FINANCING MEMORANDUM

The European Commission, hereinafter referred to as "THE COMMISSION", acting for and on behalf of the European Community, hereinafter referred to as "THE COMMUNITY" on the one part, and

The Government of Republic of Poland, hereinafter referred to as "THE RECIPIENT"
on the other part,

HAVE AGREED AS FOLLOWS:

The measure referred to in Article 1 below shall be executed and financed out of the budget resources of THE COMMUNITY in accordance with the provisions set out in this Memorandum. The technical, legal, and administrative framework within which the measure referred to in Article 1 below shall be implemented is set out in the General Conditions annexed to the Framework Agreement of 31 May 1990 between THE COMMISSION and THE RECIPIENT, and supplemented by the terms of this Memorandum and the Special Provisions annexed hereto.

ARTICLE 1 - NATURE AND SUBJECT

As part of its aid programme, THE COMMUNITY shall contribute, by way of grant, towards the financing of the following MEASURE:

Programme number: 2003/005.681
Title: CBC 2003 Poland – Slovak Republic
Duration: Until 30 November 2005

ARTICLE 2 - COMMITMENT OF THE COMMUNITY

The financial contribution of THE COMMUNITY is fixed at a maximum of 4 M€ hereinafter referred to as "THE EC GRANT".

ARTICLE 3 - DURATION AND EXPIRY

For the present MEASURE, THE EC GRANT is hereby available for contracting until 30 November 2005 subject to the provisions of this Memorandum. All contracts must be signed by this date. Any balance of funds of the EC GRANT, which have not been contracted by this date shall be cancelled.
The deadline for execution of contracts of THE EC GRANT is 30 November 2006. THE COMMISSION may however, in exceptional circumstances, agree to an appropriate extension of the contracting period or of the contract execution period, should this be requested in due

1 The Financing Memorandum structure is as follows: 1. the coverpages with the references to the country concerned, amount and authority to sign, 2. Framework Agreement incl. Annex A and Annex B; Annex C – Special Conditions (the text of the adopted financing proposal starting from Description and Objectives onwards; and Annex D Visibility/Publicity.

\[\text{Viv}\]
time and properly justified by THE RECIPIENT. This Memorandum shall expire at the expiry date for execution of contracts of the EC GRANT. All the funds which have not been disbursed shall be returned to the Commission.

ARTICLE 4 - ADDRESSES

Correspondence relating to the execution of THE MEASURE, stating THE MEASURE'S number and title, shall be addressed to the following:

for the COMMUNITY:

Delegation of the European Commission in Poland
Emilii Plater 53
PL-00-113 Warsaw
Poland
Fax: (+48-22) 520 82 82

for THE RECIPIENT:

Office of the Committee for European Integration
Al. Ujazdowskie 9
PL-00918
Warsaw
Fax: (+48-22) 694 71 94

ARTICLE 5 - NUMBER OF ORIGINALS

This Memorandum is drawn up in duplicate in the English language.

ARTICLE 6 - ENTRY INTO FORCE

This Memorandum shall enter into force on the date on which it has been signed by both parties. No expenditure incurred before this date is eligible for the EC GRANT.

The Annexes shall be deemed an integral part of this Memorandum.

2. Special Provisions (Annex C)
3. Visibility/Publicity (Annex D)

1. Strategy

The Commission Regulation (EC) N° 2760/98 of December 18, 1998 extends the cross-border cooperation to border regions between the CEEC and draws some lessons from previous experience with the CBC programmes.

The current programme is the fourth one for the Slovak-Polish border region prepared under Commission Regulation (EC) N° 2760/98. The Joint-Co-operation Committee (JCC) was formally established on 16 February 2000. The Joint Programming Document (JPD) as referred to under Art.7.2 of Commission Regulation (EC) N° 2760/98 has been prepared for the period 2000/2, and was revised in 2002. The JPD was prepared under the auspices of the JCC to allow the elaboration of common development strategies and priorities for the Slovak-Polish border region in its entirety, seen as one single socio-economic and geographical entity, and provisions concerning joint implementation as from the year 2000. This document, in a multi-annual perspective, guides the programming and implementation of the actions to be undertaken in framework of the CBC programme and initiatives for cross-border co-operation.

For the 2003 Slovak-Polish CBC programme, the JCC defines a common set of projects, and this financing proposal for the Slovak-Polish border, takes into account the revised JPD and further JCC recommendations for projects.

