FINANCING MEMORANDUM

The European Commission, hereinafter referred to as "THE COMMISSION", acting for and on behalf of the European Community, hereinafter referred to as "THE COMMUNITY"

on the one part, and

The Government of the Czech Republic, hereinafter referred to as "THE RECIPIENT"

on the other part,

HAVE AGREED AS FOLLOWS:

The measure referred to in Article 1 below shall be executed and financed out of the budget resources of THE COMMUNITY in accordance with the provisions set out in this Memorandum. The technical, legal, and administrative framework within which the measure referred to in Article 1 below shall be implemented is set out in the General Conditions annexed to the Framework Agreement of 6th August 1997 between THE COMMISSION and THE RECIPIENT, and supplemented by the terms of this Memorandum and the Special Provisions annexed hereto.

ARTICLE 1 - NATURE AND SUBJECT

As part of its aid programme, THE COMMUNITY shall contribute, by way of grant, towards the financing of the following MEASURE:

Programme number: CZ2002/000-583
Title: 2002 Cross Border Co-operation Programme between the Czech Republic and Austria
Duration: Until 31/10/2004

ARTICLE 2 - COMMITMENT OF THE COMMUNITY

The financial contribution of THE COMMUNITY is fixed at a maximum of 4 MEUR hereinafter referred to as "THE EC GRANT".

ARTICLE 3 - DURATION AND EXPIRY

For the present MEASURE, THE EC GRANT is hereby available for contracting until 31/10/2004 subject to the provisions of his Memorandum. All contracts must be signed by this date. Any balance of funds of the EC GRANT, which have not been contracted by this date shall be cancelled. The deadline for disbursement of THE EC GRANT is 31/10/2005. All disbursements must be completed by the deadline for

1 The Financing Memorandum structure is as follows : 1. the coverpages with the references to the country concerned, amount and authority to sign, 2. Annex A of the Framework Agreement; 3. Annex B of the Framework Agreement; Annex C –Special Conditions (the text of the adopted financing proposal starting from Description and Objectives onwards); and Annex D 'Visibility/Publicity.
disbursement. THE COMMISSION may however, in exceptional circumstances, agree to an appropriate extension of the contracting period or of the disbursement period, should this be requested in due time and properly justified by THE RECIPIENT. This Memorandum shall expire at the expiry of the disbursement period of the EC GRANT. All the funds, which have not been disbursed shall be returned to the Commission.

ARTICLE 4 - ADDRESSES

Correspondence relating to the execution of THE MEASURE, stating THE MEASURE'S number and title, shall be addressed to the following:

for the COMMUNITY:

European Commission Delegation in the Czech Republic
Pod Hradbami 17
160 00 Praha 6
Czech Republic

for THE RECIPIENT:

Ministry of Finance of the Czech Republic
National Aid Co-ordinator
Letenska 15
118 10 Praha 1
Czech Republic

ARTICLE 5 - NUMBER OF ORIGINALS

This Memorandum is drawn up in duplicate in the English language.

ARTICLE 6 - ENTRY INTO FORCE

This Memorandum shall enter into force on the date on which, it has been signed by both parties. No expenditure incurred before this date is eligible for the EC GRANT.

The Annexes shall be deemed an integral part of this Memorandum.

1. Framework Agreement (Annexes A & B)
2. Special Provisions (Annex C)
3. Visibility/Publicity (Annex D)
ANNEX C – SPECIAL PROVISIONS

1. PROGRAMME OBJECTIVES AND DESCRIPTION

1.1 Programme Objectives

1.1.1 General Objectives

The general objective of the Phare cross border co-operation programme (Article 3, Commission Regulation No. 2760/98) is to promote co-operation of border regions in Central and East European Countries with adjacent regions in a neighbouring country. The programme seeks to help these regions overcome specific development problems resulting, inter alia, from their relative isolation in the framework of national economics, the interest of the local population and in a manner compatible with the protection of the environment; it also supports the establishment and development of co-operative networks on either side of the border and the creation of linkages between these networks and wider Community networks.

