ANNEX C – SPECIAL PROVISION

1. OBJECTIVES AND DESCRIPTION

1.1 Programme Objectives

1.1.1 General Objectives

The general objective of the Phare cross border co-operation programme is to promote co-operation of border regions in Central and East European Countries with adjacent regions in a neighbouring country. The programme seeks to help these regions overcome specific development problems resulting, inter alia, from their relative isolation in the framework of national economics, the interest of the local population and in a manner compatible with the protection of the environment; it also supports the establishment and development of co-operative networks on either side of the border and the creation of linkages between these networks and wider Community networks.

1.1.2 Specific Objectives

More specifically, the objectives of the 2003 Czech-Austrian Phare CBC Programme are:

- to support the Czech Republic’s transformation process and to facilitate the process of integrating the Czech Republic into the European Union;
- to support the further development of the economic potential of border regions by strengthening existing structures, increasing the competitiveness of Czech enterprises, and reviving the overall economy on both sides of the border;
- to overcome problems burdening the border areas;
- to reduce the peripheral character of these areas, thereby improving the quality of life and creating a co-operative network on both sides of the border.

1.2 Programme Description

In accordance with the Joint Programming Document, projects addressing the following priorities have been selected:

- sustainable development and environmental protection
- development of cross-border networks and human resources
- socio-economic development (people-to-people and institution building)

The 2003 programme includes grant schemes for sustainable development and environmental protection, and for development of cross-border networks and human resources, as well as a Joint Small Projects Fund. These three projects were recommended by the JCC as priority projects for the 2003 CBC programme. All three projects will be co-financed from Czech sources. The JCC discussed and agreed the programme in February 2003.

Detailed descriptions of the projects are attached in fiche format in annex to this document.
1.2.1 CZ2003/005-079.01 Grant scheme for sustainable development and environmental protection

The aim of the project is to further improve the quality of the environment in the Czech-Austrian border region. The project should be implemented by means of a grant scheme in support of the following type of activities:

- implementation of environmental-friendly technologies in the area of waste management and use of renewable energy sources,
- transfer of know-how on the application of alternative sources of energy and recycling of waste.

The Phare share of funding will be minimum € 50.000 and maximum € 300.000. All projects have to be co-financed. Up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance.

1.2.2 CZ2003/005-079.02 Grant scheme for development of cross-border networks and human resources

The aim of the project is to strengthen the preparations for Structural Funds, INTERREG in particular, and the co-operation in the area of regional labour market. The project should be implemented by means of a grant scheme in support of activities that:

- facilitate the establishment of networks to be set up by regional institutions involved in cross border co-operation,
- assist in the development of employment and training centres and labour market services.

The implementation of this project can include renovation and reconstruction works, supplies of equipment and training.

The Phare share of funding will be minimum € 50.000 and maximum € 300.000. All projects have to be co-financed. Up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance.

1.2.3 CZ2003/005-079.03 Joint Small Projects Fund (JSPF)

The projects under the JSPF should support local and regional development across the border through small-scale activities as per Article 5.1 a) to n) of Commission Regulation 2760/98 of 18 December 1998, amended by Commission Regulation 1596/2002 of 6 September 2002. Special attention should be given to measures with a strong cross-border co-operation character which are planned in close co-operation between the regional and local authorities in the border areas and which include the establishment or development of shared management structures intended to widen and deepen cross-border co-operation between public and para-public agencies as well as non-profit organisations. Only non-profit making entities are eligible.

Joint projects, especially where co-financed with INTERREG IIIA, will be particularly prioritised. Thus the JSPF should become an important complementary instrument to pursue the full range of objectives and priorities established by the JPD, in particular of those that cannot be achieved by large investment measures. The maximum grant (Phare contribution) is € 50.000, and the minimum grant is € 1.000. The beneficiary’s co-financing contribution to the project is min. 10% of the total eligible project costs. Up to 7% of the Phare contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit
and monitoring of the assistance. Implementation of the JSPF is conditional on prior verification and approval of the scheme by the Delegation.

The JSPF should operate under joint Czech-Austrian project selection and monitoring structures; financial administration and project management remain separate. The overall responsibility for the implementation of the JSPF will be retained by the Implementing Agency identified in Section 6.

