the EC GRANT.

The Annexes shall be deemed an integral part of this Memorandum.

2. Special Provisions (Annex C)
3. Visibility/Publicity (Annex D)
ANNEX C

1. Objectives and Description

The 2003 Phare External Border Initiative for Bulgaria has been designed following bilateral discussions between the Bulgarian authorities and the European Commission’s representatives.

The objectives of the 2003 Phare External Border Initiative for Bulgaria are:

- to improve cross-border co-operation at local level between Bulgaria and Serbia & Montenegro, FYROM and Turkey;
- to support the further development of the economic potential of the border regions;
- to pave the way for the future (2004-2006) Phare CBC/Neighbourhood programmes between Bulgaria and (i) Serbia & Montenegro (ii) Former Yugoslav Republic of Macedonia and (iii) Turkey.

It focuses on 3 projects:

<table>
<thead>
<tr>
<th>(1) Phare 2003/000-632.01: Construction of the Access Road to Strumiani - Berovo Border Crossing between Bulgaria and FYROM (£2.72 million)</th>
</tr>
</thead>
</table>

The project aims at reducing isolation of border regions and encourage investments and cross-border trade through improved communication link, developing of both regional and national economic co-operation and preparing of Bulgarian border regions for the implementation of the structural policies applied by the EU Member States through the development of strategies and programmes for sustainable social and economic development.

The project will facilitate:

- the increased traffic flow between Bulgaria and Macedonia through the new BCCP Strumiani – Berovo;
- strengthening the co-operation between the two border regions at local level.

The main municipality from the Bulgarian side concerned with the need for construction of a suitable approach road to the proposed new Cross Border Checkpoint is Strumiani:

- development of the natural potential for tourism of this attractive area and thus provide the conditions for economic and social exchange between the border regions;
- time and operating cost savings, improved traffic safety and comfort.

The proposed project consists of rehabilitation and new construction of approx. 30 km of a III class approach road to the new “Strumiani - Berovo” Border Crossing Check Point between Bulgaria and Macedonia.
The existing Third Class Road No 1008, with asphalt pavement, separates from Road E-79, Sofia – Kulata at Strumiani village, km 0+000 and continues in west direction up to road junction to Tsaparevo, km 15+398. The rehabilitation section follows the existing road III-1008 from Strumiani to road junction Tsaparevo.

The new road is a continuation of the existing road. From km 15+398 to km 30+198 there is an earth road without any pavement. The proposed new construction starts from km 15+398 passing through mountainous terrain and ends at km 30+198 at the Border with the Republic of Macedonia. The design for the new route is closely following the existing earth road. In order to improve the technical parameters of the new one in some places it is moving away from the existing one.

The new road is designed in accordance with the joint Protocol signed by representatives of the two countries dated 24 August 1999.

The traffic will use road E79, Sofia - Kulata as a main link to the new “Strumiani - Berovo” Border Crossing Check Point. This transport link is expected to become across border link of regional importance between the Republic of Bulgaria and the Republic of Macedonia. The estimated daily traffic for 2010 is of 1039 vehicles (999 cars, 16 buses, 24 lorries).

(2) Phare 2003/005-632.02: Joint Small Project Fund (JSPF) at the Bulgaria-Turkey border (€0.5 million)

With a view to strengthen the local cross-border co-operation of the two border regions, Bulgaria and Turkey decided in 2002 to start to implement a JSPF. Relevant Bulgarian and Turkish authorities held two meetings, the first in Edirne on 25 February 2003 and a subsequent one in Sofia on 7 April 2003 at which agreement was reached on including a project to this effect in the 2003 pre-accession financial assistance programme. This scheme will finance “soft” projects: business co-operation, enterprise development, technology transfer and marketing for small and medium size enterprises, training, employment, measures for health and cultural exchanges, improvement of information flow and communications between border regions etc. An external expert contracted under a framework contract with the Commission will also provide technical assistance in the preparations for the implementation of the JSPF as well as support for the preparation of the Phare CBC Joint Programming Document for the period 2004-2006.

The Joint Small Projects Fund (JSPF) supports the key objectives of the future Phare CBC programme at the Bulgarian -Turkish border, namely to help the border regions to overcome specific development problems resulting from their relative isolation in the framework of national economics; the JSPF also supports the establishment and development of co-operative networks on both sides of the border and the creation of linkages between these networks and wider European Union networks.

