FINANCING MEMORANDUM

The European Commission, hereinafter referred to as "THE COMMISSION", acting for and on behalf of the European Community, hereinafter referred to as "THE COMMUNITY" on the one part, and

The Government of the Slovak Republic, hereinafter referred to as "THE RECIPIENT" on the other part,

HAVE AGREED AS FOLLOWS:

The measure referred to in Article 1 below shall be executed and financed out of the budget resources of THE COMMUNITY in accordance with the provisions set out in this Memorandum. The technical, legal, and administrative framework within which the measure referred to in Article 1 below shall be implemented is set out in the General Conditions annexed to the Framework Agreement of 10th May 1994 between THE COMMISSION and THE RECIPIENT, and supplemented by the terms of this Memorandum and the Special Provisions annexed hereto.

ARTICLE 1 - NATURE AND SUBJECT

As part of its aid programme, THE COMMUNITY shall contribute, by way of grant, towards the financing of the following MEASURE:

Programme number: 2002/000.603-01 and 2002/000-603-02
Title: 2002 Cross Border Co-operation Programme Slovak Republic/Hungary
Duration: Until 30th November 2004

ARTICLE 2 - COMMITMENT OF THE COMMUNITY

The financial contribution of THE COMMUNITY is fixed at a maximum of 2 MEUR hereinafter referred to as "THE EC GRANT".

ARTICLE 3 - DURATION AND EXPIRY

For the present MEASURE, THE EC GRANT is hereby available for contracting until 30th November 2004 subject to the provisions of this Memorandum. All contracts must be signed by this date. Any balance of funds of the EC GRANT which have not been contracted by this date shall be cancelled. The deadline for disbursement of THE EC GRANT is 30th November 2005. All disbursements must be completed by the deadline for disbursement. THE COMMISSION may, however, in exceptional circumstances, agree to an appropriate extension of the contracting period or of the disbursement period, should this be requested in due time and properly justified by THE RECIPIENT. This Memorandum shall expire at the expiry of the disbursement period of the EC GRANT. All the funds which have not been disbursed shall be returned to the Commission.
ARTICLE 4 - ADDRESSES

Correspondence relating to the execution of THE MEASURE, stating THE MEASURE'S number and title, shall be addressed to the following:

for the COMMUNITY:

Mr. Eric van der Linden,  
Head of the EC Delegation  
Panska, 3  
81101 - Bratislava – Slovak Republic  
Fax: 00421-2-54432972

for THE RECIPIENT:

Mr. Pal Csaky  
Deputy Prime Minister for European Integration  
Návestie Sloboď 1  
81370 Bratislava - Slovak Republic  
Fax: 00421-2-52496759

ARTICLE 5 - NUMBER OF ORIGINALS

This Memorandum is drawn up in duplicate in the English language.

ARTICLE 6 - ENTRY INTO FORCE

This Memorandum shall enter into force on the date on which it has been signed by both parties. No expenditure incurred before this date is eligible for the EC GRANT.

The Annexes shall be deemed an integral part of this Memorandum.

2. Special Provisions (Annex C)
3. Visibility/Publicity (Annex D)
SPECIAL PROVISIONS

OBJECTIVES, DESCRIPTION AND CONDITIONALITY

1. Wider objectives

The general objective of the Hungary-Slovakia Phare CBC Programme is to promote co-operation in the eligible border regions of the two countries. Cross-border co-operation is regarded as a mean of stimulating economic activities in these regions and to assist them in overcoming specific development problems, which arise from their peripheral position within national economy. Conservation of the natural resources of the Hungarian-Slovakian border region, improvement of the environmental potential and ensuring an attractive environment are all important elements, which can contribute to the economic development and to a more favourable living space. In addition, Phare CBC Programme aims to promote the creation and further development of networks on both sides of the border. The programme supports the process of integrating Hungary and Slovakia into the European Union.

2. Immediate Objectives and Programme Results

In the programming year 2002, out of the general cross-border regional development priorities the programme focuses on the objective of environment protection (Priority 5 of the Joint Programming Document) implemented through a joint grant scheme.