2. Budget

The total financial contribution under the Phare CBC 2003 Programme Czech Republic – Austria in support of the projects described in section 4 above amounts € 4 million, as follows:

(The figures in the budget table are indicative only)

In accordance with the Phare Guidelines of 1999 and Revised Guidelines of 2002, all investment projects supported by Phare must receive co-financing from national public funds.

The Community contribution may amount to up to 75% of the total eligible\(^2\) public expenditure. Co-financing for Institution Building projects is provided by the beneficiary bearing certain infrastructure and operational implementation costs, through financing the human and other resources, required for effective and efficient absorption of Phare assistance.

3. Implementation Arrangements

a.) Financial and Project Management by the Candidate Country

The programme will be managed in accordance with the Phare Extended Decentralised Implementation System (EDIS) procedures as set down in the EDIS Accreditation Decision and the Agreement on the Implementation of EDIS (EDIS Implementation Agreement; EIA) concluded between the Czech Republic and the Commission\(^3\). Prior to the conclusion of said

\(^2\) Taxes are not an element eligible for co-financing

Agreement, implementation will exceptionally follow Phare Decentralised Implementation System (DIS) procedures. Extended Decentralisation will, however, apply from the date of accession at the latest.

The National Aid Co-ordinator (NAC) will have overall responsibility for programming and monitoring of Phare programmes. The National Authorising Officer (NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the EDIS Implementation Agreement and/or the DIS Manual as well as the other instructions of the Commission, and that all contracts required to implement the Financing Memorandum are awarded using the procedures and standard documents defined and most recently published by the European Commission for the implementation of External Actions.

The NAC and the NAO shall be jointly responsible for co-ordination between Phare (including Phare CBC), ISPA and SAPARD as well as the Structural and Cohesion Funds.

The National Fund (NF) in the Ministry of Finance of the Czech Republic, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the Phare funds. He shall ensure that the Phare rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community state aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the Phare funds of a programme until the closure of the programme.

b.) Project size

For reasons related to budgeting, the grant scheme for development of cross-border networks and human resources (CZ2003/005-079.02) will have a Phare allocation below € 2 million and also the Joint Small Projects Fund (CZ2003/005-079.03).

c.) Deadline for contracting and execution of contracts; programming deadline

All contracts must be concluded by 30 November 2005. Execution of all contracts must end by 30 November 2006. Budgetary commitments which have not given rise to payments during three years counted from the date of the legal commitment will be decommitted.

In order to ensure that projects are implemented as quick as possible, all tender dossiers (or, where applicable, grant schemes, request for services or contract dossiers) must be submitted to the Commission within 4 months of signature of the Financing Memorandum. Any project or its part for which the relevant documents are not submitted within the deadline specified will be cancelled and the money made available for re-allocation. Such cancelled funds shall be allocated to another project no later than 12 months after signature of the Financing Memorandum.

d.) Clearance of Accounts Procedure and Recovery of Funds

A clearance of accounts procedure in line with Art. 53 para 5 Financial Regulation and Art. 42 of the Implementing Rules to the Financial Regulation will be put in place.

---

Any proven irregularity or fraud⁷ discovered at any time during the implementation of the programme will lead to the recovery of funds by the Commission.

If the implementation of a measure appears not to justify either a part or the whole of the assistance allocated, the Commission is to conduct an appropriate examination of the case, in particular requesting the beneficiary country to submit its comments within a specified period of time and to correct any irregularity.

Following the examination referred to in the previous paragraph, the Commission may reduce, suspend or cancel assistance in respect of the measures concerned if the examination reveals irregularity, an improper combination of funds or a failure to comply with one of the conditions in the financing memorandum and in particular any significant change affecting the nature or conditions of implementation of the measure for which the Commission’s approval has not been sought. Any reduction or cancellation of the assistance is to give rise to recovery of the sums paid.

Where the Commission considers that an irregularity has not been corrected or that all or part of an operation does not justify either all or part of the assistance granted to it, the Commission is to conduct a suitable examination of the case and request the beneficiary country to submit its comments within a specified period. After the examination, if the beneficiary country has undertaken no corrective measures, the Commission may:

(a) reduce or cancel any advance;

(b) cancel all or part of the assistance granted to the measure.

The Commission is to determine the size of a correction taking into account the nature of the irregularity and the extent of any failures in the management and control systems.

