In December 2020, the Commission adopted a €70 million package of grants to help fund the access of Western Balkans partners to COVID-19 vaccines. To date over 4.7 million doses of vaccines have been donated by EU Member States or financed by this grant, which by Summer 2021 had covered the delivery of 650,000 doses of BioNTech/Pfizer COVID-19 vaccines to all the Western Balkans - funded by the EU and facilitated by Austria. In addition, COVAX has provided almost 2.8 million doses, making a total of almost 8 million doses of vaccines received via Team Europe and via COVAX. The Commission also has a project of over €7 million jointly with WHO, which has helped to support readiness for vaccination efforts and resilient health systems in the Western Balkans.