The grant scheme primarily supports projects of local initiatives that can directly contribute to the improvement of natural and environmental conditions of the direct border region and also have a strong cross-border impact. Implementation of the proposed project promotes the protection of rivers, the underground and surface water basis, the air, the flora and fauna as well as the entire landscape through bilateral actions. As a result, actual forms of long term co-operation among environmental protection institutions will be established and improved.

The Joint Small Projects Fund (JSPF) supports the key objectives of the Hungarian-Slovak Phare CBC Programme in the form of small-scale, “people-to-people” development activities of a cross-border nature. The ultimate objective will be to enhance the capability of the local and regional authorities to develop and implement joint projects within the border region.

3. Programme description

The programme has been designed following bilateral discussions between Hungary and Slovakia and consultation with the European Commission. A Joint Programming Document (JPD) covering the period 2000-2006 has been prepared and agreed unanimously in 2000 by the JCC. The grant scheme selected for support in the Phare CBC Hungary-Slovakia 2002 Programme is in accordance with the contents of the JPD.

2002/000-603-01 and 2002/000-604-01 – Nature and environment:
Environmental protection and nature conservation in the Hungarian-Slovak border region through local initiatives
Since a large number of environmentally sensitive, protected areas and natural reserves are located in the border region, the issue of environmental protection and water-management play a pivotal role in the entire Hungarian-Slovakian border region. The conservation of the outstanding natural potential of the area is not only essential from the aspect of the improvement of living conditions of the population on both sides of the border but also for the special development potential of the region. In order to improve present environmental conditions and to prevent potential damages to the environment, it is necessary to prepare joint plans and to perform synchronised actions.

Despite some improvement in the quality of the environment during the last decade, there are still serious deficiencies in the environmental situation of the border region. Improvement of treatment of sewage water could not keep pace with the increasing amount of waste. Since environmental issues affect the whole border region regardless of national borders, assistance should be carried out in the framework of cross-border co-operation.

Preservation of bio-diversity is a common objective of environmental strategies in the region. Natural parks, natural reserves and other institutional forms for natural protection play an important role in attaining this goal. In order to harmonise the management and operation of these structures the project supports joint investments in natural protection.

In accordance with these global objectives above defined, both countries especially support “Environmental protection and nature conservation” in the cross-border region within the framework of the 2002 programme. The project proposal is in line with the development concepts of the given region and has been developed jointly with both the partners.

The project is in line with the NPAA and Accession Partnership of both countries and is in accordance with the provisions of the respective National Development Plans.

**Beneficiary:** Non-profit organisations in the border region  
**Total project cost:** 4,800,000 EUR  
**Phare CBC contribution:** 3,600,000 EUR  
**National co-financing:** 1,200,000 EUR

**2002/000-603-02 and 2002/000-604-02: Joint Small Projects Fund**

The JSPF shall support development particularly in the field of small-scale activities (strengthening people-to-people co-operation) across the border, according to the priorities and measures laid down in the Joint Programming Document. The Joint Small Projects Fund (JSPF) supports projects with a maximum Phare support of 50,000 EUR and a project implementation period of 1 year. Applicants are invited by announcing a Call for Proposals and then selected by the Joint Evaluation Committee in line with the Specific Guidelines on the Management of the JSPF.

**Beneficiary:** Non-profit organisations in the border region  
**Total project cost:** 440,000 EUR  
**Phare CBC contribution:** 400,000 EUR  
**National co-financing:** Min. 40,000 EUR

4. **Conditionality**

At least 25% of the investment projects will be co-financed from national resources.
5. **BUDGET**

The following table specifies the EU contribution as well as the national co-financing of the programme.

The Governments of Hungary and of the Slovak Republic will ensure that appropriate co-financing in accordance with the details included in the projects will be available in time. As set out for each individual project, co-financing for grants should be understood as joint and the ratio between the Phare and the National amount has to be applied to the final contract price.

6. **IMPLEMENTATION ARRANGEMENTS**

a) **Financial and Project Management in Hungary**

The programme will be managed in accordance with the Phare Decentralised Implementation System (DIS) procedures\(^1\).