1.1.2 Specific Objectives

More specifically, the objectives of the 2002 Czech-Austrian Phare CBC Programme are:

- to support the Czech Republic’s transformation process and to facilitate the process of integrating the Czech Republic into the European Union;
- to support the further development of the economic potential of border regions by strengthening existing structures, increasing the competitiveness of Czech enterprises, and reviving the overall economy on both sides of the border;
- to overcome problems burdening the border areas, by improving the transport infrastructure on both sides of the border;
- to reduce the peripheral character of these areas, thereby improving the quality of life and creating a co-operative network on both sides of the border.

1.2 Programme Description

In accordance with the Joint Programming Document, projects addressing the following priorities have been selected:

- Economic development
- Cross-border infrastructure
- Socio-economic development (people-to-people and institution building)

The 2002 programme includes allocations for the Trebic-Business and Research Incubator project, for improving the transport infrastructure in the cross border regions and a Joint Small Projects Fund. These three projects were recommended by the JCC as priority projects for the 2002 CBC programme. All three projects will be co-financed from Czech sources. The JCC discussed and agreed the programme in April 2002. The criteria for project selection include the cross-border impact of projects (including their complementarity with INTERREG III A), methods of project co-financing, project impact on the environment and minimum project size.

Detailed descriptions of the projects are attached in fiche format in annex to this document.
1.2.1 Trebic - Business and Research Incubator (CZ2002/000-583.11.01)

The aim of the project is to improve conditions for start-ups in the border area of Trebic, Vysochina region, and to create conditions for the development of applied research in the area of IT and the application of its results in SMEs. To provide the necessary support, a network of facilities should be established providing subsidised space to start-ups in seven communities of the Trebic region. This network should be supported by the Trebic Business, Training and Research Centre located close to the University of Zapadomoravská.

The implementation of this project should include the refurbishment (outside and inside) of 7 buildings located in Trebic, Moravske Budejovice, Namest nad Oslavou, Jemnice, Hrotovice, Okrisky and Jaromerice nad Rokytou, to be used as business incubators, for workshops, as well as storage areas and office space for start-ups. Furthermore, the project should result in the installation of a computer network for business and research incubators, training of professional consultants for business support and specialists in the area of cross-border economic co-operation and training of the incubator managers, and the promotion and marketing of the activities, organisation of workshops and retraining courses. The new business incubators should create a quality infrastructure for start-ups and should assist in establishing contacts with Austrian businesses. The Consultation and Research Facility should be a venue for organising commercial meetings and presentations by the Czech and Austrian business communities. This project should be supported especially by Chambers of Commerce on both side of the border – OHK in Trebic and Wirtschaftskammer Niederösterreich.

Under INTERREG III/A Programme Austria is developing a parallel project in the neighbouring region of Waldviertel. This partnership should facilitate the exchange of experience, transfer of know-how and more efficient co-ordination during implementation, and after the projects have been put in operation. In the area of consultation and training the project beneficiary co-operates with the Institute für Berufsbildung in Mödling, Austria. The beneficiary intends also a close co-operation with the Austrian Chamber of Commerce and the WIFI in design of the training programme focused on the research element of the project.

The Czech share of co-financing is 25% of the total project costs. The co-financing is arranged from the beneficiaries (the seven municipalities) own resources.

1.2.2 Transport Infrastructure Grant Scheme (CZ2002/000-583.11.02)

The aim of the project is to facilitate Czech-Austrian border crossings and to improve access to the border areas. The project should be implemented by means of a grant scheme in support of the following type of activities:

- Repairs of class II and III roads (including traffic signs) located in the eligible areas, in particular, roads leading to important industrial sites;
- Repairs of class II and III roads (including traffic signs) leading to border crossings in the eligible areas;
- Construction and transport infrastructure and facilities at border crossings in the eligible areas;
- Modernisation and repairs of rail tracks leading to border crossings and located in the vicinity of the border in the eligible areas;
- Refurbishment and enhancement of railway station buildings and supporting infrastructure (e.g. upgrading of signal and safety systems) in the eligible areas.

The project should result in better conditions, parameters and quality of class II and III roads and local and regional rail tracks. The project should also lead to an increase of the border
crossing capacity, to improved flows of traffic and reduced waiting time. Furthermore the conditions for SMEs in the border regions should be improved by this project.

Project evaluation and selection will be done by the Joint Regional Evaluation Committee and the final project approval is to be assured by the Joint Steering Committee. In the phases of evaluation and selection, account should be taken of both the technical adaptations to Annex I of Decision No 1692/96/EC on Community guidelines for the development of the Trans-European network agreed with the Czech Republic, which define the Czech map of the Trans-European network, and of the TEN-T network for Austria. Activities either located or related to border crossings in these networks should be given a high priority.