Any funds not used by the expiry date of the programme will be recovered by the Commission. A final written declaration with supporting documentation shall be issued by the NAO 2 months after all payments have been made, showing the total amount contracted and disbursed. A final bank reconciliation showing the existing balances in the NF/IA/CFCU shall also be enclosed.

Notwithstanding the recovery of unused and ineligible funds after expiry of the Financing Memorandum, a complementary recovery order may be issued after the final audit of the reliability and consistency of contracts and disbursements as well as their compliance with the provisions of the Financing Memorandum has been carried out, taking into account the independent opinion of the final audit.

The National Authorising Officer will ensure the reimbursement of any unused funds or any sum wrongly paid within sixty calendar days of the date of notification. If the NAO does not repay the amount due to the Community, the beneficiary country shall refund this amount to the Commission. Interest on account of late payments shall be charged on sums not repaid by applying the rules specified in the Financial Regulation governing the Community Budget.

⁶ Commission Regulation 2342/2002 of 23 December 2002

⁷ As defined under number 8a (Audit and Anti-fraud Measures by the Candidate Countries) of this document
e.) Financial Flows

The Commission will transfer funds to the NF in accordance with the Memorandum of Understanding signed between the Commission and the Czech Republic in October 1998. Funds will be transferred following requests from the NAO onto a separate bank account, denominated in €, which will be opened and managed by the NF in the Central Bank.

aa) Transfer of Funds to the National Fund

A first transfer of up to 20% of the funds to be managed locally, representing pre-financing\textsuperscript{8} will be sent to the NF following signature of the Financing Memorandum and the Financing Agreements (FAs) between the NF and the Implementing Agencies (IAs)/Central Finance and Contracts Unit (CFCU). The provisions foreseen in articles 2 and 13 of the MoU on the NF must also be met. Furthermore, the NAO must submit to the Commission the designation of the PAOs and a description of the system put in place, highlighting the flow of information between the NF and the IA/CFCU and the manner in which the payment function will be carried out.

Two further transfers of up to 30 % each of the funds to be managed locally will be made. The second transfer will be triggered when 5% of the budget has been disbursed by the IAs and the CFCU. The third transfer may be requested when 35% of the total budget in force has been disbursed. A fourth transfer will be made when 70% of the total budget in force is disbursed and when all expenditure has been incurred (i.e. fully contracted). No later than 2 months after all payments have been made the National Fund will submit a final declaration of expenditure, which will trigger a balancing operation of all transfers against final certified expenditure incurred, which at that point will be equal to payments made (closure of expenditure\textsuperscript{9}).

Exceptionally the NAO may request payment of more than the percentages mentioned above in accordance with the procedures laid down in the aforesaid Memorandum of Understanding. Save for express prior authorisation from the Commission HQs, no interim payments may be made if the trigger points mentioned above have not been respected.

bb.) Transfer of Funds to the Implementing Agencies

The National Fund will transfer funds to IAs, including the Central Financing and Contracting Unit (CFCU), in accordance with Financing Agreements (FAs) signed between the NFs and the IAs/CFCU where applicable. Bank accounts for sub-programmes shall be opened in the name of the relevant Implementing Agency/CFCU in charge of the financial administration of the sub-programme in line with Art. 13 of the MoU on the Establishment of the National Fund.

Under DIS, each individual FA will be endorsed in advance by the European Commission. In cases where the NF is itself the paying agent for the CFCU/IA there will be no transfer of funds from the NF to the CFCU/IA. The CFCU and the IAs must each be headed by a Programme Authorising Officer (PAO) appointed by the NAO after consultation with the NAC. The PAO will be responsible for all the operations carried out by the relevant CFCU/IA.

\textsuperscript{8} as defined in Art. 81.1.b.i of the Financial Regulation

\textsuperscript{9} as defined in Art. 105 of the Implementing Rules
For those contracts with funds retained for a warranty period the overall total of funds related to those contracts, as calculated by the PAO and established by the Commission, will be paid to the Implementing Agency before the official closure of the programme. The Implementing Agency assumes full responsibility of depositing the funds until final payment is due and for ensuring that said funds will only be used to make payments related to the retention clauses.