The National Aid Co-ordinator (NAC), who is the Minister Responsible for the Co-ordination of the Phare Programme in Hungary, will have overall responsibility for programming, monitoring and implementation of Phare programmes. The National Authorising Officer (NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the *DIS Manual* and other instructions of the Commission, and that all contracts are being prepared in accordance with the *Practical Guide for PHARE, ISPA and SAPARD*\(^2\).

The NAC and the NAO shall be jointly responsible for co-ordination between PHARE (including PHARE CBC), ISPA and SAPARD.

---

\(^1\) taking into consideration the rules set down in the annex of Council Regulation 1266/1999

\(^2\) The Practical Guide has replaced section F ("Procurement") of the DIS Manual
The National Fund (NF) in the Hungarian Ministry of Finance, respectively, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the PHARE funds. He shall ensure that the PHARE rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community state aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the PHARE funds of a programme until the closure of the programme.

b.) Financial and Project Management in Slovakia

The programme will be managed in accordance with the Phare Decentralised Implementation System (DIS) procedures³.

The National Aid Co-ordinator (NAC), who the Deputy Prime Minister Responsible for the Co-ordination of the Phare Programme in Slovakia, will have overall responsibility for programming, monitoring and implementation of Phare programmes. The National Authorising Officer (NAO) and the Project Authorising Officers (PAO) will ensure that the programmes are implemented in line with the procedures laid down in the DIS Manual and other instructions of the Commission, and that all contracts are being prepared in accordance with the Practical Guide for PHARE, ISPA and SAPARD.⁴

The NAC and the NAO shall be jointly responsible for co-ordination between PHARE (including PHARE CBC), ISPA and SAPARD.

The National Fund (NF) in the Slovak Ministry of Finance, respectively, headed by the NAO, will supervise the financial management of the Programme, and will be responsible for reporting to the European Commission. The NAO shall have overall responsibility for financial management of the PHARE funds. He shall ensure that the PHARE rules, regulations and procedures pertaining to procurement, reporting and financial management as well as Community state aid rules are respected, and that a reporting and project information system is functioning. This includes the responsibility of reporting all suspected and actual cases of fraud and irregularity. The NAO shall have the full overall accountability for the PHARE funds of a programme until the closure of the programme.

c.) Contracting and disbursement deadline

All contracts must be concluded by 30 November 2004.
All disbursements must be made by 30 November 2005.

d.) Recovery of Funds

Any proven irregularity or fraud discovered at any time during the implementation of the programme will lead to the recovery of funds by the Commission.

³ taking into consideration the rules set down in the annex of Council Regulation 1266/1999
⁴ The Practical Guide has replaced section F ("Procurement") of the DIS Manual
If the implementation of a measure appears not to justify either a part or the whole of the assistance allocated, the Commission is to conduct an appropriate examination of the case, in particular requesting the beneficiary country to submit its comments within a specified period of time and to correct any irregularity.

Following the examination referred to in the previous paragraph, the Commission may reduce, suspend or cancel assistance in respect of the measures concerned if the examination reveals irregularity, an improper combination of funds or a failure to comply with one of the conditions in the financing memorandum and in particular any significant change affecting the nature or conditions of implementation of the measure for which the Commission’s approval has not been sought. Any reduction or cancellation of the assistance is to give rise to recovery of the sums paid.

Where the Commission considers that an irregularity has not been corrected or that all or part of an operation does not justify either all or part of the assistance granted to it, the Commission is to conduct a suitable examination of the case and request the beneficiary country to submit its comments within a specified period. After the examination, if the beneficiary country has undertaken no corrective measures, the Commission may:

(a) reduce or cancel any advance;
(b) cancel all or part of the assistance granted to the measure.

The Commission is to determine the size of a correction taking into account the nature of the irregularity and the extent of any failures in the management and control systems.

Any funds not used by the expiry date of the programme will be recovered by the Commission. A final written declaration with supporting documentation shall be issued by the NAO just after the end of the disbursement period of the Financing Memorandum showing the total amount contracted and disbursed. A final bank reconciliation showing the existing balances in the NF/IA shall also be enclosed.