The main purposes of this project are following:

- improve cross-border co-operation at local level between the two countries;
- support the further development of the economic potential of the border regions;
• strengthening of local co-operation across the border, in particular in the field of environment;

• stimulation and support to creation of permanent structures among the local and regional organisations in the border regions;

• building and development of specialist resources of local and regional institutions involved in regional development and cross-border co-operation;

• development of local/regional economic and employment;

• development and strengthening of an effective implementation structure.

The total cost of the project is estimated €0.553 million, of which Phare contribution is earmarked for €0.500 million. Up to 7% of the Phare contribution (maximum €35,000) may be used for administrative costs for operating the fund - expenditure relating to the preparation, selection, appraisal and monitoring of the assistance.

Co-financing is needed and will be one criterion for eligibility of projects. Minimum co-financing will be 10% of the cost of each soft project.

A similar JSPF of €500,000 million has been granted to Turkey from the 2003 Pre-accession financial assistance programme for Turkey. It will be implemented jointly in the Turkish border regions in co-operation with the JSPF of the Bulgarian border regions.

The JSPF will be subject to verification and approval by the European Commission Delegation in conformity with relevant provisions of the 2003 Programming Guide.
The project will provide direct support to the Ministry of Regional Development and Public Works, local authorities, future beneficiaries and other relevant bodies concerned by future Phare CBC / Neighbourhood programmes.

The Technical Assistance will provide support to the DG Programming and Phare CBC Implementing Agency within the Ministry of Regional Development and Public Works for:

1. **Information of local beneficiaries on the concerned borders**

   The TA will be responsible for organising, under the responsibility of MRDPW, local workshops for beneficiaries to raise awareness on the programme, its specificity, eligible activities, project identification, preparation and approval procedures. Additional information activities will be carried out if needed (leaflets, etc).

2. **Setting up procedures to manage the future programmes (including proposals for adapting existing procedures followed for Phare CBC programmes to Cards constraints) in line with the guidance the Commission will provide concerning the Neighbourhood programmes.**

   The TA will assist the CBC Implementing Agency of the MRDPW in defining an implementation strategy for these future programmes (drafting guidelines and procedures; training programmes for staff of key local/regional institutions to be involved). Given constraints imposed by Cards and Pre-accession financial assistance programme rules, the TA will try to develop procedures as simple as possible.

   The TA will also assist the CBC Implementing Agency of the MRDPW in defining the procedures for managing Joint Small Project Funds.

3. **Training of local staff**

   The TA will assist the MRDPW in identifying training needs of local/regional institutions involved in the implementation of the future programmes (including JSPF): preparation of business plans, cost benefit analysis and any other matters related to the identification, preparation and implementation of projects.

4. **Project preparation facility**

   The TA will assist the DG Programming of the MRDPW to identify project proposals, to assess them (eligibility, cost/benefit analysis,...) and to rank them. The TA will provide assistance to beneficiaries for project preparation (completion of feasibility studies; technical design; environmental impact assessment; preparation of project fiches; tender dossiers...).

   The objective is to prepare a mature pipeline of projects (minimum 8) in the fields of Justice and Home Affairs/ Border Management, Transport, Economic Development and Environment for future Phare CBC/Neighbourhood Programmes.
2. Budget

In accordance with the Phare Guidelines of 1999 and Revised Guidelines of 2002, all investment projects supported by Phare must receive co-financing from national public funds.

The Community contribution may amount to up to 75% of the total eligible\(^1\) public expenditure.

Co-financing for Institution Building projects is provided by the beneficiary bearing certain infrastructure and operational implementation costs, through financing the human and other resources, required for effective and efficient absorption of Phare assistance.

3. Implementation Arrangements

a) Financial and Project Management by the Candidate Country

The programme will be managed in accordance with the Phare Extended Decentralised Implementation System (EDIS) procedures as set down in the EDIS Accreditation Decision and the Agreement on the Implementation of EDIS (EDIS Implementation Agreement - EIA)

---

\(^1\) Taxes are not an element eligible for co-financing
concluded between Bulgaria and the Commission. Prior to the conclusion of said Agreement, implementation will follow Phare Decentralised Implementation System (DIS) procedures. Extended Decentralisation will, however, apply from the date of accession at the latest.