The Phare share of funding will be minimum 50.000 Euro and maximum 300.000 Euro. All projects have to be co-financed. Up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance. Implementation of the grant scheme is conditional on the submission for approval of the grant scheme operational guidelines and the call for proposals documentation to the Commission Delegation in Prague.

1.2.3 Joint Small Projects Fund (CZ2002/000-583.11.03)

The Joint Small Projects Fund (JSPF) supports the key objectives of the Czech-Austrian CBC Programme, namely to help the Czech-Austrian border regions to establish and strengthen joint and sustainable structures for the social and economic development and for the improvement of living conditions in the common border region as a whole. The JSPF supports also the development of co-operative networks on both sides of the border between people, organisations and institutions, and the creation of linkages between these networks and wider European Union networks. The purpose of the support of these projects is to broaden the field of activity of CBC programme, to encourage local involvement and to support the implementation of small-scale actions, which may form the basis for larger cross-border co-operation projects. The JSPF aims also the building and developing of special resources of local and regional institutions involved in regional development, groundwork and implementation of cross-border projects in line with EU practice.

The projects under the JSPF should support local and regional development across the border through small-scale activities as per Article 5.1 j) to n) of Commission Regulation No. 2760/98 of 18 December 1998. Special attention should be given to measures with a strong cross-border co-operation character which are planned in close co-operation between the regional and local authorities in the border areas and which include the establishment or development of shared management structures intended to widen and deepen cross-border co-operation between public and para-public agencies as well as non-profit organisations. Only non-profit making entities are eligible.

Joint projects, especially where co-financed with INTERREG III, will be particularly prioritised. Thus the JSPF should become an important complementary instrument to pursue the full range of objectives and priorities established by the JPD, in particular of those that cannot be achieved by large investment measures. The maximum grant per people-to-people and other small project (Phare contribution) is 50.000 Euro, and the minimum grant is 1.000 Euro. The beneficiary’s co-financing contribution to the project is min. 10% of the budgeted costs. Up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance. Implementation of the JSPF is conditional on prior verification and approval of the scheme by the Delegation.

The JSPF should operate under joint Czech-Austrian project selection and monitoring structures; financial administration and project management remain separate. Projects up to
15,000 Euro Phare CBC contribution should be selected by the two Joint Regional Evaluation Committees (South Bohemia and South Moravia). Projects with grants exceeding 15,000 Euro should be selected by the Joint Steering Committee. The overall responsibility for the implementation of the JSPF will be retained by the Implementing Agency identified in Section 6.

All investment projects to be financed under this programme, which according to the rules stipulated in Directive 85/337/CEE, as amended by Directive 97/11, require an Environmental Impact Assessment, should be the subject of an Environmental Impact Assessment. If the directive has not yet been fully transposed, the procedure should be similar to that established by the above-mentioned directive.

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The project fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

2. Budget

The total financial contribution under the Phare CBC 2002 Programme Czech Republic – Austria in support of the projects described in section 4 above amounts 4 MEUR, as follows:

<table>

3. Implementation Arrangements

a.) Financial and Project Management by the Candidate Country

The programme will be managed in accordance with the Phare Decentralised Implementation System (DIS) procedures².

The National Aid Co-ordinator (NAC) will have overall responsibility for programming, monitoring and implementation of Phare programmes. The National Authorising Officer

---

² taking into consideration the rules set down in the annex of Council Regulation 1266/1999
(NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the DIS Manual and other instructions of the Commission, and that all contracts are being prepared in accordance with the Practical Guide for PHARE, ISPA and SAPARD \(^3\). The NAC and the NAO shall be jointly responsible for co-ordination between PHARE (including PHARE CBC), ISPA and SAPARD.