Notwithstanding the recovery of unused and ineligible funds after expiry of the Financing Memorandum, a complementary recovery order may be issued after the final audit of the reliability and consistency of contracts and disbursements as well as their compliance with the provisions of the Financing Memorandum has been carried out, taking into account the independent opinion of the final audit.

The National Authorising Officer will ensure the reimbursement of any unused funds or any sum wrongly paid within sixty calendar days of the date of notification. If the NAO does not repay the amount due to the Community, the beneficiary country shall refund this amount to the Commission. Interest on account of late payments shall be charged on sums not repaid by applying the rules specified in the Financial Regulation governing the Community Budget.

e.) Financial Flows

The Commission will transfer funds to the NF in accordance with the Memorandum of Understanding signed between the Commission and Hungary on 17 December 1998 and between the Commission and Slovakia 10 December 1998. Funds will be transferred following requests from the NAO onto a separate bank account, denominated in €, which will be opened and managed by the NF in a Bank agreed in advance with the Commission.
a.a.) Transfer of Funds to the National Fund

A payment of up to 20% of the funds to be managed locally* will be transferred to the NF following signature of the Financing Memorandum and the Financing Agreements (FAs) between the NF and the Implementing Agency (IA). The provisions foreseen in articles 2 and 13 of the MoU on the NF must also be met. Furthermore, the NAO must submit to the Commission the designation of the PAOs and a description of the system put in place, highlighting the flow of information between the NF and the IA and the manner in which the payment function will be carried out.

Two replenishments will be made of up to 30% of the funds to be managed locally* and the final payment of up to 20% or the full balance of the budget whichever is the lesser amount. The first replenishment will be triggered when 5% of the budget* has been disbursed by the IAs. The second replenishment may be requested when 35% of the total budget* in force has been disbursed. The final third replenishment will be paid when 70% of the total budget* in force is disbursed. Exceptionally the NAO may request an advance payment of more than the percentages mentioned above in accordance with the procedures laid down in the aforesaid Memorandum of Understanding. Save for express prior authorisation from the Commission HQs, no replenishment may be made if the trigger points mentioned above have not been respected.

b.b.) Transfer of Funds to the Implementing Agencies

The National Fund will transfer funds to IAs in accordance with Financing Agreements (FAs) signed between the NFs and the IAs. Bank accounts for sub-programmes shall be opened in the name of the relevant Implementing Agency in charge of the financial administration of the sub-programme in line with Art. 13 of the MoU on the establishment of the National Fund.

Each individual FA will be endorsed in advance by the European Commission. In cases where the NF is itself the paying agent for the IA there will be no transfer of funds from the NF to the IA. The IAs must each be headed by a Programme Authorising Officer (PAO) appointed by the NAO after consultation with the NAC. The PAO will be responsible for all the operations carried out by the relevant IA.

For those contracts with funds retained for a warranty period extending beyond the end of the disbursement period of the programme, the overall total of funds related to those contracts, as calculated by the PAO and established by the Commission, will be paid to the Implementing Agency before the official closure of the programme. The Implementing Agency assumes full responsibility of depositing the funds until final payment is due and for ensuring that said funds will only be used to make payments related to the retention clauses.

The Implementing Agency further assumes full responsibility towards the contractors for fulfilling the obligations related to the retention clauses. Interests accrued on the funds deposited will be paid to the Commission after final payment to the contractors. Funds not paid out to the contractors after final payments have been settled shall be reimbursed to the Commission. An overview of the use of funds deposited on warranty accounts - and notably of the payments made out of them - and of interests accrued will annually be provided by the NAO to the Commission.

* excluding the amount foreseen for the Community programmes
In principle, all bank accounts\(^5\) will be interest bearing. Interest will be reported to the European Commission. If the Commission so decides, on the basis of a proposal from the NAO, interest may be reinvested in the Programme.