The National Aid Co-ordinator (NAC) will have overall responsibility for programming and monitoring of Phare programmes. The National Authorising Officer (NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the EDIS Accreditation Decision and/or the DIS Manual as well as the other instructions of the Commission, and that all contracts required to implement the Financing Memorandum are awarded using the procedures and standard documents defined and most recently published by the European Commission for the implementation of External Actions. The NAC and the NAO shall be jointly responsible for co-ordination between Phare (including Phare CBC), ISPA and SAPARD as well as the Structural and Cohesion Funds.

The National Fund (NF) in the Bulgarian Ministry of Finance, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the Phare funds. He shall ensure that the Phare rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community State aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the Phare funds of a programme until the closure of the programme.

b) Project size

All projects will be greater than €2 million, except for the following:

2003/005-632.02, Joint Small Project Fund (JSPF), given its scope

2003/005-632.03, Technical Assistance for Multi Annual Programming and Implementation of future Phare CBC/Neighbourhood programmes with Serbia & Montenegro, FYROM and Turkey, given the Institution Building nature of the project.

c) Deadline for contracting and execution of contracts; programming deadline

All contracts must be concluded by 30 November 2005. In no case can the contracting period exceed 3 years after the date of the global commitment.

Execution of all contracts must end by 30 November 2006 with the exception of project n°1, 2003/005-632.01, “Construction of the Access Road to Strumiani - Berovo Border Crossing between Bulgaria and FYROM”, for which the execution of contracts expiry date is 30 November 2007. The objective is to take into account contingencies that are likely to

---

occur during the works period as it has happened for similar projects in the past (weather conditions, etc.). Budgetary commitments which have not given rise to payments during three years counted from the date of the legal commitment will be decommitted.

d) Clearance of Accounts Procedure and Recovery of Funds

A clearance-of-accounts procedure in line with Art. 53 para 5 of the Financial Regulation\textsuperscript{4} and Art. 42 of the Implementing Rules to the Financial Regulation\textsuperscript{5} will be put in place.

Any proven irregularity or fraud\textsuperscript{6} discovered at any time during the implementation of the programme will lead to the recovery of funds by the Commission.

If the implementation of a measure appears not to justify either a part or the whole of the assistance allocated, the Commission is to conduct an appropriate examination of the case, in particular requesting the beneficiary country to submit its comments within a specified period of time and to correct any irregularity.

Following the examination referred to in the previous paragraph, the Commission may reduce, suspend or cancel assistance in respect of the measures concerned if the examination reveals irregularity, an improper combination of funds or a failure to comply with one of the conditions in the financing memorandum and in particular any significant change affecting the nature or conditions of implementation of the measure for which the Commission’s approval has not been sought. Any reduction or cancellation of the assistance is to give rise to recovery of the sums paid.

Where the Commission considers that an irregularity has not been corrected or that all or part of an operation does not justify either all or part of the assistance granted to it, the Commission is to conduct a suitable examination of the case and request the beneficiary country to submit its comments within a specified period. After the examination, if the beneficiary country has undertaken no corrective measures, the Commission may:

(a) reduce or cancel any advance;

(b) cancel all or part of the assistance granted to the measure.

The Commission is to determine the size of a correction taking into account the nature of the irregularity and the extent of any failures in the management and control systems.

Any funds not used by the expiry date of the programme will be recovered by the Commission. A final written declaration with supporting documentation shall be issued by the NAO 2 months after all payments have been made, showing the total amount contracted and disbursed. A final bank reconciliation showing the existing balances in the NF/IA/CFCU shall also be enclosed.

Notwithstanding the recovery of unused and ineligible funds after expiry of the Financing Memorandum, a complementary recovery order may be issued after the final audit of the reliability and consistency of contracts and disbursements as well as their compliance with

\textsuperscript{4} Council Regulation 1605/2002 of 25 June 2002
\textsuperscript{5} Commission Regulation 2342/2002 of 23 December 2002
\textsuperscript{6} As defined under number 8a (Audit and Anti-fraud Measures by the Candidate Countries) of this document
the provisions of the Financing Memorandum has been carried out, taking into account the independent opinion of the final audit.