The Implementing Agency further assumes full responsibility towards the contractors for fulfilling the obligations related to the retention clauses. Funds not paid out to the contractors after final payments have been settled shall be reimbursed to the Commission. An overview of the use of funds deposited on warranty accounts - and notably of the payments made out of them - and of interests accrued will annually be provided by the NAO to the Commission.

cc.) Interest

In principle, all bank accounts\(^{10}\) will be interest bearing. Interest will be reported to the European Commission. If the Commission so decides, on the basis of a proposal from the NAO, interest may be reinvested in the Programme.

f.) Implementing Agencies will be responsible for sub-programmes as follows:

The Ministry for Regional Development in conjunction with the Centre of Regional Development will be the Implementing Agency for all programme related projects.

g.) Environmental Impact Assessment and Nature Conservation

The procedures for environmental impact assessment as set down in the EIA-directive\(^{11}\) are fully applicable for all investment projects under PHARE. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-mentioned directive. If a project would fall within the scope of annex I or annex II of the EIA Directive, the carrying out of the EIA-procedure must be documented\(^{12}\).

If a project is likely to affect sites of nature conservation importance, an appropriate assessment according to Art. 6 of the Habitats-Directive\(^{13}\) must be documented\(^{14}\).

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The Project Fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

Grant Schemes

For Grant Schemes in the field of Economic and Social Cohesion the precise implementation arrangements will be specified in the relevant project fiches in line with the following principles:

- The procedures and formats to be used in the implementation of the schemes and award of the grants will follow the provisions of the Practical Guide. In particular, due care will be given to the selection process of the beneficiary projects, which has to be done at technical level through selection committees composed of experts appointed by the authorities which are co-financing the schemes as well as by the relevant administrations and interest groups involved in the schemes.

- The competent PAO for the programme under which the grant scheme is financed has to retain his/her contractual and financial responsibility for the implementation of the schemes. In particular, the PAO has to formally approve the call for proposals, application forms, evaluation criteria, as well as the selection process and results. The PAO has also to sign the grant contracts with the beneficiaries and to ensure adequate monitoring and financial control under his/her authority and responsibility. With this reservation, the management of the schemes can be decentralised from the PAO to the appropriate bodies at sectoral or regional level.

- Prior to EDIS accreditation, the ex-ante approval of the Commission Delegation in the Czech Republic will be required, in conformity with the provisions of chapter 6 of the Practical Guide (decentralised ex-ante control).

- The implementation of selected projects through provision of works, supplies and services, sub-contracted by the final beneficiaries of the individual grants, shall be subject to the procurement regulations in the Practical Guide.

- Following a positive assessment of the Implementing Agency's capacity to operationally and financially manage the schemes in a sound and efficient manner, the Commission Delegation may decide to waive its ex-ante approval of sub-contracting carried out by final beneficiaries of individual grants. The detailed provisions governing the role of the Delegation in the above mentioned sub-contracting phase will be specified, as appropriate, in the exchange of letters between the Delegation and the National Authorities following the above mentioned assessment exercise.

- Grant schemes will not involve projects for which PHARE contribution is more than € 2 million and less than € 50,000. This lower limit may be waived as a result of the above-mentioned assessment of the Implementing Agency's capacity of giving assurance of sound financial management. This lower limit is not applicable in the case of NGOs.

The financial commitments in Phare terms will be effected at the date of signature of the grant contracts by the competent PAO. The projects should be fully implemented before the expiry date for contract execution of the present Financing Memorandum.
Small Projects Fund

The Small Projects Fund will finance projects below € 50,000 (Phare contribution). It will not include physical investments other than small infrastructure not generating substantial net revenue. For the CBC Small Project Fund, up to 7% of the PHARE contribution may be used for expenditure relating to the preparation, selection, appraisal, external audit and monitoring of the assistance.

4. Monitoring and Evaluation

Project implementation of this programme will be monitored through the Joint Monitoring Committee (JMC). It includes the NAO, the NAC and the Commission services. The JMC will meet at least once a year to review all Phare funded programmes in order to assess their progress towards meeting the objectives set out in Financing Memoranda and the Accession Partnership. The JMC may recommend a change of priorities and/or the re-allocation of Phare funds. Furthermore the JMC will review the progress of all pre-accession EU-funded assistance programmes once a year (PHARE, ISPA and SAPARD).