The National Fund (NF) in the Ministry of Finance, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the PHARE funds. He shall ensure that the PHARE rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community state aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the PHARE funds of a programme until the closure of the programme.

b.) Project size

All projects will be less than 2 M€, except the grant scheme project to improve the transport infrastructure.

c.) Contracting and disbursement deadline

All contracts must be concluded by 31 October 2004. All disbursements must be made by 31 October 2005. However, in order to ensure that projects are implemented as quickly as possible, all tender dossiers (or, where applicable, requests for services or contract dossiers) must be submitted to the Commission within 6 months of signature of the FM. Specifications will be reviewed by independent experts within the framework of twinning, where possible and appropriate. Any project for which the relevant documents are not submitted within the deadline specified will be cancelled and the money made available for reallocation. If funds are reallocated to a new project, the tender dossier (or other documents as applicable) must be submitted to the Commission within 3 months of the re-allocation decision or by 31 May 2004 whichever is the earlier. The legal duration of all projects will expire by 31 October 2004. Any funds not used by the expiry date of the programme will be recovered by the Commission. All disbursements must be made by 31 October 2005.

d.) Recovery of Funds

Any proven irregularity or fraud discovered at any time during the implementation of the programme will lead to the recovery of funds by the Commission.

If the implementation of a measure appears not to justify either a part or the whole of the assistance allocated, the Commission is to conduct an appropriate examination of the case, in particular requesting the beneficiary country to submit its comments within a specified period of time and to correct any irregularity.

Following the examination referred to in the previous paragraph, the Commission may reduce, suspend or cancel assistance in respect of the measures concerned if the examination reveals irregularity, an improper combination of funds or a failure to comply with one of the conditions in the financing memorandum and in particular any significant change affecting the nature or conditions of implementation of the measure for which the Commission’s approval has not been sought. Any reduction or cancellation of the assistance is to give rise to recovery of the sums paid.

\(^3\) The Practical Guide has replaced section F (“Procurement”) of the DIS Manual
Where the Commission considers that an irregularity has not been corrected or that all or part of an operation does not justify either all or part of the assistance granted to it, the Commission is to conduct a suitable examination of the case and request the beneficiary country to submit its comments within a specified period. After the examination, if the beneficiary country has undertaken no corrective measures, the Commission may:

(a) reduce or cancel any advance;

(b) cancel all or part of the assistance granted to the measure.

The Commission is to determine the size of a correction taking into account the nature of the irregularity and the extent of any failures in the management and control systems.

Any funds not used by the expiry date of the programme will be recovered by the Commission. A final written declaration with supporting documentation shall be issued by the NAO just after the end of the disbursement period of the Financing Memorandum showing the total amount contracted and disbursed. A final bank reconciliation showing the existing balances in the NF/IA/CFCU shall also be enclosed.

Notwithstanding the recovery of unused and ineligible funds after expiry of the Financing Memorandum, a complementary recovery order may be issued after the final audit of the reliability and consistency of contracts and disbursements as well as their compliance with the provisions of the Financing Memorandum has been carried out, taking into account the independent opinion of the final audit.

The National Authorising Officer will ensure the reimbursement of any unused funds or any sum wrongly paid within sixty calendar days of the date of notification. If the NAO does not repay the amount due to the Community, the beneficiary country shall refund this amount to the Commission. Interest on account of late payments shall be charged on sums not repaid by applying the rules specified in the Financial Regulation governing the Community Budget.

e.) Financial Flows

The Commission will transfer funds to the NF in accordance with the Memorandum of Understanding signed between the Commission and the Czech Republic in December 1998. Funds will be transferred following requests from the NAO onto a separate bank account, denominated in €, which will be opened and managed by the NF in the Czech National Bank.

aa) Transfer of Funds to the National Fund

A payment of up to 20% of the funds to be managed locally will be transferred to the NF following signature of the Financing Memorandum and the Financing Agreements (FAs) between the NF and the Implementing Agencies (IAs). The provisions foreseen in articles 2 and 13 of the MoU on the NF must also be met. Furthermore, the NAO must submit to the Commission the designation of the PAOs and a description of the system put in place, highlighting the flow of information between the NF and the IA and the manner in which the payment function will be carried out.

Two replenishments will be made of up to 30% of the funds to be managed locally and the final payment of up to 20% or the full balance of the budget whichever is the lesser amount. The first replenishment will be triggered when 5% of the budget has been disbursed by the IAs. The second replenishment may be requested when 35% of the total budget in force has been disbursed. The final third replenishment will be paid when 70% of the total budget in force has been disbursed.