The 2003 Phare budget provides an allocation of €8 million for the support of cross-border cooperation between the Slovak Republic and Poland. Out of this total amount of €8 million: € 4 million are earmarked for the Slovak part and €4 million for the Polish part – being jointly the subject of this Financing Proposal. This programme covers:

- medium scale projects which consolidate and build further the cross-border co-operation in the transport and environment fields
- Small-scale activities helping to create the conditions for future large-scale activities issues and activities in the fields of environment and transport, economic development, urban development, socio-cultural co-operation, human resources, public services and local democracy.

The Slovak government policy towards border regions is part of the national government’s regional policy. In addition, the promotion of friendly relations with neighbouring countries is an important tenet of Slovak foreign policy. The development of closer cross border co-operation is regarded as an important mechanism in the creation of favourable conditions for European integration.

Within the framework of regional economic policy, the Slovak government focuses on the financial support of regionally differentiated small- and medium-sized enterprises and on the building of infrastructure in problem regions - often border regions.

The cross border co-operation programme on both the Polish and Slovak sides is compatible with other programmes implemented under the Phare framework. The mutual interface and complementary nature of the CBC programme with the national Phare programme will be enhanced under the 2003 programmes through focusing on institution-building on regional and local levels as well as through supporting regional development policies of the Government in the border regions.

For the Polish government the region bordering the Slovak Republic is regarded as a development priority area in view of its strategic location in the integration process with the European Union. The priority needs for regional development are identified as the establishment of a modern efficient transport communications, both rail and road, and the preservation of the environment by halting the increase in environmental damage and if possible reversing the trend which is arising from the closer contacts between the countries.
The preparation of the 2003 programme is in compliance with the priorities of the Accession Partnerships and of the National Programmes for the Adoption of the Acquis (NPAA) of both countries. The 2003 CBC Programme is based on the following principles:

- articulation of needs and priorities coming from the beneficiary regions;
- consistency with national programmes of sectoral development;
- consistency and complementarity with other internationally aided programmes, in particular, the EU Phare Programme;
- assistance to the Slovak and Polish border regions to move toward participation and co-operation on joint programmes with the neighbouring partner countries;
- implementation procedures, which are efficient, effective and stable.

2. Objectives and Description

2.1. Business related infrastructure Grant Scheme (2003-005-681.01)

This project aims at strengthening the regional business support infrastructure on both sides of the border. The lack of adequate infrastructure environment is one of the main barriers for the economic development of the eligible area and hampers the free flow of people and goods across the border. The implementation of the project will also contribute improving the attractiveness of the Polish-Slovak border area for potential foreign and domestic investors.

The project will support investment activities that are directly linked to the business development in the eligible area. It will co-finance inter alia local infrastructure projects in the fields of environment, transport, economic development and tourism.

Projects within this Grant Scheme may not be financed simultaneously from other EU funds.

2.2. Joint PL/SK Small Projects Fund (JSPF) (2003-005-681.02)

The general aim of the JSPF is the support of "people to people" projects with a genuinely cross-border impact. The purpose of the support of these projects is to encourage local involvement and to facilitate the implementation of small-scale actions which may constitute the basis for larger cross-border co-operation projects, in the following areas: local democracy, economic development, tourism, cultural exchanges, environment, health and information and communication. Priority will be given to projects that are planned, selected and realised jointly by Slovak and Polish partners and supported from both JSPFs on the Slovak and on the Polish side. The JSPF aims also at the building and developing of specialist resources for local and regional institutions involved in regional development, groundwork and implementation of cross-border projects in line with EU practice.

The specific JSPF objectives in Poland and the Slovak Republic are in accordance with regional priorities: the development of cultural and youth co-operation between neighbouring regions on both sides of the border; support for actions aimed at local and regional socio-economic development, in particular measures in support of tourism development; the support of educational activities for institutions and individuals involved in local/regional development, in local government and in organisations of public interest.

The Joint Small Projects Fund will not include any infrastructure project.

The minimum co-financing contribution of the beneficiary to the project is 10% on the Slovak side and 25% on the Polish side. As concerns the administrative support for operating the JSPF, the Phare contribution may finance the JSPF's indirect (overhead) costs up to 7% of total amount eligible costs as defined in the DIS manual. This is conditional upon the provision of at least the same amount from the regions for covering the management costs of the operation. This financial support is provided to the administrative structures running the JSPF, normally situated in the Euro-regions. The minimum Phare contribution per project is €1,000, the maximum contribution is €50,000. Within these limits,
the regional Steering Committee may establish differing limits (in particular lowering the maximum contribution of Phare, keeping in view the overall amount available, and increase of the beneficiary’s own contribution).