For the PHARE programme, the JMC will be assisted by Sectoral Monitoring Sub-Committees (SMSC) which will include the NAC, the PAO of each Implementing Agency (and of the CFCU where applicable) and the Commission Services. The SMSC will review in detail the progress of each programme, including its components and contracts, assembled by the JMC into suitable monitoring sectors. Each sector will be supervised by one SMSC on the basis of regular monitoring reports produced by the Implementing Agency, and interim evaluations undertaken by independent evaluators. The SMSC will put forward recommendations on aspects of management and design, ensuring these are effected. The SMSC will report to the JMC, to which it will submit overall detailed opinions on all Phare financed programmes in its sector.

The Commission services shall ensure that an ex-post evaluation is carried out after completion of the Programme.

5. Audit and Anti-Fraud Measures

a.) By the Candidate Countries\textsuperscript{15}

Each year an audit plan and a summary of the findings of the audits carried out shall be sent to the Commission. Audit reports shall be at the disposal of the Commission.

Appropriate financial control shall be carried out by the competent national financial control authority with respect to the implementation of the programme.

Beneficiary countries shall ensure investigation and satisfactory treatment of suspected and actual cases of fraud and irregularity following national or Community controls.

Irregularity shall mean any infringement of a provision of national or Community law\textsuperscript{16}, this Financing Memorandum or ensuing contracts or resulting from an act or omission by an

\textsuperscript{15} in accordance with the rules set down in Art. 54 of the Financial Regulation

\textsuperscript{16} defined as the entirety of Community rules applicable between the Parties of the Financing Memorandum (for example the Europe Agreement, the Framework Agreement, the Memorandum of Understanding on the Establishment of the National Fund etc.).
economic operator, which has, or would have, the effect of prejudicing the general budget of
the Communities or budgets managed by them, either by reducing or losing revenue accruing
from own resources collected directly on behalf of the Communities, or by an unjustified item
of expenditure.

Fraud shall mean any intentional act or omission relating to:

(i) the use or presentation of false, incorrect or incomplete statements or documents, which
has as its effect the misappropriation or wrongful retention of funds from the general budget
of the European Communities or budgets managed by, or on behalf of, the European
Communities,

(ii) non-disclosure of information in violation of a specific obligation, with the same effect,

(iii) the misapplication of such funds for purposes other than those for which they are
originally granted.

The national authorities shall ensure the functioning of a control and reporting mechanism
equivalent to the one foreseen in Commission Regulation 1681/94\textsuperscript{17}.

In particular, all suspected and actual cases of fraud and irregularity as well as all measures
related thereto taken by the national authority must be reported to the Commission services
without delay. Should there be no suspected or actual cases of fraud and irregularity to report,
the beneficiary country shall inform the Commission of this fact within two months following
the end of each quarter.

b.) By the Commission

All Financing Memoranda as well as the resulting contracts are subject to supervision and
financial control by the Commission (including the European Anti-fraud Office) and audits by
the Court of Auditors. This includes on-the-spot checks and, as long as the Extended
Decentralisation System is not yet applicable to the Implementing Agencies in the Candidate
Country concerned, measures such as ex-ante verification of tendering and contracting carried
out by the Delegation in the Candidate Country concerned.

In order to ensure efficient protection of the financial interests of the Community, the
Commission may conduct on-the-spot checks and inspections in accordance with the
procedures foreseen in Council Regulation (Euratom, EC) No. 2185/96\textsuperscript{18}.

The accounts and operations of the National Fund, and, where applicable, the CFUC and all
relevant Implementing Agencies may be checked at the Commission’s discretion by an
outside auditor contracted by the Commission without prejudice to the responsibilities of the
Commission and the European Union’s Court of Auditors as referred to in the “General
Conditions relating to the Financing Memorandum” attached to the Framework Agreement.

6. Visibility/Publicity

The appropriate Programme Authorising Officer will be responsible for ensuring that the
necessary measures are taken to ensure appropriate publicity for all activities financed from
the programme. This will be done in close liaison with the Commission Delegation. Further
details are set down in the Annex “Visibility/Publicity”. (enclosed)

\textsuperscript{18} OJ L 292; 15.11.1996; p. 2-5
7. Special conditions

In the event that agreed commitments are not met for reasons which are within the control of the Government of the Czech Republic, the Commission may review the programme with a view, at the Commission’s discretion, to cancelling all or part of it and/or to reallocate unused funds for other purposes consistent with the objectives of the Phare programme.