\section*{Implementing Agencies will be responsible for sub-programmes as follows:}

In Hungary, the overall responsibility for the Hungary–Slovakia Phare CBC Programme will rest with the Hungarian Prime Minister’s Office as the Implementing Authority of all sub-programmes of the Programme. The National Agency for Regional Development (NARD) has been nominated as the Implementation Agency of the 2002 Hungary-Slovakia Phare CBC Programme.

The programme will be co-ordinated by the Regional Office of the NARD in Budapest and will be managed jointly by the Head Office and the relevant Regional Offices (Sopron, Budapest and Eger) situated in the Hungarian-Slovakian border region.

In Slovakia the Phare CBC Regional Development Support Agency of the Ministry of Construction and Regional Development of the Slovak Republic will act as Implementing Agency responsible for all sub-programmes.

\section*{Environmental Impact Assessment and Nature Conservation}

The procedures for environmental impact assessment as set down in the EIA-directive\(^6\) are fully applicable for all investment projects under PHARE. If the EIA-directive has not yet been fully transposed, the procedures should be similar to the ones established in the above-mentioned directive. If a project would fall within the scope of annex I or annex II of the EIA Directive, the carrying out of the EIA-procedure must be documented\(^7\).

If a project is likely to affect sites of nature conservation importance, an appropriate assessment according to Art. 6 of the Habitats-Directive\(^8\) must be documented\(^9\).

All investment projects shall be carried out in compliance with the relevant Community environmental legislation. The Project Fiches will contain specific clauses on compliance with the relevant EU-legislation in the field of the environment according to the type of activity carried out under each investment project.

\section*{Special rules for certain components for the programme}

Grant Schemes

\footnotesize{\(^5\) in particular, but not exclusively, accounts run by the NF, the CFCU and lAs
\(^7\) in Annex EIA to the corresponding investment project fiche
\(^8\) DIR 92/43/EEC; OJ 206/7; 22.7.1992
\(^9\) in Annex Nature Conservation to the corresponding investment project fiche}
For grant schemes whose procedures and formats are not covered by the current DIS rules, the precise implementation arrangements will be specified in the relevant project fiches in line with the following principles:

- the procedures and formats to be used in the implementation of the schemes and award of the grants will follow the provisions of the Practical Guide. In particular, due care will be given to the selection process of the beneficiary projects, which has to be done at technical level through selection committees composed of experts appointed by the authorities which are co-financing the schemes as well as by the relevant administrations and interest groups involved in the schemes.

- The competent PAO for the programme under which the grant scheme is financed has to retain his/her contractual and financial responsibility for the implementation of the schemes. In particular, the PAO has to formally approve the call for proposals, application forms, evaluation criteria, as well as the selection process and results. The PAO has also to sign the grant contracts with the beneficiaries and to ensure adequate monitoring and financial control under his/her authority and responsibility. With this reservation, the management of the schemes can be decentralised from the PAO to the appropriate bodies at sectoral or regional level.

- The ex ante approval of the Commission (Delegation in Hungary and in Slovakia, respectively) will be required for the call for proposals, application forms, evaluation criteria, the selection procedures (including the composition of the committees) and results (list of projects to be funded). The grant contracts signed by the PAO will be subject to the ex-ante control of the EC Delegation.

The implementation of the selected projects through the provision of works, supplies and services sub-contracted by the final beneficiaries of the individual grants shall be subject to the procurement regulations in the Practical Guide.

The decentralised system established for CBC small projects is to be applied to all such contracts below 300,000 EUR (or any increased threshold to be fixed by EC Headquarters for small project funds under CBC programmes). Tenders and contracts above this threshold will be presented to the EC Delegation for ex ante approval. The financial commitments in Phare terms will be effected at the date of signature of the grant contracts by the competent PAO. Project implementation and all Phare disbursements are to be done before the expiry date of the present Financing Memorandum.

**CBC Small Projects Facility**

The Small Projects Facility will not include physical investments other than small infrastructure not generating substantial net revenue.

For the CBC Small Project Facility, up to 7% of the PHARE contribution may be used for expenditure relating to the preparation, selection, appraisal and monitoring of the assistance.