---

4 All candidate countries signed the MoU for the establishment of the National Fund in December 1998.
* excluding the amount foreseen for the Community programmes
force is disbursed. Exceptionally the NAO may request an advance payment of more than the
percentages mentioned above in accordance with the procedures laid down in the aforesaid
Memorandum of Understanding. Save for express prior authorisation from the Commission
HQs, no replenishment may be made if the trigger points mentioned above have not been
respected.

bb.) Transfer of Funds to the Implementing Agencies

The National Fund will transfer funds to IAs in accordance with Financing Agreements (FAs)
signed between the NFs and the IAs where applicable. Bank accounts for sub-programmes
shall be opened in the name of the relevant Implementing Agency in charge of the financial
administration of the sub-programme in line with Art. 13 of the MoU on the establishment of
the National Fund.

Each individual FA will be endorsed in advance by the European Commission. In cases where
the NF is itself the paying agent for the IA there will be no transfer of funds from the NF to
the IA. The IA must be headed by a Programme Authorising Officer (PAO) appointed by the
NAO after consultation with the NAC. The PAO will be responsible for all the operations
carried out by the relevant IA.

For those contracts with funds retained for a warranty period extending beyond the end of the
disbursement period of the programme, the overall total of funds related to those contracts, as
calculated by the PAO and established by the Commission, will be paid to the Implementing
Agency before the official closure of the programme. The Implementing Agency assumes full
responsibility of depositing the funds until final payment is due and for ensuring that said
funds will only be used to make payments related to the retention clauses.

The Implementing Agency further assumes full responsibility towards the contractors for
fulfilling the obligations related to the retention clauses. Interests accrued on the funds
deposited will be paid to the Commission after final payment to the contractors. Funds not
paid out to the contractors after final payments have been settled shall be reimbursed to the
Commission. An overview of the use of funds deposited on warranty accounts - and notably
of the payments made out of them - and of interests accrued will annually be provided by the
NAO to the Commission.

cc.) Transfer of Funds to the National Fund for Participation in Community Programmes and
Agencies

A single advance will be made to the National Fund to cover the full amount of the PHARE
part of the financial contribution for participation in Community programmes and agencies.
This advance will be made following signature of the Financing Memorandum and upon
request from the National Fund.

This advance is separate from the advances made for the rest of the programme. However, it
should be noted that the Phare contribution for each programme will only be transferred when
the Association Council Decision or Memorandum of Understanding establishing the terms
and conditions for participation in that programme is in force.

If there is a delay in the entry into force of some of the Memoranda of Understanding, the
payment to the National Fund may be divided into two or more tranches, so that 100% of the
funds necessary for the programmes in force can be transferred immediately.

The National Fund will be responsible for transferring the funds back to the Commission,
following the call for funds of the Commission’s Directorate General responsible for the
programmes concerned and within the deadlines requested.
dd.) Interest

In principle, all bank accounts\(^5\) will be interest bearing. Interest will be reported to the European Commission. If the Commission so decides, on the basis of a proposal from the NAO, interest may be reinvested in the Programme.

f.) Implementing Agencies

The Ministry for Regional Development in conjunction with the Centre of Regional Development will be the Implementing Agency for all programme related projects.

g.) Environmental Impact Assessment and Nature Conservation

The procedures for environmental impact assessment as set down in the EIA-directive\(^6\) are fully applicable for all investment projects under PHARE. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-mentioned directive. If a project would fall within the scope of annex I or annex II of the EIA Directive, the carrying out of the EIA-procedure must be documented\(^7\).

If a project is likely to affect sites of nature conservation importance, an appropriate assessment according to Art. 6 of the Habitats-Directive\(^8\) must be documented\(^9\).

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The Project Fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

h.) Special rules for certain components for the programme

Grant Schemes

For grant schemes whose procedures and formats are not covered by the current DIS rules, the precise implementation arrangements will be specified in the relevant project fiches in line with the following principles:

- the procedures and formats to be used in the implementation of the schemes and award of the grants will follow the provisions of the Practical Guide. In particular, due care will be given to the selection process of the beneficiary projects, which has to be done at technical level through selection committees composed of experts appointed by the authorities which are co-financing the schemes as well as by the relevant administrations and interest groups involved in the schemes.