Implementation of the JSPF will follow the principles described in the Practical Guide to Phare, ISPA and SAPARD programmes (chapter 6 on the “Grants” specifically).

<td>0.4</td>
</tr>
</tbody>
</table>

(The figures in the above budget tables are indicative only)

In accordance with the Phare Guidelines of 1999 and Revised Guidelines of 2002, all investment projects supported by Phare must receive co-financing from national public funds.

The Community contribution may amount to up to 75% of the total eligible² public expenditure.

Co-financing for Institution Building projects is provided by the beneficiary bearing certain infrastructure and operational implementation costs, through financing the human and other resources, required for effective and efficient absorption of PHARE assistance.

4. Implementation Arrangements

a) Financial and Project Management by the Candidate Country

The programme will be managed in accordance with the Phare Extended Decentralised Implementation System (EDIS) procedures as set down in the EDIS Accreditation Decision and the Agreement on the Implementation of EDIS (EDIS Implementation Agreement; EIA) concluded between each of the Partner Countries and the Commission³. Prior to the conclusion of said Agreement, implementation will exceptionally follow Phare Decentralised Implementation System (DIS) procedures⁴. Extended Decentralisation will, however, apply from the date of accession at the latest.

The National Aid Co-ordinator (NAC) will have overall responsibility for programming and monitoring of Phare programmes. The National Authorising Officer (NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the EDIS Implementation Agreement and/or the DIS Manual as well as the other instructions of the Commission, and that all contracts required to implement the Financing Memorandum are awarded using the procedures and standard documents defined and most recently published by the European Commission for the implementation of External Actions. The NAC and the

² Taxes are not an element eligible for co-financing
NAO shall be jointly responsible for co-ordination between Phare (including Phare CBC), ISPA and SAPARD as well as the Structural and Cohesion Funds.

The National Fund (NF) in the Ministry of Finance, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the Phare funds. He shall ensure that the Phare rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community state aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the Phare funds of a programme until the closure of the programme.

b.) Project size

The Grant Scheme “Business related Infrastructure Grant Scheme” will be supported by a financial allocation of €3.6 million per country. The minimum/maximum Phare contribution per project will be €100,000 / €300,000 respectively.

c.) Deadline for contracting and execution of contracts; programming deadline

All contracts must be concluded by 30th November 2005. Execution of all contracts must end by 30th November 2006. Budgetary commitments which have not given rise to payments during three years counted from the date of the legal commitment will be de-committed.

d.) Clearance of Accounts Procedure and Recovery of Funds

A clearance-of-accounts procedure in line with Article 53 § 5 of the Financial Regulation\(^5\) and Art. 42 of the Implementing Rules to the Financial Regulation\(^6\) will be put in place.

Any proven irregularity or fraud\(^7\) discovered at any time during the implementation of the programme will lead to the recovery of funds by the Commission.

If the implementation of a measure appears not to justify either a part or the whole of the assistance allocated, the Commission is to conduct an appropriate examination of the case, in particular requesting the beneficiary country to submit its comments within a specified period of time and to correct any irregularity.

Following the examination referred to in the previous paragraph, the Commission may reduce, suspend or cancel assistance in respect of the measures concerned if the examination reveals irregularity, an improper combination of funds or a failure to comply with one of the conditions in the financing memorandum and in particular any significant change affecting the nature or conditions of implementation of the measure for which the Commission’s approval has not been sought. Any reduction or cancellation of the assistance is to give rise to recovery of the sums paid.

Where the Commission considers that an irregularity has not been corrected or that all or part of an operation does not justify either all or part of the assistance granted to it, the Commission is to conduct a suitable examination of the case and request the beneficiary country to submit its comments.

\(^6\) Commission Regulation 2342/2002 of 23 December 2002
\(^7\) As defined under number 8a (Audit and Anti-fraud Measures by the Candidate Countries) of this document
within a specified period. After the examination, if the beneficiary country has undertaken no corrective measures, the Commission may:

(a) reduce or cancel any advance;
(b) cancel all or part of the assistance granted to the measure.