The National Authorising Officer will ensure the reimbursement of any unused funds or any sum wrongly paid within sixty calendar days of the date of notification. If the NAO does not repay the amount due to the Community, the beneficiary country shall refund this amount to the Commission. Interest on account of late payments shall be charged on sums not repaid by applying the rules specified in the Financial Regulation governing the Community Budget.

e) Financial Flows

The Commission will transfer funds to the NF in accordance with the Memorandum of Understanding signed between the Commission and Bulgaria in December 1998. Funds will be transferred following requests from the NAO onto a separate bank account, denominated in €, which will be opened and managed by the NF in a Bank agreed in advance with the Commission.

aa) Transfer of Funds to the National Fund

A first transfer of up to 20 % of the funds to be managed locally⁷, representing pre-financing⁷ will be sent to the NF following signature of the Financing Memorandum and the Financing Agreements (FAs) between the NF and the Implementing Agencies (IAs)/Central Finance and Contracts Unit (CFCU). The provisions foreseen in articles 2 and 13 of the MoU on the NF must also be met. Furthermore, the NAO must submit to the Commission the designation of the PAOs and a description of the system put in place, highlighting the flow of information between the NF and the IA/CFCU and the manner in which the payment function will be carried out.

Two further transfers of up to 30 % each of the funds to be managed locally will be made. The second transfer will be triggered when 5 % of the budget has been disbursed by the IAs and the CFCU. The third transfer may be requested when 35 % of the total budget in force has been disbursed. A fourth transfer will be made when 70 % of the total budget in force is disbursed and when all expenditure has been incurred (i.e. fully contracted). No later than 2 months after all payments have been made the National Fund will submit a final declaration of expenditure, which will trigger a balancing operation of all transfers against final certified expenditure incurred, which at that point will be equal to payments made. (closure of expenditure)⁸.

Exceptionally the NAO may request payment of more than the percentages mentioned above in accordance with the procedures laid down in the aforesaid Memorandum of Understanding. Save for express prior authorisation from the Commission HQs, no interim payments may be made if the trigger points mentioned above have not been respected.

⁷ as defined in Art. 81.1.b.i of the Financial Regulation
⁸ as defined in Art.105 of the Implementing Rules
bb) Transfer of Funds to the Implementing Agencies

The National Fund will transfer funds to IAs, including the Central Financing and Contracting Unit (CFCU), in accordance with Financing Agreements (FAs) signed between the NFs and the IAs/CFCU where applicable. Bank accounts for sub-programmes shall be opened in the name of the relevant Implementing Agency/CFCU in charge of the financial administration of the sub-programme in line with Art. 13 of the MoU on the Establishment of the National Fund.

Under DIS, each individual FA will be endorsed in advance by the European Commission. In cases where the NF is itself the paying agent for the CFCU/IA there will be no transfer of funds from the NF to the CFCU/IA. The CFCU and the IAs must each be headed by a Programme Authorising Officer (PAO) appointed by the NAO after consultation with the NAC. The PAO will be responsible for all the operations carried out by the relevant CFCU/IA.

For those contracts with funds retained for a warranty period the overall total of funds related to those contracts, as calculated by the PAO and established by the Commission, will be paid to the Implementing Agency before the official closure of the programme. The Implementing Agency assumes full responsibility of depositing the funds until final payment is due and for ensuring that said funds will only be used to make payments related to the retention clauses.

The Implementing Agency further assumes full responsibility towards the contractors for fulfilling the obligations related to the retention clauses. Funds not paid out to the contractors after final payments have been settled shall be reimbursed to the Commission. An overview of the use of funds deposited on warranty accounts - and notably of the payments made out of them - and of interests accrued will annually be provided by the NAO to the Commission.

cc) Interest

In principle, all bank accounts\(^9\) will be interest bearing. Interest will be reported to the European Commission. If the Commission so decides, on the basis of a proposal from the NAO, interest may be reinvested in the Programme.

f) Implementing Agencies will be responsible for sub-programmes as follows:

The Implementing Agency of the whole programme will be the Ministry of Regional Development and Public Works (MRDPW).

g) Environmental Impact Assessment and Nature Conservation

The procedures for environmental impact assessment as set down in the EIA-directive\(^10\) are fully applicable for all investment projects under Phare. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-

---

\(^9\) in particular, but not exclusively, accounts run by the NF, the CFCU and IAs
mentioned directive. If a project would fall within the scope of annex I or annex II of the EIA Directive, the carrying out of the EIA-procedure must be documented\textsuperscript{11}.

If a project is likely to affect sites of nature conservation importance, an appropriate assessment according to Art. 6 of the Habitats-Directive\textsuperscript{12} must be documented\textsuperscript{13}.