- The competent PAO for the programme under which the grant scheme is financed has to retain his/her contractual and financial responsibility for the implementation of the schemes. In particular, the PAO has to formally approve the call for proposals, application forms, evaluation criteria, as well as the selection process and results. The PAO has also to sign the grant contracts with the beneficiaries and to ensure adequate

---

\(^5\) in particular, but not exclusively, accounts run by the NF, the CFCU and IAs

\(^7\) in Annex EIA to the corresponding investment project fiche

\(^8\) DIR 92/43/EEC; OJ 206/7; 22.7.1992

\(^9\) in Annex Nature Conservation to the corresponding investment project fiche
monitoring and financial control under his/her authority and responsibility. With this reservation, the management of the schemes can be decentralised from the PAO to the appropriate bodies at sectoral or regional level.

- The ex ante approval of the Commission (Delegation in Prague) will be required for the call for proposals, application forms, evaluation criteria, the selection procedures (including the composition of the committees) and results (list of projects to be funded). The grant contracts signed by the PAO will be subject to the ex-ante control of the EC Delegation.

The implementation of the selected projects through the provision of works, supplies and services sub-contracted by the final beneficiaries of the individual grants shall be subject to the procurement regulations in the Practical Guide. The decentralised system established for CBC small projects is to be applied to all such contracts below 300,000 EUR (or any increased threshold to be fixed by EC Headquarters for small project funds under CBC programmes). Tenders and contracts above this threshold will be presented to the EC Delegation for ex ante approval. The financial commitments in Phare terms will be effected at the date of signature of the grant contracts by the competent PAO. Project implementation and all Phare disbursements are to be done before the expiry date of the present Financing Memorandum.

**CBC Small Projects Fund**

The Small Projects Fund will not include physical investments other than small infrastructure not generating substantial net revenue.
For the CBC Small Project Fund, up to 7% of the PHARE contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance.

**4. Monitoring and Assessment**

Project implementation will be monitored through the Joint Monitoring Committee (JMC). It includes the NAO, the NAC and the Commission. The JMC will meet at least once a year to review all Phare funded programmes in order to assess their progress towards meeting the objectives set out in Financing Memoranda and the Accession Partnership. The JMC may recommend a change of priorities and/or the re-allocation of Phare funds.

The JMC will be assisted by Monitoring Sub-Committees (MSC) which will include the NAC, the PAO of each IA (and of the CFCU where applicable) and the Commission Services. The MSC will review in detail the progress of each programme, including its components and contracts, on the basis of regular Monitoring and Assessment reports produced with the assistance of external consultant (in accordance with the provisions of the DIS Manual), and will put forward recommendations on aspects of management and design, ensuring these are effected. The MSC will report to the JMC, to which it will submit overall detailed reports on all Phare financed programmes.

The Commission services shall ensure that an ex-post evaluation is carried out after completion of the Programme.

**5. Audit and Anti-Fraud Measures**

a.) By the Candidate Countries
Each year an audit plan and a summary of the findings of the audits carried out shall be sent to the Commission. Audit reports shall be at the disposal of the Commission.

Appropriate financial control shall be carried out by the competent national financial control authority with respect to the implementation of the programme.

Beneficiary countries shall ensure investigation and effective treatment of suspected cases of fraud and irregularities.

Irregularity shall mean any infringement of a provision of Community law resulting from an act or omission by an economic operator, which has, or would have, the effect of prejudicing the general budget of the Communities or budgets managed by them.

Fraud shall mean any intentional act or omission relating to:

(i) the use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of funds from the general budget of the European Communities or budgets managed by, or on behalf of, the European Communities,

(ii) non-disclosure of information in violation of a specific obligation, with the same effect,

(iii) the misapplication of such funds for purposes other than those for which they are originally granted.

The national authorities shall ensure the functioning of a control and reporting mechanism equivalent to the one foreseen in Commission Regulation 1681/94\(^{10}\).

In particular, all suspected cases of fraud and irregularities as well as all measures related thereto taken by the national authority must be reported to the Commission services without delay. Should there be no suspected or actual cases of fraud and irregularities or related measures to report, the beneficiary country shall inform the Commission of this fact within two months following the end of each quarter.

b.) By the Commission

All financing memoranda as well as the resulting contracts are subject to supervision and financial control by the Commission (including the European Anti-fraud Office) and audits by the Court of Auditors. This includes measures such as ex-ante verification of tendering and contracting carried out by the Delegation in the Candidate Country concerned and on-the-spot checks.