### 7. MONITORING AND EVALUATION

Project implementation will be monitored through the Joint Monitoring Committee (JMC). It includes the NAO, the NAC and the Commission. The JMC will meet at least once a year to review all Phare funded programmes in order to assess their progress towards meeting the objectives set out in Financing Memoranda and the Accession Partnership. Furthermore, the
JMC will review the progress of all pre-accession EU-funded assistance programmes once a year (PHARE, ISPA and SAPARD).

For the Phare programme, the JMC will be assisted by Sectoral Monitoring Sub-Committees (SMSC) which will include the NAC, the PAO of each IA (and of the CFCU where applicable) and the Commission Services. The SMSC will review in detail the progress of each programme, including its components and contracts, assembled by the JMC into suitable monitoring sectors. Each sector will be supervised by one SMSC on the basis of regular monitoring reports produced by the Implementing Agency, and interim evaluations undertaken by independent evaluators. The SMSC will put forward recommendations on aspects of management and design, ensuring these are effected. The SMSC will report to the JMC, to which it will submit overall detailed reports on all Phare financed programmes in its sector.

The Commission services shall ensure that an ex-post evaluation is carried out after completion of the Programme.

8. AUDIT AND ANTI-FRAUD MEASURES

8.1. By the Candidate Countries

Each year an audit plan and a summary of the findings of the audits carried out shall be sent to the Commission. Audit reports shall be at the disposal of the Commission.

Appropriate financial control shall be carried out by the competent national financial control authority with respect to the implementation of the programme.

Beneficiary countries shall ensure investigation and satisfactory treatment of suspected and actual cases of fraud and irregularity following national or Community controls.

Irregularity shall mean any infringement of a provision of Community law resulting from an act or omission by an economic operator, which has, or would have, the effect of prejudicing the general budget of the Communities or budgets managed by them, either by reducing or losing revenue accruing from own resources collected directly on behalf of the Communities, or by an unjustified item of expenditure.

Fraud shall mean any intentional act or omission relating to:

(i) the use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of funds from the general budget of the European Communities or budgets managed by, or on behalf of, the European Communities,

(ii) non-disclosure of information in violation of a specific obligation, with the same effect,

(iii) the misapplication of such funds for purposes other than those for which they are originally granted.

The national authorities shall ensure the functioning of a control and reporting mechanism equivalent to the one foreseen in Commission Regulation 1681/9410.

10 OJ L 178; 12.7.94; p. 43-46
In particular, all suspected and actual cases of fraud and irregularity as well as all measures related thereto taken by the national authority must be reported to the Commission services without delay. Should there be no suspected or actual cases of fraud and irregularity to report, the beneficiary country shall inform the Commission of this fact at the end of each quarter.

8.2. By the Commission

All financing memoranda as well as the resulting contracts are subject to supervision and financial control by the Commission (including the European Anti-fraud Office) and audits by the Court of Auditors. This includes measures such as ex-ante verification of tendering and contracting carried out by the Delegation in the Candidate Country concerned and on-the-spot checks.

In order to ensure efficient protection of the financial interests of the Community, the Commission may conduct on-the-spot checks and inspections in accordance with the procedures foreseen in Council Regulation (Euratom, EC) No. 2185/96.\textsuperscript{11}

The accounts and operations of the National Fund and all relevant Implementing Agencies may be checked at the Commission’s discretion by an outside auditor contracted by the Commission without prejudice to the responsibilities of the Commission and the European Union’s Court of Auditors as referred to in the “General Conditions relating to the Financing Memorandum” attached to the Framework Agreement.

9. VISIBILITY/PUBLICITY

The appropriate Programme Authorising Officer will be responsible for ensuring that the necessary measures are taken to ensure appropriate publicity for all activities financed from the programme. This will be done in close liaison with the Commission Delegation. Further details are set down in the Annex “Visibility/Publicity”.

10. SPECIAL CONDITIONS

The Hungarian and Slovakian Governments will carry the legal liability to implement the projects specified under the programme to a satisfactory outcome and shall carry out by its own means any work on which contractors default. In the measures specified under this programme, in which the European Union grant contributes to the financing of revenue generating activities, the Commission shall determine, in consultation with the Implementing Authority, specific arrangements for financing which could include co-financing by the project revenues or reimbursement of the initial grant.