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The Project Fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

\textbf{h) Special rules for certain components for the programme}

\textit{Grant Schemes}

For Grant Schemes, the precise implementation arrangements will be specified in the relevant project fiches in line with the following principles:

- The procedures and formats to be used in the implementation of the schemes and award of the grants will follow the provisions of the Practical Guide. In particular, due care will be given to the selection process of the beneficiary projects, which has to be done at technical level through selection committees composed of experts appointed by the authorities which are co-financing the schemes as well as by the relevant administrations and interest groups involved in the schemes.

- The competent PAO for the programme under which the grant scheme is financed has to retain his/her contractual and financial responsibility for the implementation of the schemes. In particular, the PAO has to formally approve the call for proposals, application forms, evaluation criteria, as well as the selection process and results. The PAO has also to sign the grant contracts with the beneficiaries and to ensure adequate monitoring and financial control under his/her authority and responsibility. With this reservation, the management of the schemes can be decentralised from the PAO to the appropriate bodies at sectoral or regional level.

- Prior to EDIS accreditation, the ex-ante approval of the Commission Delegation in Bucharest will be required, in conformity with the provisions of chapter 6 of the Practical Guide (decentralised ex-ante control).

- The implementation of selected projects through provision of works, supplies and services, sub-contracted by the final beneficiaries of the individual grants, shall be subject to the procurement regulations in the Practical Guide.

- Following a positive assessment of the Implementing Agency’s capacity to operationally and financially manage the schemes in a sound and efficient manner (cf. Section 11 and Annex 4 of the 2003 Phare Programming Guide), the Commission Delegation may decide to waive its ex-ante approval of sub-contracting carried out by final beneficiaries of individual grants. The detailed provisions governing the role of the Delegation in the above mentioned sub-contracting phase will be specified, as appropriate, in the exchange

\textsuperscript{11} in Annex EIA to the corresponding investment project fiche
\textsuperscript{12} DIR 92/43/EEC; OJ 206/7; 22.7.1992
\textsuperscript{13} in Annex Nature Conservation to the corresponding investment project fiche
of letters between the Delegation and the National Authorities following the above mentioned assessment exercise.

- Grant schemes will not involve projects for which Phare contribution is more than €2 million and less than €50,000. This lower limit may be waived as a result of the above-mentioned assessment of the Implementing Agency’s capacity of giving assurance of sound financial management. This lower limit is not applicable in the case of NGOs.

The financial commitments in Phare terms will be effected at the date of signature of the grant contracts by the competent PAO. The projects should be fully implemented before the expiry date for contract execution of the present Financing Memorandum.

**Small Projects Fund**

The Small Projects Fund will finance projects below €100,000 (Phare contribution). It will not include physical investments other than small infrastructure not generating substantial net revenue.

For the Small Project Fund, up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal and monitoring of the assistance.

4. **Monitoring and Evaluation**

Project implementation of this programme will be monitored through the Joint Monitoring Committee (JMC). It includes the NAO, the NAC and the Commission services. The JMC will meet at least once a year to review all Phare funded programmes in order to assess their progress towards meeting the objectives set out in Financing Memoranda and the Accession Partnership. The JMC may recommend a change of priorities and/or the re-allocation of Phare funds. Furthermore the JMC will review the progress of all pre-accession EU-funded assistance programmes once a year (PHARE, ISPA and SAPARD).

For the Phare programme, the JMC will be assisted by Sectoral Monitoring Sub-Committees (SMSC) which will include the NAC, the PAO of each Implementing Agency (and of the CFCU where applicable) and the Commission Services. The SMSC will review in detail the progress of each programme, including its components and contracts, assembled by the JMC into suitable monitoring sectors. Each sector will be supervised by one SMSC on the basis of regular monitoring reports produced by the Implementing Agency, and interim evaluations undertaken by independent evaluators. The SMSC will put forward recommendations on aspects of management and design, ensuring these are effected. The SMSC will report to the JMC, to which it will submit overall detailed opinions on all Phare financed programmes in its sector.

The Commission services shall ensure that an ex-post evaluation is carried out after completion of the Programme.
5. Audit and Anti-Fraud Measures

a) By the Candidate Countries\textsuperscript{14}

Each year an audit plan and a summary of the findings of the audits carried out shall be sent to the Commission. Audit reports shall be at the disposal of the Commission.