The Commission is to determine the size of a correction taking into account the nature of the irregularity and the extent of any failures in the management and control systems.

Any funds not used by the expiry date of the programme will be recovered by the Commission. A final written declaration with supporting documentation shall be issued by the NAO 2 months after all payments have been made, showing the total amount contracted and disbursed. A final bank reconciliation showing the existing balances in the NF/IA/CFCU shall also be enclosed.

Notwithstanding the recovery of unused and ineligible funds after expiry of the Financing Memorandum, a complementary recovery order may be issued after the final audit of the reliability and consistency of contracts and disbursements as well as their compliance with the provisions of the Financing Memorandum has been carried out, taking into account the independent opinion of the final audit.

The National Authorising Officer will ensure the reimbursement of any unused funds or any sum wrongly paid within sixty calendar days of the date of notification. If the NAO does not repay the amount due to the Community, the beneficiary country shall refund this amount to the Commission. Interest on account of late payments shall be charged on sums not repaid by applying the rules specified in the Financial Regulation governing the Community Budget.

e.) Financial Flows

The Commission will transfer funds to the NF in accordance with the Memorandum of Understanding signed between the Commission and the Slovak Republic on 10th December 1998 and the Commission and Poland in December 1998 respectively. Funds will be transferred following requests from the NAO onto a separate bank account, denominated in €, which will be opened and managed by the NF in the Central Bank.

aa) Transfer of Funds to the National Fund

A first transfer of up to 20% of the funds to be managed locally, representing pre-financing\(^8\) will be sent to the NF following signature of the Financing Memorandum and the Financing Agreements (FAs) between the NF and the Implementing Agencies (IAs)/Central Finance and Contracts Unit (CFCU). The provisions foreseen in articles 2 and 13 of the MoU on the NF must also be met. Furthermore, the NAO must submit to the Commission the designation of the PAOs and a description of the system put in place, highlighting the flow of information between the NF and the IA/CFCU and the manner in which the payment function will be carried out.

Two further transfers of up to 30% each of the funds to be managed locally will be made. The second transfer will be triggered when 5% of the budget has been disbursed by the IAs and the CFCU. The third transfer may be requested when 35% of the total budget in force has been disbursed. A fourth transfer will be made when 70% of the total budget in force is disbursed and when all expenditure has been incurred (i.e. fully contracted). No later than 2 months all payments have been made the National Fund will submit a final declaration of expenditure, which will trigger a balancing operation of all

\(^8\) as defined in Art. 81.1.b.i of the Financial Regulation
transfers against final certified expenditure incurred, which at that point will be equal to payments made. (closure of expenditure)\(^9\).

Exceptionally the NAO may request payment of more than the percentages mentioned above in accordance with the procedures laid down in the aforesaid Memorandum of Understanding. Save for express prior authorisation from the Commission HQs, no interim payments may be made if the trigger points mentioned above have not been respected.

bb) Transfer of Funds to the Implementing Agencies

The National Fund will transfer funds to IAs, including the Central Financing and Contracting Unit (CFCU), in accordance with Financing Agreements (FAs) signed between the NFs and the IAs/CFCU where applicable. Bank accounts for sub-programmes shall be opened in the name of the relevant Implementing Agency/CFCU in charge of the financial administration of the sub-programme in line with Art. 13 of the MoU on the Establishment of the National Fund.

Under DIS, each individual FA will be endorsed in advance by the European Commission. In cases where the NF is itself the paying agent for the CFCU/IA there will be no transfer of funds from the NF to the CFCU/IA. The CFCU and the IAs must each be headed by a Programme Authorising Officer (PAO) appointed by the NAO after consultation with the NAC. The PAO will be responsible for all the operations carried out by the relevant CFCU/IA.

For those contracts with funds retained for a warranty period, the overall total of funds related to those contracts, as calculated by the PAO and established by the Commission, will be paid to the Implementing Agency before the official closure of the programme. The Implementing Agency assumes full responsibility of depositing the funds until final payment is due and for ensuring that said funds will only be used to make payments related to the retention clauses.