The European Union’s financial contribution is limited to 2,000,000 Euro for each of the partner countries (total of 4,000,000 Euro). This contribution will not cover any additional costs, cost increases or extensions which must therefore be catered for by the implementing and contracting authorities.

In the event that agreed commitments are not met for reasons which are within the control of the Government of Hungary and that of the Slovak Republic, the Commission may review the programme with a view, at the Commission’s discretion, to cancelling all or part of it and/or

\textsuperscript{11} OJ L 292; 15.11.1996; p. 2-5
to reallocate unused funds for other purposes consistent with the objectives of the Phare programme.
INFORMATION AND PUBLICITY FOR THE PHARE, ISPA AND SAPARD PROGRAMMES OF THE EUROPEAN COMMUNITIES

1. **Objective and scope**

Information and publicity measures concerning assistance from the European Community Phare Programme are intended to increase public awareness and transparency of EU action and to create a consistent image of the measures concerned in all applicant countries. Information and publicity shall concern measures receiving a contribution from the Phare Programme.

2. **General principles**

The appropriate Programme Authorising Officer in charge of the implementation of Financing Memoranda, and other forms of assistance shall be responsible for publicity on the spot. Publicity shall be carried out in co-operation with the EC Delegations, which shall be informed of measures taken for this purpose.

The competent national and regional authorities shall take all the appropriate administrative steps to ensure the effective application of these arrangements and to collaborate with the EC Delegations on the spot.

The information and publicity measures described below are based on the provisions of the regulations and decisions applicable to the Structural Funds. They are:

Specific provisions concerning ISPA are included in:

Information and publicity measures must comply with the provisions of the above mentioned regulation and decision. A manual on compliance is available to national, regional and local authorities from the EC Delegation in the country concerned.

3. **Information and publicity concerning Phare programmes**

Information and publicity shall be the subject of a coherent set of measures defined by the competent national, regional and local authorities in collaboration with the EC Delegations for the duration of the Financing Memorandum and shall concern both programmes and other forms of assistance.

The costs of information and publicity relating to individual projects shall be met from the budget for those projects.

When Phare programmes are implemented, the measures set out at (a) and (b) below shall apply:

(a) The competent authorities of the applicant countries shall publish the content of programmes and other forms of assistance in the most appropriate form. They shall ensure that such documents are appropriately disseminated and shall hold them available for
interested parties. They shall ensure the consistent presentation throughout the territory of the applicant country of information and publicity material produced.

(b) Information and publicity measures on the spot shall include the following:

(i) In the case of infrastructure investments with a cost exceeding EUR 1 million:
  - billboards erected on the sites, to be installed in accordance with the provisions of the regulation and decision mentioned in paragraph 2 above, and the technical specifications of the manual to be provided by the EC Delegation in the country concerned.
  - permanent commemorative plaques for infrastructures accessible to the general public, to be installed in accordance with the provisions of the regulation and decision mentioned in paragraph 2 above, and the technical specifications of the manual to be provided by the EC Delegation in the country concerned.

(ii) In the case of productive investments, measures to develop local potential and all other measures receiving financial assistance from Phare, Ispa or Sapard:
  - measures to make potential beneficiaries and the general public aware of Phare, Ispa or Sapard assistance, in accordance with the provisions cited at paragraph 3(b)(i) above.
  - measures targeting applicants for public aids part-financed by Phare, ISPA or SAPARD in the form of an indication on the forms to be filled out by such applications, that part of the aid comes from the EU, and specifically, the Phare, ISPA or SAPARD Programmes in accordance with the provisions outlined above.

4. **Visibility of EU assistance in business circles and among potential beneficiaries and the general public**

4.1 Business circles

Business circles must be involved as closely as possible with the assistance, which concerns them most directly.

The authorities responsible for implementing assistance shall ensure the existence of appropriate channels for disseminating information to potential beneficiaries, particularly SMEs. These should include an indication of the administrative procedures to be followed.