Appropriate financial control shall be carried out by the competent national financial control authority with respect to the implementation of the programme.

Beneficiary countries shall ensure investigation and satisfactory treatment of suspected and actual cases of fraud and irregularity following national or Community controls.

Irregularity shall mean any infringement of a provision of national or Community law\textsuperscript{15}, this Financing Memorandum or ensuing contracts or resulting from an act or omission by an economic operator, which has, or would have, the effect of prejudicing the general budget of the Communities or budgets managed by them, either by reducing or losing revenue accruing from own resources collected directly on behalf of the Communities, or by an unjustified item of expenditure.

Fraud shall mean any intentional act or omission relating to:

(i) the use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of funds from the general budget of the European Communities or budgets managed by, or on behalf of, the European Communities,

(ii) non-disclosure of information in violation of a specific obligation, with the same effect,

(iii) the misapplication of such funds for purposes other than those for which they are originally granted.

The national authorities shall ensure the functioning of a control and reporting mechanism equivalent to the one foreseen in Commission Regulation 1681/94\textsuperscript{16}.

In particular, all suspected and actual cases of fraud and irregularity as well as all measures related thereto taken by the national authority must be reported to the Commission services without delay. Should there be no suspected or actual cases of fraud and irregularity to report, the beneficiary country shall inform the Commission of this fact within two months following the end of each quarter.

b) By the Commission

All Financing Memoranda as well as the resulting contracts are subject to supervision and financial control by the Commission (including the European Anti-fraud Office) and audits by the Court of Auditors. This includes on-the-spot checks and, as long as the Extended

\textsuperscript{14} in accordance with the rules set down in Art. 54 of the Financial Regulation

\textsuperscript{15} defined as the entirety of Community rules applicable between the Parties of the Financing Memorandum (for example the Europe Agreements, the Framework Agreement, the Memorandum of Understanding on the Establishment of the National Fund etc.).

\textsuperscript{16} OJ L 178; 12.7.94; p. 43-46
Decentralisation System is not yet applicable to the Implementing Agencies in the Candidate Country concerned, measures such as ex-ante verification of tendering and contracting carried out by the Delegation in the Candidate Country concerned.

In order to ensure efficient protection of the financial interests of the Community, the Commission may conduct on-the-spot checks and inspections in accordance with the procedures foreseen in Council Regulation (Euratom, EC) No. 2185/96\textsuperscript{17}.

The accounts and operations of the National Fund, and, where applicable, the CFCU and all relevant Implementing Agencies may be checked at the Commission’s discretion by an outside auditor contracted by the Commission without prejudice to the responsibilities of the Commission and the European Union’s Court of Auditors as referred to in the “General Conditions relating to the Financing Memorandum” attached to the Framework Agreement.

6. Visibility/Publicity

The appropriate Programme Authorising Officer will be responsible for ensuring that the necessary measures are taken to ensure appropriate publicity for all activities financed from the programme. This will be done in close liaison with the Commission Delegation. Further details are set down in the Annex “Visibility/Publicity” (enclosed).

7. Special conditions

Successful implementation of the 2003 External Border Initiative for Bulgaria requires the Government of Bulgaria to make a particular effort to identify and remedy gaps and weaknesses in the management of cross-border co-operation programmes. The National Aid Co-ordinator will, by 31 March 2004 elaborate and present to the Commission a CBC capacity building plan, covering the period 2004-2006, specifying the actions needed to reinforce the implementing agency and implementing authorities. The plan should cover the measures necessary in order to ensure that the above bodies have an adequate endowment of qualified full-time personnel, sufficient operating budgets and that all other necessary conditions exist for the effective implementation of CBC/Neighbourhood programmes. The document will describe the first concrete actions already implemented to bring the administrative capacity (human resources and logistics: transportation, access to international phone numbers, etc.) to a sufficient level for the year 2004.

Except for project n°3, 2003/005-632.03, Technical Assistance for Multi Annual Programming and Implementation of future Phare CBC/Neighbourhood programmes with Serbia and Montenegro, FYROM and Turkey, no contract may be signed before this condition is fulfilled.

In the event that agreed commitments are not met for reasons which are within the control of the Government of Bulgaria, the Commission may review the programme with a view, at the Commission’s discretion, to cancelling all or part of it and/or to reallocate unused funds for other purposes consistent with the objectives of the Phare programme.
