

Municipalities (or equivalent local administrations) listed below have been agreed with each participating country (Department for Digital, Culture, Media & Sport) as the list of eligible entities to apply for the WiFi4EU scheme.

'Associations formed by municipalities' identified by each country and listed below can register on behalf of their member municipalities but will be required to separately submit the final application online for each municipality included in their registration.

Each voucher is awarded to an individual municipality as the beneficiary. Each municipality can only benefit from one voucher during the entire duration of the initiative. Therefore, municipalities selected for a voucher in one call cannot apply for any subsequent calls while municipalities that applied and did not get a voucher can try again if there is a subsequent call.