The Implementing Agency further assumes full responsibility towards the contractors for fulfilling the obligations related to the retention clauses. Funds not paid out to the contractors after final payments have been settled shall be reimbursed to the Commission. An overview of the use of funds deposited on warranty accounts - and notably of the payments made out of them - and of interests accrued will annually be provided by the NAO to the Commission.

cc) Interest

In principle, all bank accounts\(^10\) will be interest bearing. Interest will be reported to the European Commission. If the Commission so decides, on the basis of a proposal from the NAO, interest may be reimbursed in the Programme.

f.) Implementing Agencies will be responsible for sub-programmes as follows:

In Poland the authority responsible for programme implementation lies within the Ministry of Internal Affairs and Administration which has established the Implementing Authority for the Phare Cross Border Co-operation Programme.

g.) Environmental Impact Assessment and Nature Conservation

The procedures for environmental impact assessment as set down in the EIA-directive\(^11\) are fully applicable for all investment projects under PHARE. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-mentioned directive.

\(^9\) as defined in Art.105 of the Implementing Rules

\(^10\) in particular, but not exclusively, accounts run by the NF, the CFCU and IAs

If a project would fall within the scope of annex I or annex II of the EIA Directive, the carrying out of the EIA-procedure must be documented\textsuperscript{12}.

If a project is likely to affect sites of nature conservation importance, an appropriate assessment according to Art. 6 of the Habitats-Directive\textsuperscript{13} must be documented\textsuperscript{14}.

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The Project Fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

h.) Special rules for certain components for the programme

Grant Schemes
For Grant Schemes in the field of Economic and Social Cohesion the precise implementation arrangements will be specified in the relevant project fiches in line with the following principles:

- The procedures and formats to be used in the implementation of the schemes and award of the grants will follow the provisions of the Practical Guide. In particular, due care will be given to the selection process of the beneficiary projects, which has to be done at technical level through selection committees composed of experts appointed by the authorities which are co-financing the schemes as well as by the relevant administrations and interest groups involved in the schemes.
- The competent PAO for the programme under which the grant scheme is financed has to retain his/her contractual and financial responsibility for the implementation of the schemes. In particular, the PAO has to formally approve the call for proposals, application forms, evaluation criteria, as well as the selection process and results. The PAO has also to sign the grant contracts with the beneficiaries and to ensure adequate monitoring and financial control under his/her authority and responsibility. With this reservation, the management of the schemes can be decentralised from the PAO to the appropriate bodies at sectoral or regional level.
- Prior to EDIS accreditation, the ex-ante approval of the Commission Delegations in Bratislava and Warsaw will be required, in conformity with the provisions of chapter 6 of the Practical Guide (decentralised ex-ante control).
- The implementation of selected projects through provision of works, supplies and services, subcontracted by the final beneficiaries of the individual grants, shall be subject to the procurement regulations in the Practical Guide. For Poland, implementation will follow the national public procurement law.
- Following a positive assessment of the Implementing Agency's capacity to operationally and financially manage the schemes in a sound and efficient manner, the Commission Delegation may decide to waive its ex-ante approval of sub-contracting carried out by final beneficiaries of individual grants. The detailed provisions governing the role of the Delegation in the above mentioned sub-contracting phase will be specified, as appropriate, in the exchange of letters between the Delegation and the National Authorities following the above mentioned assessment exercise.
- Grant schemes will not involve projects for which PHARE contribution is more than €2 million and less than €50,000. This lower limit may be waived as a result of the above-mentioned assessment of the Implementing Agency's capacity of giving assurance of sound financial management. This lower limit is not applicable in the case of NGOs.

The financial commitments in Phare terms will be effected at the date of signature of the grant contracts by the competent PAO. The projects should be fully implemented before the expiry date for contract execution of the present Financing Memorandum.

\textsuperscript{12} in \textit{Annex EIA} to the corresponding investment project fiche
\textsuperscript{13} DIR 92/43/EEC; OJ 206/7; 22.7.1992
\textsuperscript{14} in \textit{Annex Nature Conservation} to the corresponding investment project fiche
The Joint Small Projects Fund will finance projects below €50,000 (PHARE contribution). It will not include any infrastructure.

For the CBC Small Project Fund, up to 7% of the PHARE contribution may be used for expenditure relating to the preparation, selection, appraisal and monitoring of the assistance.

5. Monitoring and Evaluation

Project implementation of this programme will be monitored through the Joint Monitoring Committee (JMC). It includes the NAO, the NAC and the Commission services. The JMC will meet at least once a year to review all Phare funded programmes in order to assess their progress towards meeting the objectives set out in Financing Memoranda and the Accession Partnership. The JMC may recommend a change of priorities and/or the re-allocation of Phare funds. Furthermore the JMC will review the progress of all pre-accession EU-funded assistance programmes once a year (PHARE, ISPA and SAPARD).