In order to ensure efficient protection of the financial interests of the Community, the Commission may conduct on-the-spot checks and inspections in accordance with the procedures foreseen in Council Regulation (Euratom, EC) No. 2185/96\(^{11}\).

The accounts and operations of the National Fund, and, where applicable, the CFCU and all relevant Implementing Agencies may be checked at the Commission’s discretion by an outside auditor contracted by the Commission without prejudice to the responsibilities of the Commission and the European Union’s Court of Auditors as referred to in the “General Conditions relating to the Financing Memorandum” attached to the Framework Agreement.

---

\(^{10}\) OJ L 253; 7.10.00; p. 5-14

\(^{11}\) OJ L 292; 15.11.1996; p. 2-5
6. Visibility/Publicity

The appropriate Programme Authorising Officer will be responsible for ensuring that the necessary measures are taken to ensure appropriate publicity for all activities financed from the programme. This will be done in close liaison with the Commission Delegation. Further details are set down in the Annex “Visibility/Publicity”. *(enclosed)*

7. Special conditions

In the event that agreed commitments are not met for reasons which are within the control of the Government of the Czech Republic, the Commission may review the programme with a view, at the Commission’s discretion, to cancelling all or part of it and/or to reallocate unused funds for other purposes consistent with the objectives of the Phare programme.
ANNEX D – VISIBILITY/PUBLICITY

INFORMATION AND PUBLICITY FOR THE PHARE, ISPA AND SAPARD PROGRAMMES OF THE EUROPEAN COMMUNITIES

1. Objective and scope

Information and publicity measures concerning assistance from the European Community Phare Programme are intended to increase public awareness and transparency of EU action and to create a consistent image of the measures concerned in all applicant countries. Information and publicity shall concern measures receiving a contribution from the Phare Programme.

2. General principles

The appropriate Programme Authorising Officer in charge of the implementation of Financing Memoranda, and other forms of assistance shall be responsible for publicity on the spot. Publicity shall be carried out in co-operation with the EC Delegations, which shall be informed of measures taken for this purpose.

The competent national and regional authorities shall take all the appropriate administrative steps to ensure the effective application of these arrangements and to collaborate with the EC Delegations on the spot.

The information and publicity measures described below are based on the provisions of the regulations and decisions applicable to the Structural Funds. They are:

Specific provisions concerning ISPA are included in:

Information and publicity measures must comply with the provisions of the above mentioned regulation and decision. A manual on compliance is available to national, regional and local authorities from the EC Delegation in the country concerned.

3. Information and publicity concerning Phare programmes

Information and publicity shall be the subject of a coherent set of measures defined by the competent national, regional and local authorities in collaboration with the EC Delegations for the duration of the Financing Memorandum and shall concern both programmes and other forms of assistance.
The costs of information and publicity relating to individual projects shall be met from the budget for those projects.

When Phare programmes are implemented, the measures set out at (a) and (b) below shall apply:

(a) The competent authorities of the applicant countries shall publish the content of programmes and other forms of assistance in the most appropriate form. They shall ensure that such documents are appropriately disseminated and shall hold them available for interested parties. They shall ensure the consistent presentation throughout the territory of the applicant country of information and publicity material produced.

(b) Information and publicity measures on the spot shall include the following:

(i) In the case of infrastructure investments with a cost exceeding EUR 1 million:

- billboards erected on the sites, to be installed in accordance with the provisions of the regulation and decision mentioned in paragraph 2 above, and the technical specifications of the manual to be provided by the EC Delegation in the country concerned.

- permanent commemorative plaques for infrastructures accessible to the general public, to be installed in accordance with the provisions of the regulation and decision mentioned in paragraph 2 above, and the technical specifications of the manual to be provided by the EC Delegation in the country concerned.

(ii) In the case of productive investments, measures to develop local potential and all other measures receiving financial assistance from Phare, Ispa or Sapard:

- measures to make potential beneficiaries and the general public aware of Phare, Ispa or Sapard assistance, in accordance with the provisions cited at paragraph 3(b)(i) above.

- measures targeting applicants for public aids part-financed by Phare, ISPA or SAPARD in the form of an indication on the forms to be filled out by such applications, that part of the aid comes from the EU, and specifically, the Phare, ISPA or SAPARD Programmes in accordance with the provisions outlined above.