4.2 Other potential beneficiaries

The authorities responsible for implementing assistance shall ensure the existence of appropriate channels for disseminating information to all persons who benefit or could benefit from measures concerning training, employment or the development of human resources. To this end, they shall secure the co-operation of vocational training bodies involved in employment, business and groups of business, training centres and non-governmental organisations.

**Forms**

Forms issued by national, regional or local authorities concerning the announcement of, application for and grant of assistance intended for final beneficiaries or any other person eligible for such assistance shall indicate that the EU, and specifically the Phare, Ispa or Sapard Programmes, is providing financial support. The notification of aid sent to beneficiaries shall mention the amount or percentage of the assistance financed by the Programme in question. If such documents bear the national or regional emblem, they shall also bear the EU logo of the same size.
4.3 The general public

The media

The competent authorities shall inform the media in the most appropriate manner about actions co-financed by the EU, and Phare, ISPA or SAPARD in particular. Such participation shall be fairly reflected in this information.

To this end, the launch of operations (once they have been adopted by the Commission) and important phases in their implementation shall be the subject of information measures, particularly in respect of regional media (press, radio and television). Appropriate collaboration must be ensured with the EC Delegation in the applicant country.

The principles laid down in the two preceding paragraphs shall apply to advertisements such as press releases or publicity communiqués.

Information events

The organisers of information events such as conferences, seminars, fairs and exhibitions in connection with the implementation of operations part-financed by the Phare, Ispa or Sapard Programmes shall undertake to make explicit the participation of the EU. The opportunity could be taken of displaying the European flags in meeting rooms and the EU logo upon documents depending on the circumstances. The EC Delegation in the applicant country shall assist, as necessary, in the preparation and implementation of such events.

Information material

Publications (such as brochures and pamphlets) about programmes or similar measures financed or co-financed by Phare, Ispa or Sapard should, on the title page, contain a clear indication of the EU participation as well as the EU logo where the national or regional emblem is used.

Where such publications include a preface, it should be signed by both the person responsible in the applicant country and, for the Commission, the Delegate of the Commission to ensure that EU participation is made clear.

Such publications shall refer to the national and regional bodies responsible for informing interested parties.

The above-mentioned principles shall also apply to audio-visual material.

5. Special arrangements concerning billboards, commemorative plaques and posters

In order to ensure the visibility of measures part-financed by the Phare, Ispa or Sapard Programmes, applicant countries shall ensure that the following information and publicity measures are complied with:

Billboards

Billboards providing information on EU participation in the financing of the investment should be erected on the sites of all projects in which EU participation amounts to EUR 1 million or more. Even where the competent national or regional authorities do not erect a billboard announcing their own involvement in financing the EU assistance must nevertheless be announced on a special billboard. Billboards must be of a size which is appreciable to the scale of operation (taking into account the amount of co-financing from the EU) and should be prepared according to the instructions contained in the technical manual obtainable from EC Delegations, referred to above.
Billboards shall be removed not earlier than six months after completion of the work and replaced, wherever possible, by a commemorative plaque in accordance with the specifications outlined in the technical manual referred to above.

Commemorative plaques

Permanent commemorative plaques should be placed at sites accessible to the general public (congress centres, airports, stations, etc.). In addition to the EU logo, such plaques must mention the EU part financing together with a mention of the relevant Programme (Phare, Ispa or Sapard).

Where a national, regional or local authority or another final beneficiary decides to erect a billboard, place a commemorative plaque, display a poster or take any other step to provide information about projects with a cost of less than EUR 1 million, the EU participation must also be indicated.

6. Final provisions

The national, regional or local authorities concerned may, in any event, carry out additional measures if they deem this appropriate. They shall consult the EC Delegation and inform it of the initiatives they take so that the Delegation may participate appropriately in their realisation.

In order to facilitate the implementation of these provisions, the Commission, through its Delegations on the spot, shall provide technical assistance in the form of guidance on design requirements, where necessary. A manual will be prepared in the relevant national language, which will contain detailed design guidelines in electronic form and this will be available upon request.