For the PHARE programme, the JMC will be assisted by Sectoral Monitoring Sub-Committees (SMSC) which will include the NAC, the PAO of each Implementing Agency (and of the CFCU where applicable) and the Commission Services. The SMSC will review in detail the progress of each programme, including its components and contracts, assembled by the JMC into suitable monitoring sectors. Each sector will be supervised by one SMSC on the basis of regular monitoring reports produced by the Implementing Agency, and interim evaluations undertaken by independent evaluators. The SMSC will put forward recommendations on aspects of management and design, ensuring these are effected. The SMSC will report to the JMC, to which it will submit overall detailed opinions on all Phare financed programmes in its sector.

The Commission services shall ensure that an ex-post evaluation is carried out after completion of the Programme.

6.) Audit and Anti-Fraud Measures

a.) By the Candidate Countries\textsuperscript{15}

Each year an audit plan and a summary of the findings of the audits carried out shall be sent to the Commission. Audit reports shall be at the disposal of the Commission.

Appropriate financial control shall be carried out by the competent national financial control authority with respect to the implementation of the programme.

Beneficiary countries shall ensure investigation and satisfactory treatment of suspected and actual cases of fraud and irregularity following national or Community controls.

Irregularity shall mean any infringement of a provision of national or Community law\textsuperscript{16}, this Financing Memorandum or ensuing contracts or resulting from an act or omission by an economic operator, which has, or would have, the effect of prejudicing the general budget of the Communities or budgets managed by them, either by reducing or losing revenue accruing from own resources collected directly on behalf of the Communities, or by an unjustified item of expenditure.

Fraud shall mean any intentional act or omission relating to:

\textsuperscript{15} in accordance with the rules set down in Art. 54 of the Financial Regulation

\textsuperscript{16} defined as the entirety of Community rules applicable between the Parties of the Financing Memorandum (for example the Europe Agreements, the Framework Agreement, the Memorandum of Understanding on the Establishment of the National Fund etc.)
(i) the use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of funds from the general budget of the European Communities or budgets managed by, or on behalf of, the European Communities, (ii) non-disclosure of information in violation of a specific obligation, with the same effect, (iii) the misapplication of such funds for purposes other than those for which they are originally granted.

The national authorities shall ensure the functioning of a control and reporting mechanism equivalent to the one foreseen in Commission Regulation 1681/94\(^{17}\).

In particular, all suspected and actual cases of fraud and irregularity as well as all measures related thereto taken by the national authority must be reported to the Commission services without delay. Should there be no suspected or actual cases of fraud and irregularity to report, the beneficiary country shall inform the Commission of this fact within two months following the end of each quarter.

**b.) By the Commission**

All Financing Memoranda as well as the resulting contracts are subject to supervision and financial control by the Commission (including the European Anti-fraud Office) and audits by the Court of Auditors. This includes on-the-spot checks and, as long as the Extended Decentralisation System is not yet applicable to the Implementing Agencies in the Candidate Country concerned, measures such as ex-ante verification of tendering and contracting carried out by the Delegation in the Candidate Country concerned.

In order to ensure efficient protection of the financial interests of the Community, the Commission may conduct on-the-spot checks and inspections in accordance with the procedures foreseen in Council Regulation (Euratom, EC) No. 2185/96\(^{18}\).

The accounts and operations of the National Fund, and, where applicable, the CFCU and all relevant Implementing Agencies may be checked at the Commission’s discretion by an outside auditor contracted by the Commission without prejudice to the responsibilities of the Commission and the European Union’s Court of Auditors as referred to in the “General Conditions relating to the Financing Memorandum” attached to the Framework Agreement.

**7. Visibility/Publicity**

The appropriate Programme Authorising Officer will be responsible for ensuring that the necessary measures are taken to ensure appropriate publicity for all activities financed from the programme. This will be done in close liaison with the Commission Delegation. Further details are set down in the Annex “Visibility/Publicity”.

**8. Special conditions**

In the event that agreed commitments are not met for reasons which are within the control of the Government of each of the Partner Countries, the Commission may review the programme with a view, at the Commission’s discretion, to cancelling all or part of it and/or to reallocate unused funds for other purposes consistent with the objectives of the Phare programme.