4. Visibility of EU assistance in business circles and among potential beneficiaries and the general public

4.1 Business circles

Business circles must be involved as closely as possible with the assistance, which concerns them most directly.

The authorities responsible for implementing assistance shall ensure the existence of appropriate channels for disseminating information to potential beneficiaries, particularly SMEs. These should include an indication of the administrative procedures to be followed.
4.2 Other potential beneficiaries

The authorities responsible for implementing assistance shall ensure the existence of appropriate channels for disseminating information to all persons who benefit or could benefit from measures concerning training, employment or the development of human resources. To this end, they shall secure the co-operation of vocational training bodies involved in employment, business and groups of business, training centres and non-governmental organisations.

Forms

Forms issued by national, regional or local authorities concerning the announcement of, application for and grant of assistance intended for final beneficiaries or any other person eligible for such assistance shall indicate that the EU, and specifically the Phare, Ispa or Sapard Programmes, is providing financial support. The notification of aid sent to beneficiaries shall mention the amount or percentage of the assistance financed by the Programme in question. If such documents bear the national or regional emblem, they shall also bear the EU logo of the same size.

4.3 The general public

The media

The competent authorities shall inform the media in the most appropriate manner about actions co-financed by the EU, and Phare, ISPA or SAPARD in particular. Such participation shall be fairly reflected in this information.

To this end, the launch of operations (once they have been adopted by the Commission) and important phases in their implementation shall be the subject of information measures, particularly in respect of regional media (press, radio and television). Appropriate collaboration must be ensured with the EC Delegation in the applicant country.

The principles laid down in the two preceding paragraphs shall apply to advertisements such as press releases or publicity communiqués.

Information events

The organisers of information events such as conferences, seminars, fairs and exhibitions in connection with the implementation of operations part-financed by the Phare, Ispa or Sapard Programmes shall undertake to make explicit the participation of the EU. The opportunity could be taken of displaying the European flags in meeting rooms and the EU logo upon documents depending on the circumstances. The EC Delegation in the applicant country shall assist, as necessary, in the preparation and implementation of such events.

Information material

Publications (such as brochures and pamphlets) about programmes or similar measures financed or co-financed by Phare, Ispa or Sapard should, on the title page, contain a clear indication of the EU participation as well as the EU logo where the national or regional emblem is used.
Where such publications include a preface, it should be signed by both the person responsible in the applicant country and, for the Commission, the Delegate of the Commission to ensure that EU participation is made clear.

Such publications shall refer to the national and regional bodies responsible for informing interested parties.

The above-mentioned principles shall also apply to audio-visual material.

5. Special arrangements concerning billboards, commemorative plaques and posters

In order to ensure the visibility of measures part-financed by the Phare, Ispa or Sapard Programmes, applicant countries shall ensure that the following information and publicity measures are complied with:

Billboards

Billboards providing information on EU participation in the financing of the investment should be erected on the sites of all projects in which EU participation amounts to EUR 1 million or more. Even where the competent national or regional authorities do not erect a billboard announcing their own involvement in financing the EU assistance must nevertheless be announced on a special billboard. Billboards must be of a size which is appreciable to the scale of operation (taking into account the amount of co-financing from the EU) and should be prepared according to the instructions contained in the technical manual obtainable from EC Delegations, referred to above.

Billboards shall be removed not earlier than six months after completion of the work and replaced, wherever possible, by a commemorative plaque in accordance with the specifications outlined in the technical manual referred to above.

Commemorative plaques

Permanent commemorative plaques should be placed at sites accessible to the general public (congress centres, airports, stations, etc.). In addition to the EU logo, such plaques must mention the EU part financing together with a mention of the relevant Programme (Phare, Ispa or Sapard).

Where a national, regional or local authority or another final beneficiary decides to erect a billboard, place a commemorative plaque, display a poster or take any other step to provide information about projects with a cost of less than EUR 1 million, the EU participation must also be indicated.

6. Final provisions

The national, regional or local authorities concerned may, in any event, carry out additional measures if they deem this appropriate. They shall consult the EC Delegation and inform it of the initiatives they take so that the Delegation may participate appropriately in their realisation.
In order to facilitate the implementation of these provisions, the Commission, through its Delegations on the spot, shall provide technical assistance in the form of guidance on design requirements, where necessary. A manual will be prepared in the relevant national language, which will contain detailed design guidelines in electronic form and this will be available upon request.
